Dooty and wife and baby were all at Albany Sunday visiting Mrs. Dooty's father, C. O. Lee. The WEST SIDE job office is right in the swim when it comes to doing good work. Gus Hurley, Mrs. Smith and Miss Berdie Getchell, left on the Altona last Monday for Portland. You can get six good square meals for \$1 at the City restaurant, cooked by white women. Mrs. Carey Howe, of Portland, was visiting here over Sunday, and went to Portland on Monday's Altona. You can get Tribly belting and belt buckles in latest style, at Vanduyne, Veness & Wilcox. J. R. N. Bell says Independence is the best town in Oregon by all odds excepting his town Baker City. When you want to take a ride don't forget that Kelley has fine driving horses and good rigs. Nick Tarrar, the Peedee teacher, was buying some material here Saturday for a new hop house on his land. The special attraction at the Bon Bon parlors these warm days is the delicious soda water in all flavors. Mrs. John T. Ford and her children spent a few days this week at Rickreall visiting Judge Burch and family. All job work done at reasonable prices at the West Side job office. Neat and artistic work a specialty. Vanduyne, Veness & Wilcox sell a carload of sugar at wholesale each month, and save customers 17 cents a sack. Mrs. Dice, now living in Salem, was in town Monday, and was interviewing Justice Irvine on some law problem. Mrs. R. H. Wilcox will return from Lamar, Colorado, about July 1st. She has been there for her health, which is improved. Why don't you try a meal at the City restaurant, in place of spoiling your Sunday by cooking a hot dinner. Wm. Williams, of Airlie, was in town Saturday. He says he is getting their--but appearances are against his statement. 100,000 pounds of wool wanted by Geo. E. Brey, Independence, for which the highest market price will be paid. W. O. Cook, H. R. Patterson, Sol Stump and E. Hammer left last Monday for a hunting and fishing trip out on the Luckiamute. When you want a good meal for 25 cents, go to Strong's restaurant, Westcott & Irwin, proprietors, Salem, Oregon. J. B. Baldwin of this city and David Baldwin, his brother at Buena Vista, left last Tuesday for a fishing trip out on the Luckiamute. J. W. Bentley has just received a line of ladies' beautiful oxfords, and asks an inspection. Also a very fine line of tennis shoes. To see the number of letters mailed at the train every day accounts for the decrease in the revenues of the Independence post office. For first-class lumber and reasonable prices call on Sutor's lumber yard, Monmouth. Call and examine and get prices on lumber and be satisfied, before buying elsewhere. Mrs. Dr. Davidson, who had a difficult surgical operation performed last week by Dr. Ketchum and Butler, is getting along nicely. Kelley's livery stable on north Main street has added several new buggies and carriages, also has repainted the old ones, and is now better than ever prepared to cater to the public. H. B. Theilson and A. Kosler, of Rickreall were in town Saturday. That long maned black horse of Mr. Theilson is a fast stepper. Hall's Hair Renewer renders the hair lustrous and silken, gives it an even color, and enables women to put it up in a great variety of styles. J. R. N. Bell, pastor of the Presbyterian church of Baker City, arrived here Saturday and is a guest of his son-in-law, John Richardson Jr. The German picnic on Prospect hill east of town last Sunday, was attended by quite a number of people, who wanted to help punish the bear.

Last Sunday evening a vote came up in the Baptist Young Peoples' Union, to adjourn meeting until October next, but it was voted down, by four votes in one. On account of the district campaigning at Jefferson, Rev. L. S. Fisher informs us there will be no services at the Evangelical church, of Monmouth, next Sunday. The selection of Prof. P. M. Powell to again teach in the Normal school gives the greatest satisfaction to the old students and most of the officers of Monmouth. The Independence Tile factory, McCabe & Muhlman proprietors, was turning out some fine tiling last week. The market for tiling is on the increase with this firm. Joe Craven brought to town last Monday some samples of Coltwaloo fleeces, which were 14 and 17 inches long, and the clip averaged 15 pounds to a sheep. Oregon is all right. The Normal Institute is in session at Monmouth this week with Prof. Ackerman, of Portland and Professors Bale-m, Buckham and Miss Cassavant, from the Normal, as instructors. The circus is on the way and soon the small boy will be happy in seeing the elephant and the rhesus monkey and the funny clown. Times are never too hard to spend money for a circus. Miss Lena Pagenkopf, who has been teaching at Wells, and will again this fall, came over from Albany last Monday on her bicycle arriving here by 10 a. m. and visited Miss Patie Cooper. D. B. Taylor and wife and daughter Besse, L. C. Gilmore and wife and daughter Edna, and D. A. Hodge and family leave next week for a few weeks outing near Ales, below Yacquina Bay. Our hint to our subscribers last week that a small supply of the "needful" from each of them would not compass had a salutary effect, and we hope the good seed sown will continue to bear fruit. Matt and Margaret Fenton, of Portland, were visiting friends last week. Miss Margaret, whom her friends remember as a little girl, has budded out into a very beautiful and graceful young woman. W. J. Demorest, who was so well known as clerk for Vanduyne, a few years ago, has been farming out on the Luckiamute. Jack was in town Sunday looking strong and hearty, and says he enjoys farming. If those persons who owe this paper will only drop in and