That the Oriental has sensibilities and emotions not uncommon to her sex is here made lucidly plain.

The First Victim

Chester Stumberg is the first victim of the law in regard to killing Denny pheasants out of season. On Saturday he is said to have shot two birds, the act being witnessed by four or five men who immediately reported the matter to Deputy Game Warden Charles Macaulay, who had the necessary warrant issue, charging Chester with killing a Mongolian pheasant out of season.

Chester came up like a man and pleaded guilty to the charge before Justice Irvine, who, in consideration of the young man's first offense and the wishes of the neighbors, made the penalty light and still heavy enough to make one think twice before repeating the offense.

The justice imposed a fine of \$15 which Chester immediately paid and was discharged.

It now appears to Chester that he was informed on more thorough spite than from a desire to see the laws upheld; he says that the principal informer has frequently violated this same law.

The Breezy Time company held forth at the opera house last Monday evening to a crowded house. The management of the opera house can be congratulated on securing this class of attractions where the performers are above the average. There was no need for anyone in the audience to feel blue for the breezes wafted over the footlights had a tendency to keep everyone in an uproarious state. Between breezes, an excellent orchestra furnished classic music to while away the time. While the curtain did not rise until 9:20, the people were not impatient and everybody went home feeling better for the evening's entertainment.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors prescribed a local disease, and prescribed local medicine, and by constantly falling to cure it, failed to cure, and so it came to be a curable disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. It cures catarrh of any form and is guaranteed to cure, and for circulars write to F. J. CHENEY & CO., Toledo, O.

No Secret Causes. There is considerable discussion at present relative to the method to be adopted by the republicans in the next legislature for choosing a United States senator. Some favor the old plan of secret party caucuses, others open caucuses, and yet others no caucus at all. We favor the latter plan. Ever since the conspiracy which defeated Hon. Sol Hirsch after he had received the caucus nomination, secret caucuses have been the scandal of the republican party in Oregon. Men have made promises never to be kept, by reason of the fact that the secret ballot enabled them to talk one way and vote another without fear of detection. The possibilities of secret voting are such as to promote disorder and violation of honor. Not a single election for senator has been held in recent years but the secret party caucuses has developed the most disgusting scandals, and all but disrupted the party. We think it should be done away with. When it comes to the proper time for candidates to be named and voted for, let every member of the legislature stand up and honestly and openly declare his choice. Let there be no sneaking out of honest obligations, voluntarily entered into, by means of the secret ballot. If our representatives intend to be honest and sincere let them all stand up and make many declarations of their choice for United States senator. Let us have no more intrigues, legislative holdups, deadlocks, violations of party obligations and caucus dominations. Let the selection of senator for once be free from the charge of boodling. Eugene Register.

The Best Plaster.

A plaster of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with a lame back or pain in the side or chest, give it a trial and you are sure to be more than pleased with the prompt relief which it affords. Pain Balm also cures rheumatism. One application gives relief. For sale by Kirkland Drug Co.

A Bear Story. The Florence West says: R. H. Bernhard is quite a trapper, though Mr. Colvin is a little ahead of him on bear this fall. However, Mr. Bernhard has six bears to his credit for the fall's work. The fifth caught was a small one, and when Mr. B. visited the trap he found that something had killed the animal and eaten a portion of the carcass. He had heard that one bear will sometimes eat another which is caught in a trap, but did not believe the statement. A day or two later he caught a large bear, and on examining the stomach found in it bones and bear's hair which satisfied him that the creature had been practicing cannibalism.

How to Cure Croup. Mr. R. Gray, who lives near America, Duchesne county, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine child's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Kirkland Drug Co.

A Few Chinese Customs. There is no poor law in China. There are no Sundays. It is considered very unbecomingly not to wear trousers, and very indecent for a man not to have skirts to his coat; consequently our European dress is reckoned by Chinese as indecorous. Chinese begin dinner with dessert, or Russian sakouski and finish with hot soup instead of hot coffee.—January "New" Lippincott.

The "real" Sarah comes out in a pleasant little paper in the January "New" Lippincott, by Albet Schinz, called "Sarah Bernhard in Her Teens." The gossip about her girlhood is fresh and engaging, and shows the evidences of a personality even in frocks.

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia."
