BUENA VISTA The "basket" meeting here Sunday was a very successful, enjoyable and profitable one. A crowded house greeted President Hawley, of the Willamette university, who preached two excellent sermons, dealing sin and cowardness a hard blow. Large delegations from Clatsop, Monmouth and your city, arrived in good time for morning service, which was inspiring. Between twelve and one o'clock baskets were opened and dinner spread on the parsonage lawn where everyone had more than enough of good things to eat. Last of the dinner but not least, was a supply of strawberries, presented by Mrs. Geo. McLaughlin. Afternoon service began by some of the Independence singers leading in a few selections and the singing of an anthem, when Professor Hawley again addressed the congregation. Prof. Ginn, of Corvallis ably assisted in the music. The decoration of the church, had been very tastefully done by Mesdames Shives, McLaughlin and Coutt. All expressed themselves as being well pleased with the day's programme and frequent were the wishes for more such good times. Mrs. Wm. Moody has been very ill, but is in a fair way to recovery. Mr. E. N. Hall, went to Croston today to meet Mrs. Hall, who has been in San Francisco for several weeks. Mr. and Mrs. Williams are attending "Commencement" at the Agricultural college in Corvallis.

LOCAL AND PERSONAL. County court next week. Don't forget the fireman's ball on the 4th of July. Covenant meeting at the Baptist church, Saturday. Miss Cora Snell was visiting friends at Rickreall this week. The fireman's ball, on July 4th will be strictly a "400" affair. 8 big fresh loaves of bread for 25 cts. every day at J. P. Irvine's. O. A. Kramer, took a run to Portland, last Saturday, on business. H. D. Fisher left last Monday, via the Altona, for a visit in Illinois. Do you know that you can buy 20 lbs. of sugar for a dollar at J. P. Irvine's. James A. Crossen, is the newly appointed democratic postmaster at The Dalles. Prof. W. A. Wann, is now secretary of the State Normal faculty at Monmouth. President Carnot, of France was no more exposed to death than our own president is today. The steamer Altona will make hourly trips between Independence and Salem on Wednesday July 4th. Monmouth and Independence were well represented at Dallas, last Saturday, at the pioneers picnic. Wanted-Some one to bring in a dozen hens to pay on subscription. Leghorns preferred, for which cash will be paid. Prof. C. A. Hitchcock and wife, who were prevented from going East by the floods have about made up their minds not to go at all. Dean Tatom, of Monmouth, left last Monday for Portland to take charge of the engine which runs the type setting machines in the Oregonian office. The sawmill of Prescott & Veness as remodelled after the fire, is a better mill in every way and turns out several thousand feet more lumber each day. W. P. Connaway and W. L. Wilkins, who attended the grand lodge of A. O. U. W. at Portland last week have returned and report a very pleasant meeting. Dr. Lowe, the graduate optician is doing some very effective work in the way of adjusting glasses to those who were never able to get a correct fit before. Miss Alice Voss, a very talented young lady, who is a missionary worker among the children will be here Saturday next, and Sunday, at the Baptist church. Oh say! Do you want your wife to thank you as the finest man in town? If you do, just go to J. P. Irvine and buy her a set of that fine crockery, just received. Remember the value of glasses depend entirely on the skill of the optician. Dr. Lowe, is skilled. See him at the Little Palace hotel. His stay is limited to Saturday. As Pink Patterson and Joe Hirschberg were coming up from Rickreall, after attending lodge there, Pink broke the bar in his bicycle and had to come nearly halfway home on foot. Many of our citizens remember Dr. Lowe, the optician who is now in our city. He has come back to Oregon to stay. Will make his headquarters at McMinnville. He will return there, Sunday. Mr. F. B. Lewis, took a oolt down to the bank of the Willamette on last Saturday and it took a notion to swim the river and he had to hunt several days before he recovered it from Marion county. Last Sunday evening, "Children's Day" was observed in the Congregation church, and a short programme rendered by the children, and an interesting sermon by Rev. D. V. Poling, for the little folks. Several of our people want to see the dedication of the "White Temple," in Portland on Sunday July 31st, and an arrangement has been made for reduced fare down Saturday afternoon and return Monday by train. W. G. Hendricks, of McMinnville, was in town on Monday. He is interested in wheat and oat warehouses at McMinnville, McCoy and Independence; and said in his opinion wheat would be a much better price this fall than last. Senator Myers, of Linn county and his cousin, Miss Dr. Jeffries, of Salem, were in town a few hours last Tuesday. Mr. Myers says Linn county had too many populists for him, hence he was not re-elected senator on the democratic ticket. Wm. Dawson, a young and rising attorney of Heppner was visiting his sister Mrs. Powell, at Monmouth, on Saturday, and his mother, Mrs. Judge