grossive people, and one that is advancing instead of retrograding. Avoid speaking of it as "fossilized" and "old foggy" or denouncing it as "traveling in a rut." There is nothing to hinder any chronic fault-finder from removing from a town that seems dull to him, to one that he may consider more up-to-date.

The lady on the bicycle no longer attracts attention but the lady with the bloomers is quite a rare bird, and it makes us wonder if when she sees a mouse upon the floor will she jump on the piano and in mortal terror roar?

Will she stand and paw the atmosphere as if the fiends were there? Not much! She'll kick that mouse six feet into the air. And when into the country upon her bike she goes and sees beyond a high board fence a dear love of a rose, will she pass it by regretfully, because that fence is high? Not much! She'll vault right over it in the twinkling of an eye.

On Monday evening as Miss Bridwell and Miss Hall were returning from Independence in a buggy owned by the mother of Miss Bridwell, they heard a team coming back of them at a very rapid rate, and they drew to one side of the road, but not far enough for the runaway team, and the wagon ran up over the buggy throwing the occupants of both vehicles out and causing a supposed fracture of the shoulder of the man with the team, otherwise only slight bruises and a demolished buggy resulted.

Miss Estella Ekersley a graduate of '95, had a choice of four different schools on her return to Union county and her selection was Union. It may terminate in union of heart and hand, as that gentleman who visited Monmouth, last spring, of whom so much inquiry was made, is principal of the schools there.

The hop-pickers have been leaving town since Thursday, and as some express it "they are going for a good time." The Indians as they pass have a pleasant salutation for all and their beaming faces show they also expect "ah-yu-time."

A quiet wedding early Saturday morning at the home of Mr. Graves, was a pleasant surprise to all. Mr. L. Bently and Mrs. M. S. Smith were married and took the West Side train for Portland.

To The Hop Fields.

From the following account in the *Oregonian* it would seem that a great many persons from Portland are seeking employment in the hop yards and yet there seems to be no great oversupply in this county.

There are a great many hop-pickers in the city with work waiting for them in the hop yards up the valley, who to express it mildly, are not very happy over the way the O. R. & N. Co. is running its steamers between here and Salem. Since Saturday, the company's boats have been pulling out from Ash-street dock from six to twelve hours ahead of the advertised time of departure, regardless of the feelings of hop-pickers who would arrive at the dock in ample time, as they thought, only to learn that the boat had left up hours before.

The steamer Elmore, scheduled to leave at 6 a. m., Sunday, left up the river at midnight Saturday, loaded down to the guards with hop-pickers and their outfits, and the dock people Sunday morning had a hard time answering questions, and trying to appease the disappointed crowd of men, women and children who wanted to take the boat. There must have been 750 disappointed hop-pickers left on the wharf. The Elmore repeated the same performance Sunday, leaving up with another load of pickers about 10:30 in the evening, when she was advertised for 6 o'clock yesterday morning. All day Sunday the dock was crowded with prospective pickers, who kept watchful eyes on the Elmore. Repeated assurances on the part of the steamer's officers that she would not leave before midnight inspired some hungry hop-pickers who had been waiting on the dock all day, with sufficient confidence to go in search of supper. But when they returned they found the Elmore had taken advantage of their absence to slip off the river, loaded up to the limit.

All day yesterday disappointed men and women streamed into the employment agencies to register kicks, and many of them to get their money refunded on the ticket they had bought. It is estimated that more than 1500 pickers left for the hop yards Sunday, and it is reported that 700 were left behind at Ash street. Yesterday morning, the Altana, Toledo and Salem went up the river with full loads, and it is now believed that the worst part of the rush to the hop yards is over.

Resolutions of Respect.

WHEREAS, In the death of Mayor Andrew M. Hurley, an all wise Providence has removed from the association of men a most useful and respectful citizen, therefore be it

Resolved, By the common council, of Independence, Polk county, Oregon, that while we bear with humble submission to the decree of the Infinite, we mourn the loss of an able presiding officer and the wise counsel of a highly honorable, upright and conscientious member of this body.

Resolved, That the ultimate relations which existed between members of this council and his late presiding officer, and the wisdom, ability and enthusiastic interest, which he exhibited in forwarding the work and prescribing the duties of this body, will be held in grateful remembrance.

Resolved, That the heartfelt sympathy of the members of this council be extended to the widow and children of the deceased in the hour of their deep bereavement, and that a page in our records suitably inscribed be devoted to the sacred memory of our lamented presiding officer, and a copy of these resolutions be transmitted to the deceased and published in the local papers.

plais is a charming little woman, and performs on the piano with skill and precision. Miss Lucy the youngest of the sisters has great vivacity of genius, and is very pleasing in all her parts. The audience was well entertained and that was what they went there for, so that the Rebekahs can but feel they did the public a service in engaging the ladies.

Swept by a Cyclone.

Of approbation to the plan of popularity, the Stomach Bitters has acquired a commanding position, which has occasionally made a bright and shining mark for leaves, who seek to foist upon the community superior compounds in the guise of that of the real article. These are purity, and, of course, devoid of medicinal efficacy. Beware of them and get the genuine Bitters, a real remedy for malaria, rheumatism, kidney trouble, dyspepsia, nervousness, constipation and biliousness. Physicians of prominence everywhere commend the great invigorant, both for its remedial properties and its purity. A wingless thrice a day will soon bring vigor and regularity to a disordered and enfeebled system.