pay, even a small part on their subscription it will be very acceptable and we will surely try and find something pleasant to say about them. Misses Edith and Berdie White, daughters of M. L. White, now living at University Park, Portland, were visiting Miss Rosa Richardson last week, and are now at Falls City, visiting their aunt Mrs. Carey. W. O. Cook has traded his partly completed residence off to Fred A. Dooty, for the brick where Craven had his harness shop. He intends adding quite an addition, and moving his furniture store there this fall. Commencing last Sunday the Oregon-California train on the East side leaves Portland at 8:50 p.m. arriving at Salem at 11 p.m. Salem is to have a fast express train leaving Portland at 4 p. m. and reaching Salem at 6:35. Lumber is selling at \$4.50 per thousand at Falls City. It costs \$3.00 to get it out to market now, and is impossible in the winter. What a splendid thing a flume for floating lumber, or a railroad would be for those people. Mrs. Angeline Watson, a Normal graduate of '95 and her sister Miss Viola Scully, left on Monday for their homes in Moscow, Idaho. Mrs. Watson has engaged to teach the Oak Grove school in this county, this coming fall. The steamboat Modoc passed Independence Thursday evening on her way up the river. When passing the mouth of the Santiam, above Buena Vista, she ran on the sand and lay there all night and until noon the next day. If a man once gets into any one line of business he generally remains there until he gets rich enough to retire or else stays because he can't get out. There are many cases where a change would be beneficial but it takes nerve to make radical changes. In all the societies of Independence devoted to insurance on lives were called upon to demand the amount of insurance would crawl close up to the quarter of a million dollar mark. The lodges of Workmen, Woodmen and Macabees are all flourishing in Independence. The WEST SIDE wants correspondents, those who will send us regular contributions. If however you, who are readers of this paper, cannot write more than once a month, the article will be welcome. Send copy in by Tuesday. When it arrives later it is sometimes crowded out. Wm. Riddle, a prosperous Scotch farmer, living back of Monmouth, where he has a beautiful home, and well improved farm, was in town Saturday. He says the English farmer just now is making more money than the American. He gives as a reason the fact that there is a home market for the English farmers' produce. The manufacture of brick in J. R. Cooper's brick yard commenced last Monday. There are 160,000 bricks on hand and 300,000 more will be burned. Mr. Cooper says the yard needed a great deal of new material in the machinery, line as children had packed away so many small things about the machinery. It has been a year since any brick has been made. There is no doubt but that the river Willamette is getting to a low stage of water. Last Friday the steamboat Altona left the wharf here with a few tons of freight and seventy passengers, being mostly students going home from Monmouth. When about one and a half miles down the river the boat ran on a sand bar and in spite of all efforts was unable to get off. It was about 7 a. m. when the boat went on the bar. At four o'clock in the afternoon the Modoc came along and assisted the boat, so that at 5 o'clock the Altona proceeded on her way.

When you want choice fruits to serve and go to the Star Grocery. M. S. Woodcock, the Corvallis banker, was in town Monday. Get a duck suit only 12 cents per yard now at Vanduyne, Veness & Wilcox. Crooked ties are being unloaded at the depot for repairing the railroad. Who about that wigwag? Are the people going to do anything about it? Wm. Scott was called Tuesday to the bedside of his sick brother below Salem. About July 1st, all the hop yards will need no more work until hop picking time. Comma Wells intends moving back to his farm adjoining Jasper Rhodes this week. Arthur Wilson, of Salem, came over Tuesday on his wheel and renewed old acquaintances here. Geo. Wells Jr. rejoiced in the arrival at his house, near Buena Vista, of a fine boy, born last week. The salary of the Dallas, not The Dallas, postoffice was decreased from \$1100 to \$1000 next week. Ladies' pearls shirt-waists \$1 and \$1.25 each--will fit any lady. Vanduyne, Veness & Wilcox. Salem is going to rival any other town in the northwest in the extent of its 4th of July celebration. M. L. Thompson, the druggist of Falls City, came down Tuesday and made a short stay in town. Miss Fanny Mann, of Zena, and Miss Mattie Longacre, are attending the Summer Normal at Monmouth. J. G. Van Orsdel has a fine young orchard and some of the young trees have phenomenal buds of fruit. Trams were at work this week making a better grade down to the gravel bed, so that larger loads can be hauled out. Charley Irvine was treating his friends last Tuesday, on account of the arrival of a girl at his house, on Tuesday. D. B. Taylor's hop house, to the American bottom, is nearing completion. Claggett & Fuch are doing the work. Misses Essie Robertson, Jessie Damon, and Little Middleham went over to the Turner campmeeting last Wednesday. Miss Bertha Landes, of Monmouth went down to McMinnville last Tuesday, thence will go to Portland to visit friends. Gus H. Bynon took his family back to his former home in Nehalem valley this week. Mr. Myron will return to Independence. E. G. Heath and wife, of Portland, came up on the Altona Tuesday evening, and are visiting Mrs. Heath's father, J. E. Elkins. L. C. Gilmore, our water works proprietor, has been taking out some defective mains and replacing them