Taft, president of the said commission, is hereby appointed civil governor of the Philippine islands. NEWS OF THE STATE

ITEMS OF INTEREST FROM ALL OVER OREGON.

Commercial and Financial Happenings of Importance—A Brief Review of the Growth and Improvements of the Many Industries Throughout Our Thriving Commonwealth—Latest Market Report.

THE TOWN OF WHITNEY, IN EASTERN OREGON, IS TO PUT IN A WATER SYSTEM.

Baker City is endeavoring to have a weather bureau established in that city.

STEAMBOAT NAVIGATION ON THE WILLAMETTE RIVER TO CORVALLIS HAS CEASED FOR THE SUMMER.

Probably the last car load of 1800 potatoes in the state was shipped from Harburt on a few days ago.

The Oregon King Gold Mining Co., of Sumpter, has filed articles of incorporation. Capital, \$1,000,000.

Arrangements have been made to make Prairie City a "station" on the stage line and the change will be made shortly.

Reports from the various sections of the Rogue river valley are to the effect that the wheat crop this year will be considerably short of the average.

Sherman county will have an extra large wheat yield this year.

A number of mines in the Robinsonville district have been bonded.

Four hundred head of cattle were purchased near Eugene at an average price of \$17 per head.

One from the Badger mine, Eastern Oregon, is shipped to San Francisco at the rate of two carloads every five days.

Work is well under way on the new road from Whitney to Alamo. When completed this road will decrease the distance very materially and bring more mines into the shipping list.

PORTLAND WILL CELEBRATE.

President Did Not Come But "The Fourth" is Coming and There Will Be a Big Time.

The enthusiasm which Portland expected to experience in the celebration of the president in the city will be disappointed. Yesterday several hundred union miners who are on strike marched in a body against the Maritime mines of this place, where non-union men were at work. They tried to effect an entrance, but the operators, with 20 guards armed with Winchester, blocked the entrance. The non-union miners were headed by Superintendent Lambert, and when the union men persisted in their attempt he gave the order to fire. Fully 50 shots were fired. Two union miners were fatally shot and another dangerously wounded. Yesterday the union men did not return the fire, but dispersed.

All the union miners throughout Mingo are collecting, and serious trouble is expected tomorrow, when they will again try to effect an entrance to the Maritime mines. Sheriff Hatfield on the scene with 50 deputies.

Will Move Headquarters.

Denver, June 24.—George Eates, president of the Brotherhood of Railway employes, announces that the headquarters of the brotherhood will be moved from San Francisco to Denver in the near future. This organization admits all railway employes without reference to their particular line of work. It is a comparatively new order, but is said to have a large membership among the railway employes of the West.

Righting the Ingalls.

New York, June 24.—The attempt to float the capized army transport Ingalls at Brooklyn will probably be made tomorrow. A crew of divers is working at closing the ports and hatches. When this is done the hull will be pumped out and the ship floated and righted. The ship does not appear to be seriously injured.

A Boxer Minister.

Pekin, June 24.—The emperor has appointed Na Tung to be Chinese minister to Japan. The appointee is a Manchurian, and was formerly president of the Tung Li Yamen. He is reputed to be a Boxer, and narrowly escaped being included in the list of Chinese officers who were beheaded at the demand of the powers. It is doubtful if Japan will accept Na Tung as minister from China.

SWEPT TO DEATH.

Two Hundred Lives Lost in a West Virginia Rain Storm and Flood.

Bluefield, W. Va., June 24.—This section has just been visited by a flood, the extent of which in all probability will equal or exceed that of Johnston, in 1880, so far as the loss of property is concerned. Early yesterday morning, shortly after midnight, a heavy downpour of rain began, accompanied by a severe electric storm, which increased in volume, continuing for several hours. The storm continued throughout the entire night and day and at 10 A. M., though the storm had abated, the lowering clouds threatened another terrific downpour at any moment. Many miles of the Norfolk & Western rail track, bridges and telegraph lines are entirely destroyed and communication is entirely cut off west of Elkhorn, so that it is impossible to learn the full extent of the loss of life and property, but officials of the coal companies located in the district have sent out messengers to Elkhorn, where the terminus of both telegraphic and railroad communication, and have received a report that a conservative estimate as to the loss of life will easily reach 200. Some of the drowned are among the most prominent citizens of the coal fields. The little town of Keynotes, with a population of 2,000, seems the greatest sufferer, practically the entire town being washed away. This town is the principal one in the Pocahontas coal field, and is located near its center. It was to a great extent the headquarters from which the mining population purchased supplies. A great number of the coal and coke plants throughout the Pocahontas district are reported practically destroyed and are in some instances entirely washed away. Owing to the high water which has flooded the district and prevents communication, anything like a correct estimate of the loss of property is impossible, but from the best information obtainable the loss to the property will easily reach \$2,000,000.

