Malabar Chasing. Henry H. Gilroy, reading clerk of the United States senate, has gone to London to hunt one of those fabulous "fortunes" which are sometimes heard of but never realized, and all his old Oregon friends in Salem and elsewhere were in hopes he might break the record and return with a big fortune for himself and all the heirs who were interested.

The following dispatch from London last Thursday, however, dispels all such hopes: "H. H. Gilroy, a legislative clerk of the United States senate, is now here, trying to trace the estate of William Baskett, supposed to have been a London banker, and said to have recently died, leaving 25,000,000 (\$25,000,000) the principal heirs being the Basketts of Polk county, Oregon."

"A story purporting to have originated in London, and giving details of the death, was printed in a Salem paper (Gilroy's uncle) but the slightest trace of the banker, Baskett, and the death of a man answering the description has not been recorded at Somerset House, the office of the Registrar-General of birth, deaths and marriages."—Statesman.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by. When strength is full and spirits high, we are being refreshed, bone, muscle, and brain, in body and mind, with continual flow of rich blood.

This is health. When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutrient in it.

Back of the blood, is food to keep the blood rich. When it fails, take Scott's emulsion of cod-liver oil. It sets the whole body going again—man, woman and child.

The West Side Store will be finally closed on the evening of July 4, and will be moved to Salem directly thereafter. If you wish to avail yourself of any of the big bargains, do so between now and that date.

G. W. Losey, a carpenter, age 68 years residing with his son-in-law and daughter in West Salem, Polk county, met with a serious accident Monday afternoon, while working on the roof of his daughter's house. Whether the old man slipped, or whether the heat overpowered him, is not known; but he fell from the two-story house to the ground, a distance of 25 feet, his left breast coming in violent contact with a porch railing, crushing it and breaking and splintering six ribs. He was picked up in an unconscious condition, and was immediately placed in the care of a physician, but there is small hope of his recovery. Mr. Losey is a widower, and besides the daughter with whom he made his home, he has one daughter in Arizona, and one at Amity, Oregon, while one son lives at Oriley, Oregon.

An Excursion to Cincinnati. The official route selected by the Society of Christian Endeavor for their International meeting at Cincinnati, Ohio, July 6th to 10th, is O. R. & N. Co., Oregon Short Line, Rio Grande Western Ry., Denver & Rio Grande R. R., Burlington and Big Four systems.

The delegates and their friends will leave Portland on the evening of July 1st, stopping enroute at Salt Lake City, where they will be joined by the California and Utah delegations.

Cordial invitation is extended to all, whether Endeavorers or otherwise, who are contemplating an eastern trip, to join the party.

Further particulars may be obtained from Rev. A. J. Montgomery, transportation manager, Oregon City, Or., or the Rio Grande Western Ry., No. 122 A Third Street, Portland, Oregon.

The fruit crop of Oregon, of nearly all kinds, will be large this year, and yet fairly good prices are anticipated, as have been realized so far in the case of berries. This is due chiefly to more fruit canneries and an increased demand abroad for Oregon canned fruit. This demand will grow, if care be taken in putting up fruit, to very large proportions, and Oregon's fruit industry should become, in a few years, second to but one or two in the state.

Unnecessary Loss of Time. Mr. W. B. Whedon, cashier of the First National Bank of Winterport, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the drug-ger here and informed me that one dose
