Independence will celebrate the Fourth of July this year in magnificent style.

An excellent programme is now being outlined and everyone who comes here on that date will be royally entertained.

On July Fourth the city park will be gaily decorated and with the bright dresses of our own people and those of our visitors, will present a sight that will live in the memory for many days.

The dancing on the platform will be a feature, and at night if the weather is favorable, it is proposed to light the platform and park with a large number of electric lamps. Dancing in the open air on occasions of this kind is much preferable to a warm stuffy hall and those who attend our celebration are promised a treat. There will be the usual games and sports. Everybody is going to be here from the surrounding country and bring their families.

Rose Fair. The ladies of the Presbyterian church will give their annual rose fair in the Opera house on Friday and Saturday, the 21st and 22nd of May.

A musical and literary entertainment will be given in the evening by our best home talent, assisted by Prof. Feysting of the Normal School, S. W. Doughty and Miss Granda of Monmouth, and Prof. Frank Miller of Rickreall.

An admission fee of 40 cents will be charged. Cash prizes will be awarded on first and second best collection of roses of not less than ten varieties; and on first and second best of not less than four varieties; also on best specimens of pink, red, yellow and white roses.

All flowers should be in the hall by four o'clock Friday afternoon.

Sunday Train. As yet no effort seems to have been started to have a Sunday train here from Portland. The people at Forest Grove, Hillsboro, Corvallis, and other points aside from Independence, have been at work and have many names of voters attached to petitions asking for the Sunday service. Is it not about time that Independence people get a move on? Or are they so indifferent as not to care whether they have a Sunday service? It surely seems so. There used to be a board of trade or chamber of commerce, or something of that sort here; what has become of it? Those gentlemen, wake up to the possibilities of your needs. The Falls City railway proposition is also waiting on some action at this end of the line if we are to get the terms at Independence.

The creamery is now equipped with ice. It is the intention of Mr. Eldridge to make ice cream during the summer months and also to keep ice for sale at retail.

Captain Spang of the Pomona, informs the West Side that at present there is only one bad bar between Salem and this city where there is any likelihood of sticking and that is just below Independence. The Eola bar, which used to be considered a very bad place, is scoring out, he says, and it would not take long to fix the Independence bar if the government engineers could once get at it.

A Sprained Ankle Quickly Cured. "At one time I suffered from a severe sprain of the ankle," says Geo. E. Cary, editor of the Guide, Washington, Va. This remedy has also been used in my family for frost bitten feet with the best results. I cheerfully recommend its use to all who may need a first-class liniment." Sold by Kirkland Drug Co.
