A SAD EVENT.

Moment Drowns Her Little Son.

this week has been the details of the drowning of little 5 year-old Otto Tetherow, which happened last Sunday. The prominence of the family, 2500 pounds fresh country lard at 10 Tetherow is an unusually loving mother, and that her children almost idolized her, all combines to create a greater interest in the sad event.

The house of James Tetherow is on the Luckiamute, about six miles over the roughest trails you ever saw. J. A. Veness returned to take charge distant from Independence. There of the sawmill in Washington at Win- are five children, namely, Albert aged about 22, Laura 24, Archie 20, Orin 7 and Otto 5.

A correspondent of the WEST SIDE

Mrs. James Tetherow, who has been under the care of a doctor for some time was not thought to be in a dangerous condition, but on Saturday night last, while temporarily insane, she took her line. Call at the West Side Trading went into the room occupied by her ern line. older son Albert and asked him to get started running toward the Luckiamute that flows near the house, but they caught her before she reached the water and tried to persuade her to return to the house, but she kept saying "Clyde is in there, get him out." round trip rate for hop-pickers by years they thought she ment the five- Balm and have found it an excellent rail and \$1.50 by boat including camp year-old baby boy, so they told her he was in bed and finally got her to return J. Letter from Sansonata.

From a private letter from C. C. Campell, who is now in San Salvador, we take the following extracts. Charlie is quite a rover and is observ-"I have come to a stopping place.

Could not get work at 'Frisco; got a chance to work my way to Honduras but finding nothing there, I walked about 195 miles from Amapala here. 1 of mud or doby and 'he roofs of tiling. There are very few Americans in the interior; in fact, I walked over 100 miles without seeing one or any one, that could speak English. The people in the country live in houses built of sticks and grass; mother earth is floor. The rich class live almost as poorly as the poor. The women do their washing in the creeks on a flat rock and use some kind of a weed for soap. They grind their corn with a rock, one flat, a good deal like a wash board, one to lay across that; rich and poor alike. Farm hands work for thirty cents per day and board themselves; but they won't eat any more than an Oregon chicken. They chop off sixty-six feet square of weeds for a day's work, I say chop because the hoe is unknown here—they use a long knife or a sword for every-

All kinds of tropical fruits and vegetables are grown here, and three crops piece of land in one year-although

As a class, the people are not as far advanced as our American Indians. Mrs. James Tetherow in an Insane They have very few horses here, and

a yoke of their oxen will pull about as tile draining. Heretofore the whole pull by the head. The only men who about 600 bushel on the whole 200 in the mountains. They will take \$2000 on such improvements and inone hundred and fifty pounds and tends doing more of the same work. trudge along all day, up hill and down, Thousands of acres in this valley need

that no one but a native can live on, as Drain your land and make new farms it is so low and swampy. The mountains are all plateaus and little valleys, sends the following account of the and it is one of the prettiest countries I have ever seen. This is the commence about every other day. They say it rains most every day in August.

University of Oregon, 1895-1896.

"The University of Oregon, Eugene, Oregon, offers free tuition to all students. Young men can obtain board, lodging, heat and light in the dormitory for \$2.50 per week. Roomers furnish their own linen. Young women are provided with board in private families at \$3.00 per week. Young women desiring board should address Prof. John Straub, Eugene, Oregon, or Secretary Young Women's Christian Association, Eugene. The University offers three baccalaureate degrees: Bachelor of Arts, Bachelor of Science and Bachelor of Letters with corresponding courses of study. The following shorter courses are also offered: An English course leading in two years to a business diploma and in three years to the title graduate in English: An advanced course for graduates of normal schools leading to the degree master of pedagogy: A three years' course in civil engineering leading to the degree civil engineer: A course of two years for teachers of physical education leading to a diploma and the title director of physical education. The University charges an incidental fee of ten dollars which is payable in advance by all students. Students holding diplomas from the public schools and those having teachers' certificates are admitted to the preparatory department without examination. Those desiring information regarding the preparatory departments should address the Dean, N. L. Narregan, Eugene.

For catal gue and information addresss C. H. Chapman, president, or J. J. Walton, secretary, Eugene, Oregon.