Dawson, accompanied him as far as McMinnville on his return home last Saturday. The residents of Monmouth had a chance to see whether the motor was of any benefit this week, when it ceased making trips from Tuesday until Thursday. The engine has been running all week every day for the past year, and repairs were needed so a "lay off" was ordered. The "Children's Day" programme at the Baptist church last Sunday evening was exceedingly well rendered, and the several recitations, songs, etc., were very interesting. P. W. Hawley, the superintendent of the Sunday school made an excellent address to the children. There were recitations by, Lola Stark, Bessie Taylor, Ann Mann, Mabel Allen, Dollie Wilkins and several class drills. The man who cries down Oregon must have but little conception of what an industrious and economical man can do here, for one of our townsmen came here four years ago without a dollar to his name. He now owns four lots in town, handsomely improved, and his four acres, including his lots, have trees set out and bearing him plenty of the most delicious fruits, and not a dime in debt. He is perfectly satisfied with Oregon, and cannot imagine how anyone can find fault with this country, or fail to make a good living, if not a competence, by the labor of his hands in any industrious employment. Oregon is good enough for him and will be for anyone who is industrious and economical.

Hops are looking well, and prospects were never better. Grand fireman's ball at the opera house on the night of July 4th. Best coffee in town only 25 cents a package at J. P. Irvine's cash grocery. Where do you buy thread; ten (10) spools for 25 cents, at the Racket store. With even a half acre of wheat this year Polk county will come out all right. Peter Cook, our road supervisor has done some good road work this year, only not enough of it. Miss Dora Cooper, has returned to her home here, from attending school at the university at Eugene. Miss Tutill and Miss Casavant, are visiting their homes in New York state, during the vacation. 200 lbs. fine Oregon lard at J. P. Irvine's. Bring along your pigs and get them filled way down cheap. It will be six months before Dr. Lowe, returns. Don't wait, see him about your eyes now. Eyes tested free. Judge Bonham was appointed postmaster at Salem, last week, and this selection gives the people of Salem satisfaction. Preaching services at the Christian church next Sunday, morning and evening, by the pastor, Rev. K. H. Sickafuse. Uncle Billy Wright is back again with his knife-sharpener, and will be in town for a few days. Billy is all "Wright." Sugar has advanced, but J. P. Irvine, the cash grocer, has lots of it left yet at the old price; so hurry along and get it while it is cheap. The executive committee should flood the country with programmes of the 4th of July. We are going to have an attractive celebration. Pink Patterson can always be found at his confectionery store with a choice line of cigars, candies and fruits, and selling them at the lowest prices. The fireman's ball on the 4th of July will be a grand affair. Fine music, good order and a genuine 4th of July dance. Tickets, \$1.00. Spectators, 25c. Farm for sale-One of the best 300-acre farms in Polk county-one mile from State Normal school; also 40 acres choice hop land. Apply to Eugene Catron, Monmouth. Lost-Two burners off a gasoline stove, on the road between Independence and Salem. Finder will please return same to the West Side office or send word. FISHER & VANDERGRIFT, Independence. Rev. J. Fred Jenkins attended the Willamette Baptist association at Amity on, Wednesday. Roland D. Grant, of Portland was there, returning from Corvallis, where he delivered an address to the graduates of the agricultural college. Some weeks ago our people were much alarmed at the myriads of caterpillars which were crawling everywhere, and wondered what damage they would do, but now they are all gone and no damage was done, and so it may be with the loose now on our wheat. Shall the republic do its own work? Is the title of the famous speech of Hon. J. P. Jones, U. S. S. of Nevada which has just been re-issued by the American protective tariff league. The speech makes a pamphlet of 96 pages, and is of great value. Send stamps to cover cost of printing. Address W. F. Wakeman, general secretary, No. 135 West Twenty-third street, New York. As if the record, which has proven to thousands that Ayer's Sarsaparilla cure was not enough, the World's Fair committee bestowed upon the most excellent blood purifier the distinguished honor of being the only preparation of kind not belonging to the class entitled patent medicines, secret nostrums, and experiments. Ayer's was the only Sarsaparilla admitted at the fair. And now another Oregon boy comes to the front, Harry Hopkins, who graduated from the University of Oregon last year, graduated from Oberlin college, at Oberlin, Ohio, in June. He will now go to Benita, Indiana, and take a position as principal of an academy there to which he has recently been elected. He is a son, of J. R. Hopkins, of Eugene. Oregon lads never take back seats. Witness the Monmouth Normal graduates taking high official positions. The writer in