## CAPTAIN "SKIPPY" STIRS THINGS UP ON LINER

Plans Big Program of Sports, but Ship's Commander Figures on Safety First.

In America Captain "Skippy" would get credit for being a "self starter," or perhaps a "stem-winder."  
He does not smoke, nor drink. He is twenty-one, blonde, pink cheeked and rushes about bareheaded always, like a schoolboy at picnic. And the first day out he started the good American school girl game of skipping the rope, thus winning his title.  
But he is a "go-getter." He got on and off of Gallipoli. No boy's campaign that for the officers and men. "Skippy" has gone out and got a war cross for bravery. He also got himself a captaincy in the British army; and he has come safely through three years of war.  
Outside the smoking room—it is not on record that he infests that spot—the captain has been just about the life of the party. He started galloping promenades with nurses, stealing them right and left. Starting also dissensions and mutterings among the less fortunate.  
A few days later he was collecting a "buck" from everybody and presenting a purse to the band. It was he who discovered the ship's "gramophone" and had it carried about deck. At the same time he was organizing "sports" and making a speech to the assembled American officers, enlisting their aid in mustering out their talent.  
"We'll have pillow fights, tug of war, potato races, you know; no end of fun," he said, "and we'll give some prizes—a wooden spoon or some such rot."  
It was going great guns when the captain of the ship explained it wouldn't be safe to try to crowd the entire ship's company at one spot on the boat. Plans have been changed and the movement goes forward now for a mighty concert in the first cabin dining room.  
REFUSED NATURALIZATION  
Austrian Has Two Sons in the United States Army.  
Anton Kugler, forty-one years old, of St. Louis, who has two sons in the military service of the United States, has been refused final naturalization papers. He is a native of Hungary and came to St. Louis in 1904.  
One of the sons, Rudolph, eighteen, is an enlisted man in the regular army. The other, Frank, sixteen, is with a hospital unit in Georgia. Both enlisted with their father's consent before the state of war with Austria-Hungary.  
Kugler was deeply affected when informed that he could not become naturalized while the country was at war with this native land. "I want to be an American!" he cried. "I have given my boys to the country."  
HOW REIMS WAS BATTERED BY SHELLS  

This extraordinary photograph shows how grievously Reims has been battered by the latest enemy bombardments. Ecrevisse street shown here is cluttered with ruins, and along its entire length there is not a house left standing uninjured.  
—x—  
Here's the Dope.  
One of the men employed in the rope walk at the Charlestown navy yard has written the following lines, and a copy of them has been posted near the rope plant, where it is attracting much attention from sailors and civilians:  
HERE'S THE DOPE  
We make the rope  
That rings the bell  
That sounds the knell  
That sends the Kaiser  
Back to Hell.

Carp, Not a Submarine.  
West side residents at Union City, Mich., were terrified recently by a report that a German submarine had been sighted in the St. Joseph river, at Union City, Mich. The first farmer to reach the river, armed with a shotgun, found a German carp instead. He clubbed the fish to death with the butt of his gun and dragged it home. It weighed 35 pounds.
