Young people's societies will be organized in the near future.

**Chamberlain's Cough Remedy a Great Favorite.**

The soothing and healing properties of this remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with people everywhere. It is especially prized by mothers of small children for colds, croup and whooping cough, as it always affords quick relief, and it contains no opium or other harmful drugs. It may be given as confidently to a baby as to an adult. For sale by Kirkland Drug Co.

Hop-picking began Monday in a few of the yards here although most of the growers did not commence until Wednesday. The country is full of pickers, about 5000 being the number employed within a radius of 5 miles of this city. The weather is all that can be desired, and everything points to a good and speedy harvest. Although the output will not be above the average, the quality of the hops this year will be far superior to any ever raised in this country before, which fact is due principally to the excellent weather that has prevailed for the past two months.

**A Night of Terror.**

"A fearful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctor said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her. This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and \$1.00. Trial bottles free at Kirkland's drug store.

The grain harvest in this county is practically over, and farmers report yields of higher average than usual. Although the average fields yielded between 25 and 30 bushels per acre, there were many that reached the 35 mark, and some went as high as 40. The wheat was also excellent in quality. Oats and barley yielded handsomely throughout and, taken as a whole, the 1901 crop is counted as the best for ten years.

**Stood Death Off.**

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says, "My brother was laid out with malaria fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued to use it until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50c at Kirkland's drug store.

**Died.**

STUMP—J. B. Stump, an old and respected resident of this county, died of heart failure at his farm a few miles south of Monmouth on Thursday, August 29.

Mr. Stump was one of the best known men in this part of the state. He had served two terms in the Oregon legislature, in 1876 and in 1899, and had been an active worker in the State Grange, for which order he served as state treasurer during the year of 1891. He was born in Ohio in 1832, and was reared on a farm. He received a common school education, and at the age of 20 engaged in country teaching. When 22 years of age he came to Oregon, siding in driving a flock of sheep across the plains. After coming to Oregon Mr. Stump taught school five years near Monmouth and then turned his attention to farming. He had been successful in his business affairs, and at the time of his death was comfortably situated financially. His progressive methods made him a valuable leader in agricultural circles. In 1859 Mr. Stump was married to Martha A. Davidson, who survives him. He also leaves a son, Fred, and a daughter, Mrs. C. S. Hamilton, both of Salem.

The funeral services were conducted from the family residence in Salem Sunday afternoon, Rev. W. G. Elliot, pastor of the Unitarian church, of Salem, conducting the services.

**No Relief for 20 Years.**

"I had bronchitis for twenty years," writes Mrs. Minerva Smith of Danville, Ill., "and never got relief until I used FOLEY'S HONEY AND TAR which is a sure cure for throat and lung diseases." A. S. Locke.

## ASTHMA CURE FREE!

**Asthmalene Brings Instant Relief and Permanent Cure in all Cases**

Sent Absolutely Free on Receipt of Postal.

Write Your Name and Address Plainly.

**CHAINED FOR TEN YEARS**

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. S. Wells, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overpromised yourself, but resolved to give it a trial. To my astonishment the trial acted like a charm. Send me a full-size bottle."

Rev. Dr. Morris Wechsler, Rabbi of the Cong. Bnai Israel, New York, Jan. 3, 1901.

Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all trouble which combine with Asthma. Its success is astonishing and wonderful.

REV. DR. MORRIS WECHSLER, Avon Springs, N. Y., Feb. 1, 1901.

Dr. Taft Bros. Medicine Co. Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I changed to see your sign upon your window on 10th street New York. I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her asthma had disappeared and she is entirely free from all symptoms. I feel that I can confidently recommend the medicine to all who are afflicted with this distressing disease.

Yours Respectfully, O. D. PHELPS, M. D. Feb. 5, 1901.

Dr. Taft Bros. Medicine Co. Gentlemen: I was troubled with asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle, and I am ever grateful. I have a family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home address 235 Rivington street.

**Consumption Threatened.**  
C. Unger, 212 Maple St., Campaign, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had consumption. I tried a great many remedies and was under the care of a physician for several months. I used one bottle of FOLEY'S HONEY AND TAR. It cured me and I have not been troubled since." A. S. Locke.

Rev. A. A. Winters, of Dallas, and Miss Henry, of Lafayette, were married Wednesday evening at five o'clock at the residence of the bride's brother, M. A. Henry, of Lafayette. Immediately after the ceremony they took the train for Dallas and came over here the same evening on the motor. They left on this morning's train for Newport where they will spend their honeymoon.

A whole novel in each number of Lippincott's Magazine is its winning feature. For railway travel or idling on a hotel porch this gives several hours of continuous diversion as against the lazing in a seat of the continued story. In the August number the Complete Novel is "The Lifting of a Finger," by Ina Brovot Roberts, a story of gay society life, without a break in interest.

people on the other side of him ready to attend to that check, and two or three chorus girls hit him over the head with their umbrellas. Altogether, he spent the next few minutes being hustled about and thrashed, while horse rested and looked on, and it is to be hoped that the animal enjoyed it. As soon as the policeman could get by the crowd he marched his prisoner off to jail.

Of course, it is not to be argued that it is always best for the public to take the law into its own hands but there are times when it seems unavoidable. If the man had been mistreating a woman or small boy on Broadway at this time of day, or at any time, when there was a crowd about, he would probably have been made to suffer quite as severely, and the spectators would not have waited for the police. The kind of rascal who is given to pounding those who are manifestly unable to defend themselves against him knows perfectly well that the public will not stand any doings of this sort in public. He therefore confines that sort of brutality to the privacy of his own home. He has enough intelligence and self-control to do that. There is no reason why he should not be made feel the need of self-restraint in the case of a horse or any other dumb animal. The trouble has been hitherto that the public conscience was not sufficiently awake to notice whenever a big, rough bully thrashed a horse. It should be thus awakened. It is just as proper for a crowd to stop that kind of proceeding as for the passes-by to interfere to stop any other sort of misdemeanor until the police arrive. One cannot feel sorry for the individual that figures in this case. He was big, strong and healthy, and he suffered for a few minutes a modified form of the misery he had inflicted on a wretched, sick, half-starved animal whose life he had made a perpetual calvary.

With the transfer of C. H. Markham to San Francisco, Oregon loses one of its energetic state builders. As general passenger and ticket agent of the Southern Pacific, Mr. Markham has been a busy man, but not too busy to put in some valuable time on the outside working up the creamery interests and other progressive movements that are beneficial to the agricultural development of the state.

After a steady run of four weeks in the southern part of the county, J. A. Whitrow's threshing outfit completed its season's work last Saturday night. Mr. Whitrow reports a very good and prosperous run, and says that all the grain he threshed was first-class in every respect. During the entire run the grain averaged between 25 and 30 bushels to the acre.

**Summary Justice.**  
There was a disturbance in New York not long ago. A starved tired sick horse was dragging a truck loaded with coping stones along Broadway. Its strength gave out and it dropped. The driver belabored the wretched animal with a heavy whip, jerked with all his strength upon the reins and finally pulled the horse up to its knees. Then he renewed his beating.

This performance caused a crowd
