THURSDAY, AUGUST 29, 1901.

A Gratifying Result.

An Alabama Sheriff and his assistants did a good job yesterday, that will have some weight to counterbalance the bad reputation which southern states have gained for lynching accused negroes. A negro who had assaulted a woman had been tried, proven guilty, and, under an Alabama law, condemned to death. There was no doubt that the sentence would be promptly carried out. The father of the outraged girl pleaded with the mob to let the law take its course, patriotically and nobly saying: "If you have any respect for my feelings, if I can have any weight in your hearts, let me urge you, as good citizens, to go home and obey the law, and I will never cease to thank you from the bottom of my heart."

Yet a mob of men gathered and began firing into the court house and at the officers. The fire was returned and two of the would-be Lynchers were mortally wounded.

They then dispersed, and the criminal was saved for a legal execution. This is a gratifying and valuable termination of the incident. This should be the result in other such cases, until Lynchers learn that it is as likely to be some of them, rather than the prisoner who will suffer death in the affair.

If there is ever any excuse for lynching there was certainly none in the case, as there was if possible even less in the case of the mob at Pierce City, Mo., who a few days ago, on account of one negro's alleged crime, began to drive out, with fire and shotguns, destroying their homes and killing or wounding several innocent people, all the negroes of the place. Stern punishment should somehow be meted out to the leaders of such mobs.—Telegraph.

WIVES CURE YOUR HUSBANDS! CHILDREN CURE YOUR FATHERS!! This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "CURE" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. DO NOT WAIT. Do not be deluded by apparent and misleading "Improvement." Drive out the disease at once and for all time. The "HOME GOLD CURE" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of One Dollar. Address Dept. E906 EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

All correspondence strictly confidential.

Among the telegraphic dispatches from different parts of the state we notice where a number of electric light plants were compelled to shut down on account of the fuse blocks being burned out. Notwithstanding the fact that the storm was undoubtedly as severe in this locality as elsewhere in the state the electric light plant here continued to run as though nothing unusual was happening, not so much as a flicker being noticeable in the lights, which fact is due to the up-to-date methods of the managers, who keep their plant equipped with all the late improvements, among the latest being a lightning arrester, which serves to direct the current into the ground instead of allowing it to enter the fuse blocks and thereby disabling the plant.

West Side and Pacific Homestead, one year, \$2.

THE HOME GOLD CURE.

An Ingenious Treatment by which Drunkards are Being Cured Daily in Spite of Themselves.

No Noxious Drugs. No Weakening of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Soberers may now cure themselves at home without publicity or loss of time from business by this wonderful "HOME GOLD CURE," which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of Drunkards into sober, industrious and upright men.

The Atlanta Journal cites the case of a Georgia farmer who, cultivating 400 acres of land, nets about \$5000 a year, on an investment of a little more than \$10,000. The like is done by not a few in Oregon and Washington; and yet the sons of farmers flock to the cities for small salaries and hard work.

Proprietary does the trick. Out of 400 school teachers who sailed for Manila on the Thomas 30 couples got married on reaching Honolulu. This seems like "benevolent assimilation" sure enough.

It should be respectfully intimated to the Amalgamated Association that no permanent peace is possible unless the manufacturers have some assurance that their employees will keep their contracts. President Shaffer did an ill turn to organize labor when he persuaded his men to break their agreements without reason—even if they were only contacts with the steel trust.

Von Waldersee is expected to write a book entitled "How I, Emperor William and God conquered China."