visiting San Francisco recently attended a performance at the Mid-winter Fair, at which a woman danced the "Serpentine dance" and whilst so dancing a cloud of illuminated pictures were thrown over and about her, among which pictures, was one of Cleveland, and when presented to the 2,000 persons in attendance, a great hiss arose from the crowd, but when the picture of ex-president Harrison was disclosed, one grand sound of applause was given, which proved that Harrison was still the idol of the people. Newspaper men are blamed with a lot of things they can't help, such as using partiality in mentioning visitors, giving news about some folks, and leaving others out. He simply prints the news he can find. Some people inform him about such, and some do not. A reporter should not be expected to know the names and residents of all your aunts, uncles and cousins, even if he should see them get off on the train. Tell us about it. Its news that makes the newspaper, and every man, woman and child can be an associate editor if they only will. A summer institute and conference in the interests of Indian education, will be held at Salem, Oregon, from July 23d to July 28th. All interested in the cause of Indian education are invited to attend. This invitation applies not only to government employees, but with equal cordiality and urgency to those who may be engaged in contract schools, independent mission schools, or in other schools, directly or indirectly interested in the work of Indian education, as well as to all persons interested in this important work. This announcement comes from Frank C. Armstrong acting commissioner, department of the interior, Washington, D. C. and was sent to this paper by James Galther, of the Silos agency. Middletown, Pa., April 14, 1891. Mr. Norman Lichty, Des Moines Ia. Dear Sir:-Please send me four dozen Krause's Headache Capsules. They are the best headache remedy ever handled. Yours, John W. Starr. For sale by Cooper-Alexander & Co. Take Notice. All persons are hereby notified to repair sidewalks and clean up streets in front of their premises. This is the order of the city marshal. This repairing and cleaning, must be done by the 4th of July. A. J. TUPPER, City Marshal.

Chas. Bell, of Dallas, was in town on Wednesday. Sheriff Wells and Plummer were in town Thursday. Pres. P. L. Campbell went to Forest Grove on Wednesday. M. S. Woodcock, the Corvallis banker, was in town Wednesday. Wild blackberries are reported unusually abundant this year. Japanese napkins, 20, 25 and 30 cents per hundred. At the Racket store. Mrs. John E. Miller, of Monmouth, returned from Portland, Wednesday. The Junior Endeavors, of the Christian church, had a strawberry social last Monday evening. Geo. W. Reed is no longer in the mercantile business, being succeeded by his partner, L. Kelso. The steamer Altona will make trips between Independence and Salem all day Wednesday, July 4th. We understand quite a delegation will come up from Salem, July 4th, to take part in the celebration. Miss Nora Cooper and Mrs. Talnages, of McMinnville, were visiting Mr. and Mrs. J. S. Cooper last Wednesday. Services at the Congregational church, morning and evening, next Sunday, by the pastor, D. V. Poling. James Hildebrand, of Airle, is suffering from blood-poisoning in his right leg, the after-effect of a ball on his knee. The State Normal school for the coming year, in spite of the changes made in the faculty, will have a large attendance. All our county officers take their places next Monday, and the state officials January 14, 1895, at the assembling of the legislature. You can get a fine white shirt, or a 7 cent straw hat at the Racket store, or a bottle of ink. These go nicely together. "See." Sheriff Wells is following the instructions of the county court in levying on all property on which taxes have not been paid. Rev. S. W. Potter will preach at the M. E. church next Sunday, morning and evening. A Sunday school will be organized at 10:30 a. m. Thomas Fennell has a first-class wagonmaker, who will do work in his line at the blacksmith shop. Mr. H. L. Ford is from Salem, and an experienced workman. A. E. Alsbaugh, of North Carolina, was in town last week looking for a location for a general merchandise store, and was well-pleased with the prospects of Independence. All those persons who intend pulling in the tug-of-war on July 4th, will please leave their names at this office. An opportunity will be given for practice to those applying. Misses Cora Fisher and Myrtle Miller went over to Turner on Thursday to bring back Mrs. Fisher and Mrs. Robertson, who have been at camp-meeting during the week. Last Tuesday evening the Baptist Young People's Union gave an ice cream and strawberry social on the church lawn, from which they netted about \$20.00. A short programme was rendered, consisting of anthems, solos by Miss Tillie Best and Minnie Clark, a recitation by Miss Daisy Clark and a male quartette. We this week present our readers with the West Side in an enlarged form. We do this on account of increase of paid-up subscriptions and the prospect of better times now dawning upon us. Should business still continue to improve, we hope to double the