The Oregon Telephone & Telegraph Co., have made the following reduction in their tariff to Portland, based on a one minute conversation, commencing October 1, 1895: One minute 50 cents. Each additional 30 seconds or fraction thereof 5 cents. As the majority of long distance telephone conversations are finished within one minute, the above represents a substantial reduction.  
Mr. J. K. Fowler, secretary and treasurer of the Corinne Mill, Canal and Stock Co., of Corinne, Utah, in speaking of Chamberlain's Cough Remedy says: "I consider it the best in the market. I have used many kinds but find Chamberlain's the most prompt and effective in giving relief, and now keep no other in my home." When troubled with a cough or cold give this remedy a trial and you will be sure you will be more than pleased with the result. For sale by Alexander-Cooper Drug Company.

This is the way a country editor sizes up a kicker, and offers odds on his probable relations to the paper, to-wit: "Whenever you find a man finding fault with a local paper, open it up and ten to one he hasn't an advertisement in it; five to one he never gave it a job of work; three to one he does not take the paper; two to one that if he is a subscriber he is delinquent; even odds he never does anything that will assist the publisher to run a good paper, and forty to one that if the paper is a good one and full of life, he is the most eager to see the paper when it comes out." If you have a good thing, show your faith in it and your neighbors by making it known through an advertisement in the WEST SIDE. The merchant, who keeps nothing that will stand advertising can doubtless be excused for not making it known.  
The goods were new and fresh,  
The store was clean and neat,  
The clerks were all polite,  
But the owner indifferet,  
The store was unsuccessful,  
The reason you'll surmise,  
Tho' the owner was a hustler,  
He didn't advertise.  
The U. S. Gov't Reports show Royal Baking Powder superior to all others.

**BEAUTIFUL FEATURES.**  
The Opinions of the Readers of the West Side.  
**THE BEST FEATURED YOUNG LADY.**  
A Competition in Beauty, Which Will be Carried on by Readers of this Paper.  
In this issue of the WEST SIDE will be found a coupon, entitled: "A Beautiful Girl," which every one who receives it is invited to tear out, write the name of some young lady a resident of the town designated on the coupon, and mail the same to the WEST SIDE no later than Monday following the date appearing on the coupon.  
The plan of the contest is as follows: Each postoffice in Polk county will have a contest, each lasting four weeks. At the end of the fourth week, the young lady having received the most votes will have her picture, a half ton engraving, printed on a supplement, to this paper. The reason we use a supplement is that common news paper will not give satisfactory results in half-tone work. This supplement will be printed on heavy super-calendered paper.  
We hope to have every postoffice in Polk county represented in this collection of young ladies, and at the end of the contest the pictures will be grouped and a vote of four weeks taken on all, and the picture receiving the most votes, will entitle the young lady to receive a gold watch presented by the WEST SIDE.  
**RULES AND REGULATIONS.**  
In order to have this contest entirely satisfactory to all, we ask that the spirit of the contest be observed as well as the letter. It is to be remembered that the pictures will include only head and shoulders, as far down as the waist, therefore the two essentials are regularity of feature, perfection of form, expression of face and grace of pose.  
1st. As many votes will be received as coupons can be obtained from papers.  
2nd. Voting will close each week at 12 p. m. on each Monday. Votes received later will not be counted.  
3rd. In voting, the name on the coupon must be of a young lady not less than 10 years of age, not married, who receives her mail at the postoffice belonging to coupon.  
4th. The order in which voting will take place is as follows: Independence, Monmouth, Dallas, Buena Vista, Falls City, McCoy, Parker, Rickreall, Suver, Eola, Ballston, Smithfield, Lincoln, Crowley, Lewisville, Perrydale, Airle and Zea.  
5th. The initials and full name of contestants must be given on ballots. Arrangements will be made with postmasters at each postoffice, while the contest lasts at that office, for receiving and forwarding ballots together.  
6th. All ballots will be filed in the WEST SIDE office until final of monthly vote, when they will be counted by a committee, and result announced by signature of such committee. The ballots will be destroyed two weeks thereafter.  
**A Storm at Sea.**  
Increases the discomfort of the voyager. But even when the weather is not tempestuous he is liable to sea sickness. They who traverse the "gigantic wetness" should be provided with Hostetter's Stomach Bitters, which quiet disordered stomachs with gratifying speed and certainty. To the harmful influence of a topic, malaria or too rigorous or damp climate, as well as to the baneful effects of unwholesome diet and bad water, it is a reliable antidote. Commercial travelers by sea or land, mariners, miners, western pioneers, and all who have to encounter vicissitudes of climate and temperature, concur in pronouncing it the best safeguard. It prevents rheumatism and pulmonary attacks in consequence of damp and cold, and it is an efficient defense against all forms of malaria. It can be depended upon in dyspepsia, liver and kidney trouble.

