

Official Paper of Polk County.

THE WEST SIDE.

West Side Publishing Company

THURSDAY, JULY 11, 1895.

LOCAL AND PERSONAL.

No Chinese at the City restaurant. Attorney Geo. A. Smith was over at the county seat last Wednesday. You can get receipts and notes in pads at the WEST SIDE office. Another circus is coming to the coast the advertising manager being already on the road. Cash paid for second-hand goods of all kinds at the Exchange. Wm McKenzie, an old friend of Dr. Mulkey, who resided in Moscow Idaho, was here on business last week. The Little Palace hotel is the popular place to get a first-class meal. A. P. Bonzey, of San Francisco, but lately tending his farm on the Luckiamute, came to town Wednesday. The Little Palace hotel is the popular place to get a first-class meal. That orphan sidewalk was torn up on Wednesday. A cement walk will be built around the new Cooper brick. Mortgages and notes bought by W. G. Wright, Dallas, Polk Co., Ore. Mrs. F. A. Durham and sister Miss St. John went down to McCoy on Wednesday to visit their parents there. Road tax receipts, put up in books of 50 each, at this office 25 cents a book. Rev. C. M. Hill, a pastor of a leading Baptist church in Oakland Cal., will be in Oregon next week visiting friends and relatives. The WEST SIDE job office is right in the swim when it comes to doing good work. Gus H. Bynon, who ran the job department at the WEST SIDE office for a couple of weeks, is here for parts unknown. You can get six good square meals for \$1 at the City restaurant, cooked by white women. The executive committee of the hop-growers association meets next Saturday. Names and numbers on said committee will be published next week. When you want to take a ride don't forget that Kelley has fine driving horses and good rigs. The Valley Transcript at McMinnville shows signs of a prosperous existence. Too many papers do a town more harm than good—McMinnville is to be pitied. Doors, windows and moldings of all kinds kept in stock at Sutor's lumber yard at Monmouth. A lady who is sojourning at Newport sent word to her husband, to send her another suit. He rolled one up, and sent it to her in a cigar box—her bathing suit. The special attraction at the Bon Bon parlors these warm days is the delicious soda water in all flavors. On Wednesday an additional eighteen carloads of railroad ties went up towards Corvallis. The Southern Pacific company is certainly putting its road in good condition. All job work done at reasonable prices at the WEST SIDE job office. Neat and artistic work a specialty. Ed Biddle, the Dallas foundryman was in town Saturday looking after securing the contract for the iron work on Cooper's new brick. How he will succeed will be known later. Why don't you try a meal at the City restaurant, in place of spelling your Sunday by cooking a hot dinner. On account of increased earnings the stockholders of the Northern Pacific Railroad have decided not to transfer the road into the control of Jim Hill of the Great N.orthera. 100,000 pounds of wool wanted by Geo. E. Brey, Independence, for which the highest market price will be paid. Word has been received from China that Geo. Hill, who is a missionary from Albany Oregon, was attacked by the Chinese, all his property destroyed and they narrowly escaped with their lives. When you want a good shave or an artistic hair cut go to the barber shop of C. E. Fore, near the Little Palace Hotel. Layton Smith came back from the mines in Southern Oregon, last Monday. He says Henry Waller is there, hard at work and likes it too. The mines are 105 miles from Eosburg, and show excellent prospects. When you want a good meal for 25 cents, go to Strong's restaurant, Westcott & Irvine, proprietors, Salem, Oregon. Dr. D. A. Paine, of Eugene, will succeed Dr. L. L. Rowland, as superintendent of the Oregon Insane Asylum to take his place August 1st. Gen'l W. H. Odell, of Salem, succeeds Geo. W. Davis as clerk of the state land board, at Salem. J. W. Bentley, has just received a line of ladies' beautiful oxfords, and asks an inspection. Also a very fine line of tennis shoes. Judge Piper, a resident of Independence years ago, but now in Moscow, Idaho, had his life threatened on account of official discharge of duty, and there was great excitement in town when the fire bell rang an alarm, to summon aid. Some of our readers will remember Mr. Hart, who was with the Kikapoo Co. when he was a year or two ago and who so fascinated a certain married lady. He is now with a side show in the Syndicate circus which played in Portland this week. For first-class lumber and reasonable prices call on Sutor's lumber yard, Monmouth. Call and examine and get prices on lumber and be satisfied, before buying elsewhere.

