It is reported that the postoffice at Newport is a fright as it is not equipped for handling the mails for several months. It may be all right in the winter season when only the good natured and slow-going residents are looked. This is a matter that should be looked into and if more help is needed, it should be provided.

A. R. Ross, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. It's guaranteed. A. S. Locke.

The excursion given by the Knights and Ladies of Security, of Portland, was a grand success. The train, consisting of eleven coaches, left Portland with about five hundred excursionists and picked up large numbers at the several stations along the line swelling the crowd to nearly one thousand before reaching this city. The excursionists were met at the station by the Moonmouth band and escorted to the park where excellent music was rendered. In the afternoon many of the picnicers divided up into small groups and sought the shady banks of the Willamette, but the majority remained at the park to listen to the band and otherwise amuse themselves.

CARNIVAL AT PORTLAND.

The business men of Portland have subscribed \$15,000 to guarantee the expenses of a carnival to be held in the Exposition building from Sept. 18 to Oct. 19.

A notable exhibit of all the industries of the Pacific Northwest will be made in the big Exposition building, and athletic exercises, a horse show and a military tournament will be held on Multnomah Field adjoining. Two full military bands have been engaged and there will be many fine features in the amusement line.

The Carnival is in charge of a committee comprising 25 representative business men, of which Gen. Owen Summers is president, I. N. Fleischer vice-president, A. R. Steinbach treasurer, and J. D. Mann secretary.

With such men at the head of the affair, the Carnival is sure to be well worth visiting.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Tower, of Emporia, Kan. "My neighbor across the street and I were sick for a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so he changed him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost Eosy flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it is the best medicine I have ever tried." For sale by Kirkland Drug Co.

LANDS WILL BE OPENED.

On the 30th day of next month there will be thrown open to settlers two townships of the Cascade Forest Reserve, situated west of Silver Lake.

The opening of this land for the entrance of settlers has been accomplished largely through the efforts of the Little Deschutes Irrigation Company, who owns a large irrigating ditch in that country and some 13 sections of land along the course of the ditch. The company will extend their ditch into the area of land that is to be opened for settlement.

It is expected that there will be a general rush for these lands, as they are very productive, and when irrigated will be doubly so. The result is watched with keenest interest throughout Southern Oregon.

Use Bannor Salve, the great healer.

A Serious Accident.

A 12-year-old boy, son of T. Davidson, who lives near Lewisville, this county, was taken to the Florence Sanatorium in Salem Monday to receive medical treatment for serious injury to his face and eyes, caused by the premature explosion of a small can of powder.

He had been practicing with a miniature blasting outfit, having some powder, a tin can, a piece of fuse and some matches as the necessary materials. The fuse was all right until a lighted match dropped into the powder instead of communicating with the fuse when there was an explosion and the boy's face and eyes received the full charge. His face was blackened and a large portion of his hair was burned off, but the most serious damage was to his eyes, the ball of which were penetrated by the black burning explosive. Fears were entertained at first that his eye-sight was destroyed, but after a careful examination by Dr. A. R. Gillis, an eye specialist, it is announced that the boy's sight is not destroyed.

Atounded the Editor.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For Indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at Kirkland's drug store.

A company in Texas owning a million acres of forest land allows no tree of less than a foot in diameter to be cut and requires the smaller trees to be carefully protected. "If this sensible plan," says the Philadelphia Record, "had been adopted a century ago still be producing large quantities of marketable lumber, with no prospect of extinction." But those forests are now a barren waste and people can only raminate on what might have been.