**BURIED TO DEATH.**  
Little Ada E. Pierce Dies in Intense Agony.  
Last Friday afternoon while Mr. G. W. Pierce was at work, and Mrs. Pierce was away from home, the children who were playing in the yard of the residence on seventh street, built a bonfire of the dry leaves so plentiful now. As the flames leaped up a burning leaf caught in the dress of little Ada, aged two and a half years. Charlie Pierce, aged 11, with rare presence of mind or one so young, ran into the house and getting a quilt came out and wrapped it about the burning child whose shrieks of pain were heartrendering. But it was too late. Her clothing was burned off, and her body from the waist to the neck awfully scorched and hot flames, going into her lungs and her death, after much suffering, she expired Saturday morning. The friends were crazed with grief, and kind friends did all possible. Saturday afternoon a large concourse of people assembled at the Auditorium and (Rev. J. B. Baldwin) preached a very fine sermon, for the occasion, and the remains were taken to the Old Fellows' cemetery for burial. The sympathy of this community goes out to the bereaved family. Six years ago an eight-month-old boy, while playing beside a coal fire in Seattle set himself on fire and death resulted.

The public school of Independence opened last Monday with a large attendance, 280 being enrolled the first day, which is quite a number more than last year on opening day.  
When Independence voted five years ago to build its eight-room school building some said it was too large for the town, but now every room is used and by another year extra rooms will be needed. The attendance will gradually increase during this week so that over three hundred will be enrolled soon.  
Prof. T. A. Hayes who has charge of the high school and 8th grade, had 22 in attendance, Miss N. M. Hill had 22 in the 7th grade, Miss Mattie Longacre had 45 in the 6th grade, Miss Minnie Goodrich, 41 in 5th grade, Miss Clara Hall 25 in 4th grade, Miss A. Coehrane 34 in 3d grade, Miss Mattie Mulkey 25 in 2nd grade and Mrs. F. L. Tuck, 52 little tots in the 1st grade. In the large and clean basement Frank Myers has again charge of the heating apparatus, from 5 to 10 pounds of steam being kept in the boiler to heat the building. It takes half a cord of wood a day to keep the fires going.  
Much of Monday was taken up in arranging classes and teaching the school to march. Roy Irvine is the drummer. So perfect do the pupils become in the marching that a case of a fire the bidding can be emptied in a very short time.  
The pupils were well dressed and bright looking crowd, and the teachers seemed pleased with the prospective outlook of the school.  
Senator Hill is not the shrewd politician he once was, or he would not have made that silly speech in defense of personal liberty.  
The friends of ex-Congressman Tillman, of S. C.—If he has any—should lose no time in looking after him. "We are," he is easily said, "approaching a war between the rich and the poor, and I look for lots of throat-cutting be-ween you and 1800." A man who talks such rot ought to be looked up.  
With Texas in danger of going populist and Louisiana republican the democratic hold on the solid South would seem to be growing weak.