Sent your subscription through Clodfelter Bros. Bathing in the Willamette just now is very popular. Clarence Irvine returned from McMinnville last Wednesday. Indications are that crops will be good and prices much better than for two years past. Misses Kate Cooper and Nellie Hill left for the Chatauque Association at Gladstone Park on Wednesday. Have you made a mental note and been often reminded lately, that the flies are very bad? Its ticklish business. That 2x80 brick, spoken of last week did not materialize, but the big Cooper brick, the warehouse and the wigwam will be built. If you can't patronize our river boats, say a good word for them. It is a great help to Independence to have cheap transportation. Last Monday twenty-three car loads of railroad ties passed through town, being here prepared by the crossing works at Cornelius. Mrs. J. E. Young left on the Grey Eagle last Monday morning for Vancouver, Wash., where she will remain for sometime. Her brother is mayor of the city of Vancouver. Asa Robinson, who returned from Spokane Falls, has again taken his place as drug clerk with the A. Examiner. Cooper Drug Co. Asa is a very obliging young man and makes an excellent assistant in the store. The marriage license market seems to be pretty good for the first week in July, says the Observer. The county clerk has issued the following licenses to wed: Harry Gottle to Bertha Green; J. B. Hillebrand to Minnie Tetherow; J. E. Phillips to Mrs. Clara Dawson. Kelley's livery stable on north Main street has added several new buggies and carriages, also has repainted the old ones, and is now better than ever prepared to cater to the public. T. F. Durham, now living in Heppner, where he is engineer on a locomotive on a branch of the Union Pacific railroad, has been in town visiting. And his wife and wife's sister Mrs. St. John, also came down a few days ago. He likes it very much in Eastern Oregon. A stimulant is often needed to nourish and strengthen the roots and to keep the hair a natural color. Hall's Hair Renewer is the best tonic for the hair. It is reported that Independence people have almost decided to hold another race meeting on the Talmae track immediately following the close of the Portland races on July 6th. Many of the best horses now at Portland will enter it is said.—Dallas Observer. Last Tuesday Mort Brown, of Salem, 30 years of age became despondent, went down to the river bank and drowned himself. He is gone and the world is better off. He attempted to do two things at once and failed; one was to drink whiskey, and the other to have plenty of money. So he drowned himself. A few years ago J. B. Whitcomb purchased some vacant land east of town and after building a comfortable home planted the few acres in fruit of all kinds. This year he is beginning to get a return, and anyone visiting his home, between here and Monmouth must be pleased with the outlook in fruit of all kinds. Many of our citizens went to Salem last week and attended the monster celebration there, and report the program an excellent one and faithfully carried out in spite of the rain. Some of the young ladies in the floats, who were dressed delectable, were a little off color when they finished the march, being red and blue in streaks. The contract for building the Cooper brick was awarded last Tuesday to Ault & Snook, of Salem. The contract for the plumbing and heating has not yet been let. The price, which is private, is said to be very low, and at least one half less than it could have been built for three years ago. There were about a dozen bids presented. Our local contractors figured very close to the ones, who secured the job. A gentleman up near Buena Vista has 100 acres of wild blackberry vines on his farm and charges 50 cents a gallon to each person to pick there. This week a family of eight from Independence spent a day there and picked sixty-four gallons, and one lady picked fifteen gallons in one day. If wild blackberries sell at 25 cents a gallon—and they do sell readily at that—there is some money to be made picking them and paying 50 cents toll for the patch. The residence of David J. Whiteaker located on the county road between Monmouth and Dallas, was destroyed by fire last Monday after. There was no insurance. Mrs. Whiteaker and Miss Coginlette were in the house, but Mr. Whiteaker was away rustling. The roof of the woodshed caught and the fire burned so rapidly that only the organ and some parlor furniture was saved. Mrs. Whiteaker was in town Wednesday buying a new outfit. There will be a free entertainment given in the Normal chapel at Monmouth on Friday evening, July 12, 1895. The program will consist of music by orchestra, address by Prof. Buckham, vocal solo by Mrs. Graves, recitation by Mr. Davis, instrumental solo by Miss Lora Butler, essay by Miss Pilleit, vocal solo by Prof. Gunn, chorales music by male quartette, recitation by Miss Judson, vocal solo by Dr. Epley, cornet solo by Mr. Lucas, recitation by Mrs. Prof. Balcoub, solo by Miss Crosby and music by orchestra. There was not much business transacted in the county court last week. In the estate of S. T. Gilliam, deceased, W. D. Gilliam was appointed administrator. In the estate of E. T. Hosford, deceased, annual accounting filed Mrs. Lucy Darling was credited with the taxes for the years '93 and '94. A warrant was ordered drawn for \$159.50 the amount donated to the Dallas-Salt Creek wagon road. The contract was awarded R. M. Gilbert, at \$13, to build a bridge across the Peedee creek. It was ordered that bids be asked for to build a bridge across the Yamhill river; also for a bridge across the La Creole at the old Blyer place.

