The English are solidly supporting Mr. Cleveland's anti-American policy towards the English occupation of Nicaragua's territory. "For five years, I was a great sufferer from a most persistent oblood disease, none of the various of medicines I took being of any phelp whatever. Hoping that ochange of climate would benefit ome, I went to Cuba, to Florida, or and then to Saratoga Springs, where I remained some time of drinking the waters. But all was on on use. At last, being advised oby several friends to try Ayer's osystems. Sarsaparilla, I began taking it. and very soon favorable results were manifest. To-day I consider myself a perfectly healthy man, with a good appetite and not the least trace of my former complaint. To all my friends, and especially young men like myself, I recommend Ayer's Sarsaparilla, if in need of a perfectly reliable blood-purifier." — Jose A.
