WEDDING ANNIVERSARY.—On last Wednesday evening about thirty-five of the friends of Mr. and Mrs. J. S. Cooper assembled at their home for the purpose of assisting them to celebrate the twelfth anniversary of their marriage, called the silk and linen wedding. A most enjoyable evening was spent playing games, among them being the "Art Gallery," "Football Game," "Potato Game," etc., which were the source of much hearty laughter. An elegant luncheon was prepared of which the many guests partook very heartily. Mr. and Mrs. Cooper were the recipients of many beautiful presents of the regulation silk and linen material. At a late hour the company departed to their homes after wishing their host and hostess many more such anniversaries and happy returns of the pleasant evening which was spent.

LOCAL AND PERSONAL.

A MORNING PAPER.—As announced last week about April 14th a new paper will appear in Independence. It will be entitled the "Sunday Morning Record". The front page will contain the latest telegraphic, Associated Press news up to late Saturday night. The second and third pages will consist of telegraphic and miscellaneous matters of Thursday and Friday dates, while the fourth page will contain special items and extended mention of society happenings. The paper will go to press at 11 o'clock Saturday night and be delivered early Sunday morning in Independence, Monmouth and Dallas by carriers. This H. Bynum, a newspaper man of long experience, will take active management of the paper. It will have no connection with the West Side, and will be conducted entirely independent. From the fact that not a daily paper of any kind reaches this town early Sunday morning, it is thought possible to make this venture pay. We hope the citizens of Independence and vicinity will give it cordial support, as much depends upon a venture starting under favorable circumstances.

A WELCOME HOME.—Mrs. J. Fred Jenkins, who has been in Iowa for the past four months, recently returned to her home here. On last Friday evening a number of the members of her husband's congregation, of the Baptist church, met at her home and a very pleasant reception was held. Mr. E. M. Peterson, in a speech of much feeling, alluded to the recent loss of her father, at whose bedside she had been attending, and the sympathy extended to her in her bereavement and then in pleasing words gave her a cordial welcome back among us. A trio was then sung by Misses Julia, Ada and Lulu Locke. Mrs. Wilkin then delivered a reading on kindness, which was full of beautiful thoughts. After a song by all present Miss Eleanor McMillen recited in a pleasing manner, "The Lost Steamship." The fifty or more guests then spent the evening in a social way, lunch being served, and adjournment had at a reasonable hour. It was a very pleasant occasion and thoroughly enjoyed by all.

TOO MANY CUSTOMERS.—Last Monday, not being very busy in the job office, we conceived the idea that the business men of Independence might appreciate a neat pocket tablet for jotting down memoranda, and so printed what we supposed would be enough for several weeks, the advertisement at the top, three lines, being different on each one. Six thousand sheets were printed and bound in little books and it took over 200 tablets to go around town just once, or half of the 6,000 sheets. We intend printing some more and distributing them, but shall print 25,000 next time so as to have enough to go around and give all the same reading matter.

GO TO TEACH.—Last Monday Miss Bertie Whiteaker left on the Altona, on her way to Eastern Oregon where she will engage in teaching in Wamaek, a farming section about twenty miles from the Dallas. Horace Lake is principal of the school and Miss Whiteaker will be assistant. In 1875 the editor of this paper taught his first school in that settlement. Mr. and Mrs. Wm. Kelly, of this city, attended the school. Mrs. J. S. Cooper taught at Oak Grove, the adjoining district in 1881. It has been nearly forty years since we taught there and the country has changed greatly. Marion Vanduy, of this city, had a store at Vay valley, near there.

The people of Buena Vista expect the Altona to make the trip from Independence and will endeavor to make those visiting their town feel at home. Those wanting to go will please leave their names at the WEST SIDE office by Monday. The Altona will not go unless there are forty persons. It will be a pleasant trip and an excellent opportunity for our business men to renew acquaintances at Buena Vista.

