

Official Paper of Polk County.

THE WEST SIDE.

ISSUED BY West Side Publishing Company

THURSDAY, MAY 30, 1895.

LOCAL AND PERSONAL.

To MEET SATURDAY. - The hop growers of Polk county meet in the city hall in Independence Saturday at 10 a. m. to complete the permanent organization of their association. A large number of interested growers is expected and matters of much importance will be discussed.

Quite an affecting little scene was witnessed one day last week upon the arrival of the morning train. Isaac Howard, of Smithfield, Ill., accompanied by his wife, arrived here from his Eastern home and was met at the depot by a number of old friends.

On Monday evening the friends of Rev. and Mrs. Crawford gave the new pastor and his wife a surprise and reception at the Presbyterian manse. A very enjoyable evening was spent and numerous testimonials of regard in the shape of canned fruit, sugar, butter, tea, etc., were left in the manse with thanks from Mr. Crawford and wife.

The WEST SIDE job office has been leased to Mr. Gus H. Bynon, an experienced printer of many years, who will be pleased to receive all business offered and promptly fill all orders at lowest rates and to the satisfaction of patrons. The WEST SIDE office is prepared to do all kinds of work from a calling card to a full sheet poster.

F. A. Link, a prosperous farmer living north of town brought in some samples of wool which came from his little band of sheep. His ewes sheared from 14 to 21 pounds each, and some two lambs 9 months old sheared 12 to 15 pounds each. The wool is from 10 to 14 inches long and of excellent quality.

The readers of the WEST SIDE should patronize those who are patrons of this paper. The example of a lady who went to trade, is worth mentioning. She carried the advertisement of the firm with her and demanded goods at the prices enumerated, and she got them. A merchant is pleased to know that his advertisements are read.

Mrs. Graves, living in North Independence, felt greatly aggrieved the first of the week over the black eye which her son got, while fighting with Clarence Fuller. We do not know the whys or wherefores of the altercation, but there is no doubt but that the other boy was bigger or else a better fighter.

The very entertaining program of the Salem Social Club will be rendered at the opera house Saturday evening, by the leading ladies, of Salem, by the benefit of the Athletic Club of Independence. It proved a great success in Salem, and will undoubtedly meet with a hearty welcome here.

J. A. Veness leaves Friday for the East to be gone about two months. He will visit Minneapolis, Milwaukee (Chicago), and New York, and may go as far as his old home in New Brunswick. Mr. Veness has been a hard worker for many years and has earned this rest from business.

Cast your vote at Clodfelter Bros., at 1 cent each, for the most beautiful or popular young lady in Polk county, to become queen of the roses at the Rose Fair, to be given the 13th and 14th of June, by the ladies of the Presbyterian church. The voting will continue all next week.

Last Monday James Lotan and Seid Beck, of Portland, were convicted of smuggling Chinese into the United States, and will serve a term in the penitentiary. Mr. Lotan is greatly depressed, being 62 years of age and a man of prominence in Oregon for 30 years.

E. E. Paddock was packing his household goods this week and inquiry made elicited the fact that he leaves soon for Milwaukee, Wis., to remain indefinitely. He says he wants to be with his relatives, but expects to return to Oregon—of course he will.

Lake Dorris, who has been sick for the past three weeks was able to be about again Monday and come down to the store of R. M. Wade & Co., where he is employed, but is still too weak to stay very long. His sickness made a great change in his appearance.

Host Stark, of the Little Palace Hotel, will give an elegant ice cream and strawberry supper this Thursday evening at 8 p. m., to the Independence Brass Band. If you hear some music around there today you will know the boys smell the strawberries.

It was a great disappointment to the Athletic club last Saturday, and the teachers of Polk county to be compelled on account of the rain to postpone the picnic, but it had to be done until Saturday June 1st. We hope a successful meeting will be held.

J. A. Mills is at McMinnville attending to business connected with his branch store. J. P. Irvine, who has a store at McMinnville was here lately to see after his branch store in Independence.

Word was received here Wednesday by telephone from Salem that Miss Patie Cooper had been hurt at Zena, and for some one to come down at once. E. W. Cooper and wife drove down. The Kelley livery stable on north street has added several new buggies and carriages, also has repainted the old ones, and is now better than ever prepared to cater to the public.

Leon Martin living north of Independence, brought ripe cherries to town May 25th. He says he has just one tree ripe, but they are far ahead of any other variety in the orchard.

Elder J. J. Moss, who lived at Monmouth several years ago, died at Seattle, May 15th, aged 88 years. He was the oldest G. A. R. member on the Pacific coast.

When you want a first-class team, for pleasure, riding or for business, call at Kelley's livery stable on north Main street, Independence.