with much heavier iron. The Independence saw mill, of Prescott & Veness, is rushed with business and is turning out lots of lumber of good quality. W. A. Wash, of the Bemier, was here over Monday night. Mr. Wash does not often visit Independence, this being the first in two years. M. A. Baker's sow had eight piglets last Monday, his hen hatched out seventeen chicks and his dog had seven pups, all in one day. It is good news for the jaded newspaper men that new order beds have been discovered on Yaguina Bay as they get there this July for a visit. E. Hofer, of the Salem Journal, was in town Tuesday evening. He delivered a lecture before the teachers at the Summer Normal, Monmouth. Oregon has 64,567 boys and 62,308 girls between the ages of 4 and 20. It seems there are more boys than girls but the girls make the most show. The Southern Pacific railroad is putting all its station houses in thorough repair, and repainting them. It pays to keep property in repair. The pencil pushers of Oregon will meet at Newport this year as a press association. It is an appropriate place of meeting, as whales are abundant. Valley Lodge No. 42 I. O. O. F. elected officers last week as follows: W. H. Wheeler, N. G.; J. A. Mills, V. G.; Allen Cooper, Sec.; G. Claggett, Per. Sec.; A. J. Goodman, Treas. The energetic members of the Christian Endeavor, of the Christian church here organized a branch Endeavor at Parker last Sunday, with Miss Bradley as president and Miss Calbreath as secretary. T. B. Huntley, our supervisor, has done some splendid work on the washout near J. Hirschberg's hop house on the road to Salem. Mr. Huntley may justly look with pride on that work for it is well done. Wright Smith, of Lewisville, was in town Tuesday. He reports wheat, oats and hops looking well. Apples will be a light crop, owing to extended cold weather. Haying will commence next week and the yield will be large, and quality good. Cheat hay will be the principal crop. Among the teachers selected in the Portland schools this week, we notice the following Normalists: Miss Inez Hamilton, Miss Maud A. Pittenger, Miss Virginia Goodwin, Ivy Robinson, B. C. In Portland three young ladies, Miss Cora Baker, Miss Florence Thomas and Miss Annie Downing have been nominated for the goddess of liberty at the coming 4th of July celebration and the one receiving the most votes, at 5 cents each, will be the goddess. They are all selected for their particular fitness for the position. We miss our guess however if Miss Baker does not get the most votes, and a very pretty girl she is too.

County court meets next week. Is this weather warm enough for you? You will be taken with those fans at the Baker Store. Cash paid for poultry and eggs at the Star Grocery. ARE MATRIMONIALY INCLINED. Young Ladies Want to Go On the Stage so As To Get Rich Husbands. Since Loretta Addis left the stage to eat her fortune with Lord Sholto Douglas, and Genevieve Nanberry took the foot lights to become the wife of Irving Blinn, a millionaire's son, local theatrical managers of San Francisco have been overwhelmed with applications from young women who desire to go on the stage. The applicants represent all grades of society, but the greater number are said to be girls of excellent families and daughters of society people. "I never saw so many stage struck girls in my life as there are right here in San Francisco," said S. H. Friedlander, one of the managers of the Columbia theater. "I attribute it all to the success of the California actresses, professionally and matrimonially. There is no doubt the marriage of Loretta Addis and Genevieve Nanberry have made a great impression on the young ladies of this community. During the last few weeks we have had so many applications that I don't know what to do with them. Not all girls who want to adopt the stage have matrimonial aspirations. There are many who are really desirous of becoming clever actresses. Of course you know what it is to be a good actress. It is a pleasant life, a girl is well paid and has attention, and taking it all together it is an attractive kind of existence. Girls realize this, and I do not blame them for wanting to enter the profession. California girls are singularly adapted to the stage. They are, as a rule, graceful, vivacious and well developed, and more taking on the stage than Eastern girls. If a California girl has talent she has the preference in the East. A company that visited here recently took 30 San Francisco girls for their ballet. The girls were crazy for the stage, and as they were attractive, the company was glad to get them."

EASY TO TAKE AND PAINED IN THEIR ACTION. AYER'S PILLS. Never fail to relieve Dyspepsia, Constipation, and Headache. "I have proved the value of Ayer's Pills in relieving dyspepsia and headache, with which complaints I was long troubled that neither the doctor nor myself supposed. I should ever be well again. Through the use of the above medicine I am better than I have been for years." A. GASKILL, Versailles, Ill. "I have used Ayer's Pills for 15 years as a cathartic in liver complaint, and always with extremely beneficial effect, never having had need of other medicine. I also give Ayer's Pills to my children, when they require an aperient, and the result is always most satisfactory." A. A. EASTON, Centre Conway, N. H. "Having been severely afflicted with constiveness, I was induced to try Ayer's Pills. Their use has effected a complete cure, and I can confidently recommend them to all similarly afflicted." C. A. WHITMAN, Nipmuc, Cal. AYER'S PILLS. Received Highest Awards AT THE WORLD'S FAIR. Dr. Price's Cream Baking Powder. World's Fair Highest Award.
