

# DOUTY'S ALL AROUND STORE

Well how are you anyhow?

We are feeling pretty good just now, had a good spring and summer trade, but then its a little quiet just at present, couldn't expect anything else, all the farmers busy, working sixteen hours a day, and other people at the coast eating clams, makes things quiet for store folks, but its all in a lifetime and we are satisfied. Come in when you are in town, we are getting lots of new goods now, look them over and see how you like our newly arranged store. Our prices are so low you can't stumble over them.

## STRAW HATS

Don't sunburn yourself when we sell good harvest hats for 5 cents each.

We also have a good line of Crash hats.

We are having such a large sale on our 25 cent work shirts, for summer wear that we have reordered.

We carry 35, 40, 45, 50, 65 and 75 cent GRADES also.

## FRUIT JARS

We have a large stock of the best jars and jelly glasses.

## LADIES SHOES

If you want to see some swell shoes, we have them. New ones coming in every day. Always come in and see us when you want the latest.

## A Word About Groceries

Don't it beat all how high meat and lard is? Well we sell the very nicest hams for 15 cents a pound, that isn't bad, and bacon for 13 cents.

SUGAR took a big jump backwards, we have just unloaded a car of the best San Francisco sugar at the bottom price, there are lots of inferior sugars on the market now, if you buy here you get the best.

Try the New berry granulated sugar, it's fine.

PRODUCE, bring in your butter and eggs, we want them.

### Weekly Crop Bulletin.

Portland, Ore., Monday, Aug 19, '01.

#### GENERAL SUMMARY.

The weather turned cooler during the latter portion of the week, and at its close temperatures below the normal prevailed in all parts of the state. No rain has fallen in the wheat sections of eastern Oregon since the middle of July and none of consequence has occurred in the Willamette valley since July 3. Good rains, however, fell Sunday in the east central sections of the state, which will help the ranges, but more rain is needed in all parts of the state for pastures and late crops, such as hops, potatoes, corn, gardens and fruit. Returns from the wheat fields continue favorable. The fall wheat harvest is nearly finished and spring wheat cutting is well advanced. Thrashing is in active progress and nearly everywhere the berry is reported plump and the weight and grade good.

The second crop of alfalfa has been cut and safely secured. The yields were somewhat uneven, but, on the whole, averaged about the same as usual. The hay crop in the coast counties has been secured in excellent condition, with yield above the average. Hops are making rapid advancement, and picking will begin early this year. The growth of the hop vine has not been sufficient to make a large crop and the yields will be considerably less than last year, but the quality will be better.

Potatoes are remarkably free from blight. The yield of early planted potatoes has been materially reduced through dry weather, and without rain a week or two the crop of late-planted potatoes will also be a light one. Onions in Washington county are reported as doing splendidly.

Stock continues doing fairly well, considering the poor pasturage, but there has been a slight shrinkage in the supply of milk received at the creameries. The weather has been to dry and hot

for fruit, and prunes are dropping more than usual in many sections in the Willamette valley and in southern Oregon. The crop, however, promises to be a fair one, and the drying plants are being put in readiness for operation.

## THE NEW YORK WORLD

Thrice-a-Week Edition.  
THE MOST WIDELY READ NEWS-PAPER IN AMERICA.

Times has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially. Whether that news be political or otherwise. It is in fact, almost a daily at the price of a weekly and you cannot afford to be without it.

Republican and Democrat alike can read the Thrice-a-Week World with absolute confidence in its truth.

In addition to news, it publishes first class serial stories and other features suited to the home and fireside. The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and The West Side together one year for \$1.75. The regular subscription price of the two papers is \$2.50.

### Strenuous Navigation.

The up-river men report a dry and gravelly time of it on the run to Salem, says the Statesman. There is only 21 inches of water on the bar at Lambert's landing and Fire Island, and the Pomona and Altona are about the only boats that can get much further than Mission Landing. These craft limit their loads to 15 tons each and warp themselves over by vigorous use of capstans and lines.

There is plenty of water on these places but it is spread out over a quarter mile or so and the result is the lowest bar within the memory of many old timers. A brace or two of permanent and not over-costly wing dams would keep these obstructions scored out and obviate much labor and profanity.

### Only \$5.00 to Kansas City FOR A TOURIST BERTH.

If you are going to any point east you can purchase your ticket over the Burlington Route by telling the ticket agent at your railroad station that you want to go over his line and the Burlington either by way of Salt Lake City, Denver, Billings, Mont., St. Paul or Omaha. The rates via the Burlington are the very lowest, service the very best to be had, time the quickest and if you want a berth in the tourist car it will cost you only \$5.00 to Kansas City, Omaha, or St. Paul. Reclining chair cars on all Burlington Route trains seats free.

Write for rates and full particulars before making other arrangements. We sell you ever the Southern, Northern, Great Northern, Canadian, Oregon Short Line, Union Pacific and Rio Grande, "Scenic Line of the World." Address R. W. Foster Ticket Agent Burlington Route Corner Third and Stark Streets, Portland Or.

It is all right for manufacturing concerns to combine in trusts to regulate not only the price of the products to consumers, but also the price of labor, but when labor combines in self-protection then the manufacturers suddenly open their eyes to the evil of combinations. The trusts want all the sweets, and as they have the protection of unjust tariff laws are certain to get most of the sugar.

The steel trust is ruining towns inhabited by innocent people by dismantling its mills, and the longshoremen's association in California is ruining the fruit growers of that state, against whom they have no grudge, by refusing to permit the ripe fruit to be shipped. How long will the public continue to permit itself to be injured by private warfare between associations in which it has no part?

Evidently no effort has been spared to make The Ladies Home Journal for August a positive boon to its readers during these warm midsummer days. Its light, readable articles, bright stories, clever poems, charming music, and numerous beautiful illustrations afford the easiest and pleasantest kind of entertainment for leisure hours. Enchanting views of the lovely scenery in the Engadine Valley and among the Swiss and Italian lakes as well as such delightful articles as "The Singing Village of Germany" and "What Girl-Life in Italy Means," allure the thoughts to foreign lands, while there are timely suggestions about "The Picnic Basket," "Keeping a House Cool in Dog-Days," and "Sea-Side Toys and How to Make Them." Other thoroughly interesting contributions are "The First White Baby Born in the Northwest," "My Boarding-School for Girls" and the usual card department articles. By The Curtis Publishing Company, Philadelphia. One dollar a year; ten cents a copy.