FIGHTING IN THE SOUTH.

Forty Insurgents Killed or Wounded in Albay.

Manila, June 22.—It is estimated that 40 insurgents were killed or wounded during the recent engagements which occurred near Sorogogon in Albay province. Many insurgents are returning to their homes. Charges of theft and sale of property are made against a number of the witnesses in the commissary cases. The cause of the fighting was a plan for the municipal government of Manila. The United States Philippine commission is modifying it.

WASHINGTON HAS BEEN ASKED FOR AN APPROPRIATION OF \$10,000 TO DEFRAY THE TRAVEL EXPENSES OF THE STUDENTS WHO ARE TO STUDY FOR A YEAR IN NORMAL SCHOOLS IN THE UNITED STATES, THESE SCHOOLS HAVING OFFERED THEM FREE TUITION.

Two hundred soldier prisoners will be sent to the United States on the transport Indiana.

VICTIMS OF EXPLOSION.

Three Men Were Killed and Five Others Injured.

Kalama, Wash., June 24.—Three men were killed and five others injured by the premature explosion of a blast on the Oregon & Washington Railroad. The scene of the accident was in a deep cut about half a mile south of this place. The cause of the explosion will probably never be known, as the men who were working at the drill hole were instantly killed. About 25 men were working in the cut, and from the survivors it was learned that two men were loading a 12 foot drill hole with No. 2 giant powder, and had put in about 100 sticks. It is supposed that they had just been tamping the powder with an iron bar, as they had sometimes done before, when the explosion occurred.

American Invade the Rand.

London, June 25.—The Johannesburg correspondent of the Daily Mail contributes a long letter to his paper, in which he describes the American trade invasion of the Rand, aided, he alleges, by British sympathy. The correspondent asserts that Americans are quietly buying up shares and pushing their efforts in every direction. He says that practically all the mining machinery is already American and refers to a rumor to the effect that there is an American movement to capture all the poorer Rand mines.

Invasion of Cape Colony.

London, June 25.—Lord Kitchener has sent no report of the Waterloop mishap. Recent events in Cape Colony seem to prove the Boer invasion of that country to be serious. A letter to the Daily Mail, dated Cape Town, June 5, confirms the report and says the invaders numbered anything from 7,000 to 10,000; that they are swarming all over the eastern and midland districts and getting recruits and horses.

Spain Buys 15 Guns.

London, June 25.—Spain appears to be making vigorous efforts to repair a depletion of her armament caused by the Spanish-American war. A special navy commission from Madrid, now in London, has placed with the Maxim-Vickers concern a large order for guns, including some of the new seven-inch guns which, during tests this week, made the remarkable record of firing five aimed rounds in 37 seconds, maintaining an average, with a projectile weighing 200 pounds, of over five rounds per minute.

GOLD FROM DAWSON

STEAMER DOLPHIN BRINGS OUT ABOUT \$1,350,000.

Two and One-half Millions More Now on the Way Down the Yukon River to St. Mich.

And Another Million is Coming Up the River to Skagway in the Grip of the Returning Klondikers.

Seattle, June 26.—Gold receipts by the steamer Dolphin from the Klondike this morning are: For the Canadian Bank of Commerce, \$1,000,000; individual dust, \$350,000. There was shipped from Dawson via St. Michaels, June 22, \$2,500,000, and there is now on the way up the river \$1,000,000. Alaska's output of gold from the spring clean up has started in a steady flow to the United States. Over three tons of gold, or \$2,500,000, is on its way down the Yukon. It will be brought from St. Michaels probably by the Ramona. June 20 over \$1,000,000 was on its way up the Yukon from Dawson. It will probably arrive on the next steamer.