Dr. H. B. Stanley with his little son Leo and daughter Maggie, of Dallas, made this office a pleasant call Wednesday.

Try one of those 15-cent dinners set out by Billy Castor, at the lunch counter, adjoining the Gem saloon.

Matsuri has arrived and will appear at Vanduyne, Veness & Wilcox store next Saturday. Be sure and see it.

G. H. Tharp, of North Suver, came down Tuesday, with his trotting mare for treatment by Doc Young.

The people of Independence have been very loyal patrons of Salem steam laundries thinking perhaps that there are no other laundries to compete; but the Star Laundry, of Portland, has given the agency to D. B. Byrd-ton, and hereafter you can get better work done for the same prices. Mr. Byrd-ton will call for your washing, and deliver the same when returned from the laundry. It will be a great convenience and the work will be better done than our people are getting now.

THEY WERE WHITE.

Why it Pays to Be An Indian in America.

There was considerable comment made recently when quite a crowd of Clewapa Indian boys came over from the Indian school, near Salem, and were accompanied by about the same number of girls; not on account of their being trusted out together but because quite a number of the girls were so white, that, if met in different surroundings would never be taken for Indians. Some of the girls were really handsome; fair skinned, tall and well formed. At first thought it seemed strange that they should be compelled to stay with Indians, but it seems they do so from choice and not compulsion. The reason given is that Indian children are better treated at our own sons and daughters. They are clothed, fed, and educated, all at the expense of the United States. The very best instructors are secured, a pleasant home is furnished and the Indian girl willingly leaves her home to go to school. If she were of our own blood she would not be so fortunate in receiving an education as she is as an Indian girl.

The children, going home from school, cut stick horses to ride so that they would not tire while taking such long walks. The girls made rag dolls and played games. They learned to talk "Chinook" or "Largon" with the Indians. Our parents worked, enjoyed and behaved the best they knew how. They founded a civilization that people from the older states, with greater advantages, are glad to emigrate to where their lives and fortunes may be protected.

The following essay upon the above subject was written by Miss Vera Goff and read at the graduating exercises held in this city May 10th. It treats of a phase of pioneer history seldom touched and is especially interesting from the fact that the writer is a daughter of one of the class she writes of.

MOONEY LOANED. First Mortgages on Improved Farm Property Negotiated. We are prepared to negotiate first mortgages upon improved farms in Oregon, with Eastern parties at a rate of interest not to exceed 9 per cent per annum. Mortgages renewed that have been taken by other companies. Address, with stamps, MERRIN SWARTZ, Baker City, Oregon.

In An Early Day. This a new country, compared with Europe or even the Eastern states. Every once in a while you get a reminder of that fact in much the same way that the writer did last week. In talking to Thos. Jeffries, an attorney of Eugene City, it came out that he was an old resident of this place—that is, not as regards his own age, but compared to the town; for Mr. Jeffries was born where the business portion of Independence now stands, only long before there was any thought of building a city this side of the slough. As Mr. Jeffries is by no means an old man it would rather appear that Independence is a giddy, thoughtless young thing herself—but she is daily overhauling that falling.

Of Interest to Apatists. The bespeakers of this vicinity will be glad to learn that they can now get all their supplies from home merchants. Mr. Sherman, the well known apatist, has placed agencies for his bee-supplies with Knox, the grocer, who has on hand a full supply of sections, stands, foundation, smokers, etc., at rock bottom prices.

Camp Meeting at Turner. The Turner convention of the Christian church will commence June 21, and hold over June 30. It promises to afford a rich spiritual feast for all who attend. There are to be ministers from other states and new men out of Oregon. The seating and rostrum are to be so arranged as to supply a fitness between the speaker and his audience. On Sunday, the 23rd and 30th of June there will be a gate fee of 10 cents charged all but the campers. Campers will have the privileges of the ground, wood and straw during a ten days camping for \$1. per camp. There will be a restaurant and dining hall with every thing to suit in price, quality and quantity. The music will be the best that city choirs and a choral union can afford. The beautiful and shady grounds and the great tabernacle are attractive to themselves. All would do well to go to Turner and stay through the convention. You will gather true worth in new ideas of Christian service and brotherhood. The different departments of church work will have separate days for planning and determining upon work and methods of work. Go and get the force of a wave of spiritual uplifting that will bear you over the snags, bars and rocks of enmity, despair and indifference. You will then return to the duties of life with a whole heart dress and brightness in your pathway shining into a better day.