Chas. Irvine is quite sick this week. Leave your washing with Dave Boyblaton. Mrs. J. M. Stark and children are rustling at Yaquina. Miss Katy Wheeler is attending the Chatauque meeting at Oregon City. Mrs. John Hiltbrand, of Arlie, and sister Miss Steele, were in town last Saturday. D. M. Watson, a schoolmate in town of N. O. Clodfelter, was Mr. Clodfelter's guest this week. T. Layton Jenks, the tailor, will make a bathing suit for 75 cents, if you furnish the material. You can buy cloth suitable for bathing suits at Vanduyt, Veness & Wilcox for from 11 to 45 cents a yard. Three yards will make a suit. White shirts and other laundered work sent to Portland via Altona and returned, if required two days later best work and lowest prices. Miss Sophia Wolf, and Miss McLain, of Silverton came over Wednesday to visit Miss Nellie Hill, but finding her out of town returned home Thursday. Prof. J. M. Powell, of the State Reform school was in town Saturday. J. D. Robb, a teacher well known over Oregon, succeeds Prof. Powell at the Reform school. On Thursday the children of the Congregational Sunday school crossed over the Willamette and had a picnic in the cool woods there. It was a very enjoyable affair. Boys should be careful about exposing themselves while in bathing. They should wear bathing suits. Marshal Tupper will see that the law in this case is enforced. W. B. Shively's 9-cent store, of Portland, has located in Independence, next to the postoffice. To close out the stock in a few days, prices have been made astonishingly low. A business man said this week that he didn't want to advertise. "It is too hot, I don't want to wait on customers." Such a man should be roasted in—, a hotter place than this earth. Mrs. R. H. Wilcox, who has been in La Mar, Colorado, for the past two months, returned on Tuesday, looking much better for her trip. She brought a mocking bird with her, which is quite a mimit. Last Monday at Monmouth and Tuesday at Independence were installations at the Rebekeah's lodge. Refreshments were served in both cases, the ladies going from here to visit Monmouth and they coming down here Tuesday. Last Tuesday the citizens of Independence heard the crash of falling timbers down near the saw mill and upon investigation it was learned that the immense piles of lumber piled on the frame work of the mill had broken down, the weight proved too great for it. The Grey Eagle is proving herself to be just the boat to run over the bars on the river at this low stage of the water. Newt, Graham is captain. The steward is Mr. Mosier and his wife who does the cooking so that meals on the Grey Eagle are like those cooked at home. During the past week G. L. Hawkins, the marble cutter, and W. P. Conno-way, cashier of the Independence National bank, have each been wearing a hand in a sling, caused by each having one of those most painful things called a boil. "My! but how they do hurt." The light draught steamer Grey Eagle is making regular trips, connecting with the Altona at Mission landing. By this arrangement traffic will be uninterrupted during the low stage of the water. This is the first daily boat service Independence has ever had to Portland. You should see how nicely the new steamer Grey Eagle climbs over the gravel bars in the river. Capt. Graham is well pleased with the boat and says that the company will no doubt buy her and when the river rises put her on between Independence and Corvallis, to connect with the Altona. D. B. Taylor and wife gave a pleasant dinner party the day before they left for the Altona which were present Mrs. S. L. Brooks, The Dallas, Mr. and Mrs. J. L. Truck, and Mr. and Mrs. E. C. Pentland. The Taylors expect to be gone away from home for about eight weeks. There will be two circuses in Salem this season, one July 16th the other Aug. 6th. The West Side is not going to say which is the best because it don't know. People are not going to miss their breakfast however to go to the one in Salem July 16th without their performances. The question is asked why the contract for the new brick went to Salem parties. Because they bid the lowest. It was the same way in 1890, when the school house, the Independence National Bank, and the motor line were all built by Salem parties. They bid the lowest. Our local contractors did not put in a bid low enough, that ball. Ira Clodfelter is the Independence correspondent of the Bomber. We hope the bad feeling between these two towns may cease one of these days. The West Side wants a correspondent at Dallas. A person who will come out square-footed as representing the paper for what money there is in it, and get in and rustle. Don't all speak at once. At last the hop growers have organized and hereafter are prepared to resist all attacks made on them by foes from whatever source. After hop picking is all over—and should the price be 15 cents a pound—it should be appropriate for them to give a grand ball. Hops and balls are alike. They might dedicate the new wigwam with a grand hop. The large force of men on the corner of Main and C streets has made quite a change in the appearance there. The old blacksmith building is gone, all the fences and small buildings in the rear of the Gem saloon are moved to their new location or torn down, and the Gem saloon will soon be moved. Timbers are strewn over the streets, and it looks decidedly business like.