THE DOLPHIN LEFT SKAGWAY JUNE 20.

The big shipments of gold she brought came up the Yukon on the river steamer Zealandia and Canadian, leaving Dawson June 12. The gold was removed to the assay office early this morning.

According to advices on the Dolphin, the miners on Eldorado creek have about finished their clean up for the season. The miners on the other creeks are also well along with the work of segregating the gold from the earth in which it is dug out during the winter, and an estimate of the total clean up for the district for the season places the amount at between \$15,000,000 and \$20,000,000.

The next steamer from Skagway will probably be crowded to the guards with returning Klondikers. Over 150 Klondikers arrived at Skagway the day the Dolphin left. Very few of them, however, came down on her. Between 100 and 150 Dawsonites are on route to Skagway from White Horse, and fully 200 passengers from Dawson were said to be in White Horse. All steamers leaving Dawson had full passenger lists, and two of these boats, well loaded, were on the voyage up the river.

FELL FROM A WINDOW.

Adelbert S. Hay Accidentally Killed at New Haven—Son of Secretary of State.

New Haven, Conn., June 25.—Adelbert S. Hay, son of Secretary of State, and ex-consul to Pretoria, was found dead on the sidewalk outside the New Haven house early yesterday morning.

Mr. Hay retired to his room at 10 o'clock, after spending the evening with friends in apparently excellent spirits. About 2:30 o'clock in the morning a few people standing outside the hotel were started at seeing a large white object whirling through the air and striking the sidewalk. The night clerk of the hotel was immediately summoned and recognized the body as that of a young man who registered as Adelbert S. Hay.

There was considerable excitement about the hotel, and a large body of students and graduates who gathered for the commencement exercises, soon gathered. A number of his former classmates at Yale positively identified the young man.

Dr. Bartlett, the medical examiner, stated that Mr. Hay came to his death by an accident. The clothes on the bed had been turned, showing his intention to go to bed. His clothes had been folded. On the ledge of the window was found a partly burned cigarette. This discovery led to the belief that Hay had lighted a cigarette before retiring and had went to the window to smoke it. Whether he was seized with a fit of dizziness or fell asleep on the window ledge cannot be determined. There are no external injuries.

Mr. Hay graduated from Yale in 1898 and had come here to attend his class triennial reunion. He was out driving in the evening with a party of classmates and friends, and on returning to his room left word to be called at 9 o'clock next morning. This was the last seen of him alive.

A Tien Tsin Anniversary.

Tien Tsin, June 25.—The first anniversary of the relief of Tien Tsin was celebrated yesterday. The Russian and British authorities have publicly thanked the ladies who, June 17, the anniversary of the beginning of the siege of Tien Tsin, decorated the graves of the soldiers of all nationalities. The Chinese insurgent leader, General Ma, is here in consultation with the German command concerning the pacification and reconstruction of the country.

Run Down a Launch.

Boston, June 25.—While coming into the harbor this morning the steamer City of Bangor, during a dense fog, ran down the naphtha launch "Bea," anchored off Deer Island beach. Five men on the launch were thrown into the water and two drowned.

An Appeal for Foreign Help.

Tien Tsin, June 25.—News has been received from Tai Yuen Fu, province of Shan Si, that General Tun Fo Hsiang is marching thither, and the governor of the province has appealed for foreign help in opposing his progress.

Rioters Stormed a Monastery.

Madrid, June 25.—The anti-clerical rioters, who have been parading the streets shouting "burn the convents," and who hissed the Infanta Isabella, stormed a monastery during the night. They were finally dispersed.

Without His Signature.

Olympia, Wash., June 26.—Governor Rogers filed with the secretary of state today senate bill No. 4 without his signature. Senate bill No. 4 is the act relative to the issuance of death warrants and was introduced by Senator Rands, of Clark county. It was the measure to cure which the recent special session was called. Governor Rogers was asked why he had failed to sign the bill, but he refused to have anything to say.

Passenger Train Wrecked.