WORKMEN AT MONMOUTH.—Wednesday evening a lodge of Workmen was organized at Monmouth with thirty members. There were several visitors from the lodge here, and McMinville, Salem and Corvallis. WOODMEN.—M. D. Roche, a special organizer of the Woodmen of the World, has met with phenomenal success in organizing lodges both here and at Monmouth. On Tuesday evening thirty-five charter members were organized into a lodge here, and on Wednesday evening thirty were organized into a lodge at Monmouth. It is a beneficiary order luring its members, on the assessment plan in sums of \$1000, \$2000 and \$3000 each, and erecting a monument over their graves at death. The lodge will be called Independence Camp No. 124. The following are the officers: Consul, Professor T. A. Hayes; adviser, S. A. Mulkey; clerk, J. C. Clodfelter; banker, E. W. Cooper; escort, George Strong; watchman, O. A. Kramer; sentry, R. D. Cooper; managers, U. S. Laughary, J. M. Vanduy, John Young; physicians, Ketchum, Lee and Babitt; past consul, G. A. Smith. E. S. Bollinger, of Salem, gave the new lodge an able address which was very highly appreciated. An excellent supper was served at the hotel which was heartily enjoyed by all, and during which several toasts were given for the new organization. Among the list of visitors who assisted in the organization of the Woodmen here we note the following from Salem: W. H. Breaks A. F. McAtee, Clyde L. Keller, W. H. Brown, W. H. Osborne, H. Thomas, E. S. Bollinger, E. M. Savage, M. S. Durbin, Geo. S. Reid, F. F. Lull, U. S. Kightlinger, S. C. Kightlinger, C. Beck, C. W. Barr.

TOO RAPID A RATE.—Information comes to this paper that a number of young men living on Soap Creek have been in the habit of riding along the public roads acting in a most scandalous manner, and shooting off guns and pistols without much regard to the feelings of others. One day last week they shot through the window of a farm house. The law-abiding citizens of that part of Polk are not going to stand such conduct much longer and if the boys know what is best for them they will behave themselves better in the future.

STEAMER GREY EAGLE.—The new and trim looking steamer, Grey Eagle, recently built in Portland, arrived at boat this place Thursday morning. The steamer is 110 feet long and twenty feet wide. She is just up for a trial trip and a little business at Corvallis. This cabin is not yet finished and it is not known how many passengers she will be allowed to carry; probably about fifty or sixty. The Grey Eagle is to run on the upper river and will not draw much water.

EASTER SUNDAY.—April 14th, is Easter Sunday. It will probably be observed in all the churches. In the Baptist church there will be special Easter exercises by the Sunday school in the evening.

STARCH FACTORY.—The starch factory started up yesterday (Thursday) for the manufacture of its excellent quality of starch. Mr. Blum tells us that he will soon take in a partner and do a more extensive business.

SHOT HIS FOOT.—Last Saturday afternoon Ellis Davis, living at Geo. Macaulay's, below town, accidentally shot his foot. He had the muzzle of the shotgun resting on his toes, and not knowing the hammer was cocked pulled the trigger with above result. Two of our physicians attended on him and found the foot badly lacerated. The second toe was amputated but the others were saved. Mr. Davis is getting along as well as could be expected under the circumstances.

An observant stock man says that it pays best to sell beef cattle at between two and three years of age, the increase in value being slower and more costly after that age. An Eager and a Nipping Wind.

A continuous down pour of rain, inclement weather, generally in winter and spring, are unfavorable to all classes of invalids. But warmth and activity induced into the circulation counteracts these influences and interpose a defense against them. Hostetter's stomach Bitters, most thorough and effective of stomachics and tonics, not only enriches the blood, but accelerates its circulation. For a chill, or preliminary symptoms of rheumatism and kidney complaint, particularly prevalent at these seasons, it is the best possible remedy. It is also invaluable for dyspepsia, liver complaint, constipation and nervousness. Never set out on a winter or spring journey without it. Elderly persons and the delicate and convalescent are greatly aided by it.

The privilege to rob the poor sailor is taken from the Frisco boarding master. The sailor boarding house keepers at San Francisco are in despair. The recent act of congress has knocked them out and their vocation is gone. Congressman McGuire secured the passage of an amendment to the act of 1890 relating to the shipping of seamen before the United States commissioners. The clause that burts the boarding master is: "provided, that the clothing of any seaman shall be exempt from attachment and that any person who shall detain such clothing when demanded by the owner shall be liable to a penalty of not exceeding \$100."

From time immemorial it has been the custom of the water front boarding house masters to hold the sailors clothing for board, and thereby secure blood money.