J. B. LISTER, Cor. Sec. O. C. M. E. Any one who has ever had an attack of inflammatory rheumatism will rejoice with Mr. J. A. Stumm, 229 Boyce Heights, Los Angeles, over his fortunate escape from a seige of that distressing ailment. Some months ago, on leaving the heated work room, to run across the street on an errand, he was caught out in the rain. The result was that when ready to go home that night he was unable to walk, owing to inflammatory rheumatism. He was taken home, and on arrival was placed in front of a good fire and thoroughly rubbed with Chamberlain's Pain Balm. During the evening and night he was repeatedly bathed with this liniment, and by morning was relieved of all rheumatic pains. He now takes special pleasure in praising Chamberlain's Pain Balm, and always keeps a bottle of it in the house. For sale by Alexander-Cooper Drug Co.

Dr. Price's Cream Baking Powder. Awarded Gold Medal Midwinter Fair, San Francisco. Floral Decorations at the White House. Of all the flowers used on state occasions at the Executive Mansion, orchids are considered the most beautiful and effective, and generally grace the highest of the President's social functions. For instance, in determining

upon the floral display for a diplomatic dinner, Mrs. Cleveland is informed as to the best the conservatories can afford for this occasion. After deciding upon the flower to be used (as the decorations are generally all of one kind), Mrs. Cleveland expresses her preference to the head gardener, who thereupon holds a consultation with the steward, who arranges that the flowers, the lampshade, and the ribbons for the table shall all be perfectly harmonious. In case the *Cypripedium insigne* is chosen for dinner, the table is banked and massed with them, a corsage knot is placed besides the plate of each lady, while a single flower is provided as a boutonniere for each gentleman.—From "Some White House Orchids," in *Denore's Magazine* for June.

HEART DISEASE 30 YEARS! Short Breath, Palpitation. Mr. G. W. McKinsey, postmaster of Kokomo, Ind., and a brave ex-soldier, says: "I had been severely troubled with heart disease ever since leaving the army at the close of the late war. I was troubled with palpitation and shortness of breath, could not sleep on my left side and had pain around my heart. I became so ill that I was much alarmed, and fortunately my attention was called to Dr. Miles' Heart Cure."

SECRETARY OF STATE GRESHAM. Died at Washington Last Tuesday. Secretary Gresham died at 1:15 o'clock Tuesday morning at his rooms at the Arlington house. Although his recovery was practically abandoned when his spell occurred a little before 6 Monday evening, the most powerful heart stimulants known to medical science were injected periodically, and an infusion of normal saline solution was made through an open vein in the arm. He recovered slightly, but owing to severe rigors just before 11 o'clock, he began to fall rapidly and his vitality began to ebb. The three physicians saw that the end was near and at 12 o'clock withdrew to the ante-room, leaving in the sick-room only the members of his family and the nurses.

Whoooping Cough. There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquefies the rough mucus and aids its expectoration. It also lessens the severity and frequency of paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by Alexander-Cooper Drug Co.

Painting or Drawing. Any one desiring to take lessons in oil painting or pastel drawing would do well to call on Mrs. F. E. Griffith, C street, and examine her work.

Dr. Price's Cream Baking Powder. World's Fair Highest Award.

Memorial Services. The memorial services on last Sunday under the auspices of the G. A. R. were not held in the city park as it rained nearly all morning, but were held in the opera house, where a large audience congregated. The exercises were under the management of J. L. Stockton, the Post commander, Rev. O. B. Whitmore, of the Congregational church, delivered an interesting opening address followed by Rev. Lister, of the Christian church, in prayer. Rev. Crawford, of the Presbyterian church, then spoke for a few minutes. His remarks were listened to with marked attention. The singing was by the choir and congregation.

Major Hurley Didn't Pray. Those who are acquainted with Mayor Hurley enjoy immensely the joke on him at the memorial services. Being mayor of the city he was invited to a seat on the stage with the other guests. As the time came for a prayer to be offered, one of the ministers looked around to see some person likely to lead in prayer. The pious look of our mayor encouraged him to say "Bro. Hurley, you will lead in prayer?" Mayor Hurley looked wild as he said "Oh, No!" Mayor Hurley said in speaking of the occurrence, that he did think he could at least take up a collection, but when he tried later on he failed too, as his own quarter was the only one in his hat.

NEW TODAY. A New Jersey electrician claims to have discovered how to make light without heat. He says the new light will be put on the market in sticks, like circus candy, and can be put around in the vest pocket. Big claims, those, but nothing seems impossible in this age.

Why don't you try a meal at the City restaurant, in place of spilling your Sunday by cooking a hot dinner. It looks like somebody in the Florida legislature was trying to "strike" Ham. Diston, who bought from the state and drained 4,000,000 acres of swamp land. A legislative committee has been appointed to investigate the purchase.

When you want a good meal for 25 cents, go to Strong's restaurant, Westcott & Irwin, proprietors, Salem, Oregon.