Do you know how to swim? Now is the time to learn. Judge Hurley took the morning train Thursday for Corvallis. Fresh bread every day at the Bon Bon. Eight loaves for a quarter. Butteville, Brooks and Woodburn hop growers have agreed to pay only 30 cents a box for picking hops. The motor burned out some steam pipes this week and is laid up for repairs. People miss the motor. Grover Cleveland wanted a boy at his house this week but it proved to be a girl. There are now three girls in the Cleveland family. Last Monday morning Griff Campbell the carpenter had a narrow escape from instant death. He was working on J. M. Mitchell's new hop house, opposite town, and in hauling up a board stepped off the scaffolding twenty feet from the ground. He fell head foremost, but fortunately a stay-lath caught his arm and turned him into his feet, so that outside of a badly sprained ankle and some body bruises, he is all right. Last Saturday afternoon the leading hop growers of this vicinity met at the city hall and permanently organized the Willamette Hop Growers association, of Independence and selected A. J. Wolcott president; Marsh Merwin, secretary; J. R. Cooper, treasurer; Wm Davidson, 1st vice president; O. D. Ryder, 2nd vice president; L. Damon, 3rd vice president. The association decided by vote to pay only 40 cents a box for picking. Independence ladies have no excuse for not learning to swim. There is an excellent place for ladies and children to bathe just above town in the eddy at the sand island. Quite a number of ladies and gentlemen will go bathing there Friday afternoon. The water is warm, not too deep, and the bottom sandy, so that it does not hurt the feet. There is a nice sandy beach, and plenty of shade under the willow trees. You can cross the ferry and back for 5 cents, a special price made for bathers. One of the best things that an advertiser can do says the Hardware Dealer is to make his ads sound fair and reasonable. It is well to admit that the other fellow's goods may be pretty good. Then you can go on and say wherein yours have the advantage, and people will believe you are truthful because you are just. If you can over-gate the public to believe that you are more careful in your statements and more honorable in your dealings than your competitors, a great deal has been accomplished. Rev. J. Fred Jenkins, of the Baptist church, who has been the efficient pastor the past two years tendered his resignation last Saturday to take effect August 1st. Rev. Jenkins has done a good work in Independence in building up the church and it is with regret that his congregation part with him. It was understood that Rev. Jenkins would not take the pastorate another year but the year is out in October and his reason for resigning so soon is that he wants to get back to Massachusetts before the cold weather sets in. "We had an epidemic dysentery in this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best." For sale by Alexander-Cooper Drug Co. Dr. Price's Cream Baking Powder "The Highest Medal Claimed" Clothing! Clothing!! YANDUYT, VENESS & WILCOX Dr. Price's Cream Baking Powder "World's Fair Highest Award." THE INSURANCE WAR. Property Owners Will Be Benefited. Our readers are pretty well aware by this time that there is war in Oregon, between the fire insurance companies. The moving and attacking parties are the Phoenix and Home Insurance companies, who through their local agents announce that they will begin a fierce onslaught on the insurance rates in Independence, Monmouth and Butteville. The reason for this action by these two companies is thus briefly outlined: Ten years ago an organization was formed in San Francisco styling itself the Pacific Insurance Union. Its purported object was the establishing and regulating of insurance rates on the coast. But it seems that it soon resolved itself into a combine to maintain high rates, without regard to equity or justice, and its policy was largely dictated by foreign companies. As the organization grew older its usurpation of authority became more intolerant and more inimical to the interests of insured. For thirty years past, Mr. A. E. Magill has been coast manager of Phoenix and Home Insurance companies and during that time made a careful study of the coast business, becoming during this long period, very familiar with the different localities in his jurisdiction and the various classes and types of people, as well as conditions existing throughout the coast. Insurance men have an expression, "moral hazard," to describe the temperament and habits of the people, as well as the stability of their settlements. It is evident that the moral hazard of risks in a community like this would be much better than in such-room towns and unsettled communities. Mr. Magill recognizes this fact and battled for a long time will the combine to get a reduction of rate in Independence and other established towns. The request to combine ignored by placing Independence and similarly situated towns under the same tariff as in districts that have proved disastrous to the companies. The result of this was that the customers of the combine in his efforts to secure a reduction in Polk county and the exact rates charged, Capt. Magill withdrew his complaints from the union, and is now prepared to give on each individual risk a rate that is fair and adequate. The Keystone of the Arch In the edifice of health is vigor, which means merely muscular energy, but an active discharge of the various functions of the body, such as digestion, secretion of the blood, the action of the bowels, the circulation of the blood, nothing more actively and thoroughly contributes to the united performance of these functions than the renowned tonic and regulator, Hostetter's Stomach Bitters. The result of its use is a speedy gain in strength, together with the agreeable consciousness that the nature of life is being strengthened—that one is laying up a store of vitality against the unavoidable draughts which old age makes upon the system. The fortifying influence of the Bitters constitutes a reliable safeguard against malaria, rheumatism and kidney trouble. Appetite and sleep improve through its use, and it protects the system from the effects of cold and damp. Notice of Sheriff's Sale.