Pittsburg, June 26.—North bound passenger No. 23, on the Pittsburg & Lake Erie Railroad, was wrecked at Monaca, 26 miles from Pittsburg, this evening. Two persons were killed, three fatally injured and 40 others more or less hurt. The train, while going at a very great speed, ran into an open switch at Monaca, and the entire train went over an embankment some 25 feet high. Every car was overturned, two of them going over twice.

Changes in Shamrock II.

Glasgow, June 26.—The opportunity has been taken in repairing the Shamrock II to make several changes, notably in her main boom, which will be an extremely light spar, 104 feet long, and 22 inches at its present diameter. The steel plates of which it is to be built will be only one-eighth of an inch in thickness. The spar is fitted on the inside with struts, while the main sheet steel ropes are placed so as to distribute the strain over a considerable length of the spar.

SURRENDER OF CAILLES.

Encouraged Takes the Oath of Allegiance—Aroelios, Commandant Will Give Up.

Santa Cruz, Province of Laguna, Luzon, June 25.—General Cailles surrendered yesterday with 650 men and 600 rifles. The oath of allegiance was administered to the insurgent. Colonel Cailles, who fled to the mountains with a portion of his troops, likewise surrendered. Cailles did not sufficiently control the populace to bring in all the insurgents in his district. The proceedings of surrender were orderly.

It is reported that a large number of Cailles' followers have approached him with a proposition that he issue a strongly worded proclamation declaring all Filipino insurgents who refuse to surrender to be considered as bandits, and that this proclamation be published by the insurgent presidents of every town in Laguna province.

More Surrenders Expected.

Manila, June 26.—The insurgent general Aroelios, together with a considerable portion of the forces of General Malvar, is expected to surrender to the American forces at San Jose, in Batangas province.

With the exception of a military to a civil government of the Philippine islands, which occurs July 4, the difficulty between the department of the military secretary and civil service board over the matter of holding examinations in the civil service for certain civilians now employed by the military department will disappear.

In consequence of the surrender of General Cailles, all the insurgent prisoners on Luzon island will be released. Information from native sources confirms previous reports that General Malvar will soon surrender.

DESTROYING CHINESE FORTS.

Valuable Smuggled Out of the Forbidden City Sold to Foreigners.

Pekin, June 25.—There has been no meeting of the ministers of the foreign powers at Peking since the first of last week, but the ministers themselves profess satisfaction at the course of events. The Chinese forts have not yet been destroyed. It has been determined that each nation shall destroy those forts now occupied by its troops, but the ministers find that the respective military commanders object to destroying Chinese forts not occupied by their troops. Consequently the ministers will probably have to employ Chinese labor to effect the destruction of the unoccupied forts at the expense of the different nations.

Many Chinese enclaves which have come from the Forbidden City. The valuables have been sold probably passed over the walls of the city to the enclaves' confederates outside. One beautifully carved table, which was seen in the Forbidden City only two weeks ago, has been sold by a eunuch for 600 taels. No valuables of any kind have been taken out of the city through the gates. These are guarded by American and Japanese troops. It is estimated that the cost of repairing the palace, independent of the valuable works of art which are missing, will reach \$50,000,000.

Members of the staff of Li Hung Chang and Prince Ching say that great anxiety is felt regarding the whereabouts and safety of a large quantity of gold that was buried in the Forbidden City. Certain eunuchs who knew the secret of the location of this gold have disappeared.

FIRED ON BY STRIKERS.

Deputy United States Marshal Had to Flee—Attempted to Seize Injunction.

Huntington, W. Va., June 27.—Yesterday a posse of deputy United States marshals were fired on by the strikers, and forced to flee from the coal fields at Matewan. On their journey to Bluefield the officers were forced to travel 25 miles on foot, owing to the destruction of the railroad by floods. Immediately upon their reaching Matewan they began serving notices of the injunction, which had been issued by Judge Jackson, of the Federal court. A mob of strikers occupying the armory, and the teeth with them. On all sides could be heard the cry: "Down with government by injunction." Women called the vengeance of heaven upon the marshals, and children hurled stones at them. When nightfall came, homes had been served on the strikers of all the coal companies but one, and they were to be served at Thacker. Fearing an ambush, the officers waited until morning, and early yesterday set out for Thacker. Some time before noon they attempted to reach the town, but were met by the strikers of all the coal companies but one, and they were to be served at Thacker.