size of the paper. The subscription price will remain the same. Riley D. Cooper informs us that he already has written applications for reserves for over 100 hop pickers, and thinks he will have no trouble to get all he wants. Some of the hop raisers are considering whether they shall pay for the picking by the box, as formerly, or weigh the hops and pay by weight, but considering the temptation that will exist for putting clouds, rocks, etc. in the boxes, he thinks the old way will suit him best. Fifty cents is a small doctor bill, but that is all it will cost you to cure any ordinary case of rheumatism if you use Chamberlain's Pain Balm. Try it and you will be surprised at the prompt relief it affords. The first application will quiet the pain. 50 cent bottles for sale by all dealers. Mrs. J. B. Stump, one of the early pioneers of Oregon, continues to reside in Monmouth. She was born February, 23, 1855, came to Oregon with her father in 1844, and was married to David Stump, March 10, 1860. Mrs. Stump was the daughter of Aaron Chamberlain, who settled on the Luckiamute in 1844, and continued to reside upon the place settled on until his death. David Stump came to Oregon in 1845, and for sometime after his marriage with Miss Chamberlain he taught school in the little log cabin, the only school house of that day. He was elected and served a term in the legislature in 1847. He moved with his family to Monmouth, where he continued to reside up to the time of his death, which occurred February, 1886. Mr. Stump always took an active part in the cause of education at Monmouth, and contributed liberally of his time and means toward the erection of the brick building, now occupied by the Oregon Normal school. His son-in-law, professor T. F. Campbell was for a long time president of the Monmouth college, and occupied that position with entire satisfaction to the whole community, and to the patrons of the school. Middletown, Pa., April 14, 1891. Mr. Norman Lichty, Des Moines Ia. Dear Sir:-Please send me four dozen Krause's Headache Capsules. They are the best headache remedy ever handled. Yours, John W. Starr. For sale by Cooper-Alexander & Co. Take Notice. All persons are hereby notified to repair sidewalks and clean up streets in front of their premises. This is the order of the city marshal. People are fools to suffer when a remedy can be found to cure them. Oregon Kidney Tea is no experiment, and not a fake to get your money. Why will you hesitate, when we assure you that it is absolute cure for all kidney and urinary diseases. All the little girls, and older ones too, who are to ride on the liberty car on July 4th, are requested to meet the committee at the Baptist church next Monday afternoon at 3 o'clock, to receive instructions. No person in Independence can afford to make any "kick" at the coming 4th of July celebration. If you have any fault to find, go to the committee, and if you cannot get your own way, make the best of it. It does no good to tell outsiders of your troubles. John Gill, who has been a resident of Polk county for the past year, coming here from Mexico, will return to Lower California next November to work in the Trespacha iron mines, at a salary of \$10.00 a day (silver). Miss Susie Shaw, a relative of J. D. Irvine, is visiting here from Kansas City, Mo. She has taught in the schools there at \$55.00 a month for several years past, and says the principal is paid \$200.00 a month. She thinks Oregon wages in that line very small. Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 29th of May, while in Des Moines enroute to Chicago, he was suddenly taken with an attack of diarrhoea. Having sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for the past seventeen years, and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him. The excitement and change of water and diet incident to traveling often produce diarrhoea. Every one should procure a bottle of this Remedy before leaving home. For sale by all dealers. A New Pest. While our people have been congratulating themselves that prospects were most flattering for a bountiful harvest, and could only grumble at the weather, which has been rather damp; now, comes word from all over the country that a green parasite has infected the heads of wheat, and apprehensions are felt that it will result in a great lessening of the yield. We notice that as soon as the heads of grain get dry the insects drop off, and it may be that as the grain ripens the result will be the same and no harm result. When the hop-house, which this insect resembles, infested the hop-plant spraying was resorted to, but that is impossible in a field of grain. Our farmers will await the results with anxious fear. Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by all druggists. Cure For Crippled Children. The National Surgical Institute, No. 319 Bush St. San Francisco, successfully treats all cases of orthopedic surgery. The success of the Institute in treating all cases of curvature of the spine, diseases of the hip and knee joints, club feet, crooked limbs and bodily deformities as well as piles, fistula, nasal catarrh and all chronic diseases has made for the Institute a national reputation.
