orguizations in this state to give, capacity and so far little or no contracting has been done, nor does it look like 🦪 there will be. In a number of yards fewer vines to the hill than heretofore.

If this is persisted in it will make a lesser yield but a better hop both in size and flavor. Experience is teaching that quality, not quantity, is the essence of successful hop culture. - Gervais Star.

The Oregon Hop Growers' Association has made a number of sales recently, and it is evident that the whole supply of hops in the United States will be pretty well cleaned up before fall.-Oregon Agriculturist.

Hops in the Willamette valley are coming up fine. Some shoots have actually attained a growth of six feet, but this is exceptional. The work of the Thompson, a large importer of fine first training will soon be under way Chicago, says: "During the late severe of the past few days shall continue,-

F. J. Miller, a well-known hop man, A very handsome line of Parasols in One of my milliners was taking Chamthe Luce company of Portland was in fine black from 75 cents to \$5.00. All cold at that time, which seemed to retracts for the 1900 crop, quoting prices for myself. It seted the megic and I at 8 and 9 cents. Most of the contracts A number of Vancouver people have began to improve at once. I am now made by his company are on a partner. Independence so soon as the roads get to acknowledge its merits." For sale by are made at this time for cultivation, pound, the estimated cost of production; all that is received above that figure to be divided equally. Only choice yards F. T. Crewe, of Ophir, Curry county, are taken on this basis, he says, the company having started in to secure tion on Angora goats. He asks: "What Mr. Miller, who is well posted on hop matters estimates the acreage tributary to Sheridan at 150 acres. He has visited Mr. Crews will find it rather difficult every part of the valley and says that yards will come into bearing than have been abandoned .- Sheridan Sun.

The movement of the hop growers to train only one or two vines in the hills is a good one. It will make a better quality, and there is always sale for lets. All druggists refund the money if good hops. The hops will be richer and heavier and less liable to mold, and there will be less money paid out for Excursion Rates To as well as From for the crop in the bale. If all poor picking and more coming in per pound grades of Oregon hops could be eliminated, it would be a good thing for
