most enterprising merchants will get

When a man is so cussed mean and
ornery that his neighbors are pleased to
see misfortune overtake him in the loss
of his goods and chattels, it is time
he was turning over a new leaf.

New Swindle.
The Enterprise Bulletin says that a
new swindle has developed in that sec-
tion. The rogues watch the newspapers
for stray notices. Then one goes on to
the farmer, says he has lost such an
animal as the notice describes, and asks
to see it. Of course, he is shown it, but
says it is not his, and goes away. Short-
ly afterward comes his confederate, who
describes the animal he has lost in a
way that tallies exactly with the appear-
ance of the stray, which he, on seeing,
at once claims. Then he says he cannot
take it away and offers to sell it at a bar-
gain. The farmer usually purchases,
and when a little later the rightful owner
comes, the farmer is just that much
out.

The annual meeting of the stockhold-
ers of the Oregon Hop Growers' Associa-

to materialize, owing to the absence of a
quorum. Another meeting is called to
meet at the same place on Saturday,
January 19.

Work on the telephone line between
Falmouth and Kings Valley, which was
to have begun two weeks ago, has not
yet been started. The recent severe
storms have necessitated so much extra
work on the company's lines in Port-
land, that the construction gang has
been unable to leave. The men are
daily expected in Corvallis, however,
and operations on the line just men-
tioned will probably begin soon.

the Southern Pacific, and is planning
many things for developing industries
