A STRANGER BELLOW SWIP

Germany, Russia and France.

The Germans Taken Back Completely.

The Emperor Brought About the Combination—Several Items of Foreign Intelligence.

(Copyright 1895 by the Associated Press.)

BERLIN, April 27.—The curious spectacle of Germany in an armistice with France and Russia in respect to the far east has completely taken the Germans aback.

Germany has never been in such a difficult position before the war of 1870.

According to trustworthy information the emperor himself is responsible for this turn of events.

It must be admitted he made a error in the same policy.

Germany is acting in concert with Russia against the natural inclination, which is amply shown in the comments of the French newspapers.

The French government, in entering into a combination with Germany.

The important part which the emperor took in bringing about this situation is pronounced in his previous exploits on autocratic Germany's policy.

Germany's policy was non-intervention in the affairs of the far east, unless her interests were directly involved.

LOOKS AFTER STAGE FOLK.

Mrs. A. M. Palmer, the wife of the theatrical manager, one of the most charitable of women in New York.

Charity has always been a fad with her, and her particular charge are the poor broken-down people of the stage.

An actor or actress worn out with age or sickness has never applied to her in vain.

Many of them have been placed in costly hospitals at her solicitation and expense, and when they were ready to begin the battle of life anew, her purse has often given them the necessary start.

Mrs. William Tod Helmuth, the president of Sorosis, which is popularly supposed to be the largest hospital in the city, has no other hospital in the city.

It was established in the year 1852, and is now in the hands of the Sorosis Society.

It is a memorial to her husband, who died a year ago.
