

IS AS FATAL AS WAR
Tuberculosis Kills as Many as Fall From Bullets.

Dr. Livingstone Farrand Appeals to People to Enter Battle Against Disease.

New York.—Mortality from tuberculosis among the civilian population and in the armies of all the countries engaged in the war has at least approximated the total number of soldiers killed in battle, according to Dr. Livingstone Farrand, director of the American commission for the prevention of tuberculosis in France.

That the people of America throw themselves into the winning of the war against tuberculosis with the same zeal with which they have hurled themselves against the Hun is the burden of an appeal made by Doctor Farrand on the eve of his return to France.

"To make our country really safe we must first make it healthy," is the slogan Doctor Farrand suggests for this war against disease.

Of the men called to the colors by the first draft 50,000 were found to be tubercular. This is one of the striking indications of the prevalence of the disease.

"While the war has thus effectually disclosed conditions which existed before, rather than produced these conditions, it is also true that in indirect ways it has substantially increased the tuberculosis problem in the European countries involved," says Doctor Farrand.

"I refer not to the situation in the armies, where the mode of life often tends to reduce this disease, but to conditions which affect the civilian population."

Increased food, clothing and housing costs necessitating, among the lower wage groups, diminished quantity and quality and their resultant undernutrition, are given as contributing causes.

A nation-wide campaign against the disease and for adequate provision for rejected and discharged soldiers suffering from it is planned through 1,500 local societies of the National Tuberculosis association.

DOUBLE OF CZAR'S DAUGHTER

Mrs. Ariadne Roomanov, wife of Kerensky's secretary, experienced an unusual surprise when she arrived in Tokyo. She is the double of Tatiana, daughter of the former czar, who was reported on her way to America. Mrs. Roomanov was offered an entire wing of the imperial palace at Tokyo for her accommodation while in the Japanese capital, it being the belief that she really was the daughter of the czar.

WOULD FIGHT HIS FATHER

Man Whose Sire is Captain in Hun Army Seeks Enlistment With Yanks.

Denver, Colo.—In making application for the privilege of fighting with the American army in France, Eugene Casper, twenty-two, told Denver recruiting officers he would not hesitate to fire against a certain unit of the German army, of which his father is captain and in which two of his brothers are fighting. Casper, who has been in the United States less than three years, has received only his first papers in naturalization. He will not be admitted to military service at once.

He is a son of Capt. Gustav Casper, of the German army. David Holzworth, a resident of Denver, former captain in the kaiser's army, and an uncle of young Casper, has a son in the American army.

ALABAMA FIRST TO CAPTURE HUNS

Chaplain Tells of Exploits of Rainbow Division.

STRIKE TERROR TO ENEMY

American Boys Refuse to Give Inch to Savage Hordes of Beast of Berlin—Untold Cruelties Left in Wake of Barbarians Would Shame the Old-Time American Redskin—Yanks Are Bravest of Soldiers.

Letters received here from officers and men of the Rainbow division, who were under canvas on the Hempstead Plains, L. I., before being sent to France have created intense enthusiasm when read to the scores soon to leave for foreign service.

Chaplain Emmet P. Smith of the 167th Alabama infantry, writes that he was the first man in the Rainbow division to draw the enemy fire.

"We had just moved up over the front," says Chaplain Smith, "when the first bomb fell in our camp thrown by an enemy airman. It fell about 100 feet from where I was standing, throwing mud, pebbles and pieces of shrapnel all about me, causing me to spill my cupful of hot coffee on my uniform and to beat a hasty retreat to a place of safety."

"I am glad to tell you that the Rainbow boys are making great history over here in France. We are all in good spirits and full of 'pep' and ready to go over at all times. Plenty of wholesome food for every man, good, comfortable clothing and first-class equipment. We could not ask for anything better, unless it is another million men from the states to help us administer the knockout blow to the kaiser and his barbarians."

Carry Terror to Hun.
"Our outfit carried terror to the heart of the Hun on more than one occasion, and our boys took possession of No Man's Land the first day. "Alabama captured the first prisoners unaided by the French that any American outfit pulled off, receiving the unstinted praise of the French and American officers. Quite a number of our boys wear war medals. We hope to meet again the many residents of Long Island towns who did so much to show their wholehearted hospitality to us at Camp Mills. We hope to meet them again as men who did our best to make the world free from the domination of the unspeakable Hun."

"By the way, every German sympathizer in America ought to see what untold cruelties the Hun has left behind him. He made war on old men and helpless women and outraged tender girls and mutilated little boys. The true story of the Hun and his brutality can never be told, for many things I have seen are too horrible for the mind of a civilized person to believe. We must win this war or the world will be a hell and a slave market for German war lords to terrorize."

Bravest of the Brave.
"Let the good people in the states stand by us. Send men, guns, airplanes by the thousands and thus bring the war to a speedy and definite ending and save civilization from being destroyed by modern barbarians, whose 'kultur' is terrorism and whose method of warfare would shame the old-time American redskin."

"Our American boys refuse to give an inch to the Hun. No braver men ever followed a flag than men of America in France. The New York regiment, the old Sixty-ninth, are good fighters, and they are facing the enemy like heroes. Father Duffy, the chaplain of the Sixty-ninth, is every inch a man and a soldier and the regiment is fortunate in having such a good man as chaplain. Best wishes, Your friend, E. P. SMITH, "Chaplain 167th Infantry."

Chaplain Smith resigned his pastorate to go with the famous Alabama regiment selected for the Rainbow division. He is one of the most noted of scholarly clergymen in the Southland.

DOWN ON THE FARM

I kind-a miss the trolley cars a-lumbering 'long the track, And the screech and scream of traffic seems to sort-a call me back; There ain't a thing to keep the mind a working hour by hour— Down on the farm where Man is boss and Rush has lost its power. It's kind-a slow and solemn like, with nothing much to say, Because you don't fit in just right with country "folks" way; There's never any sort of change in scenery 'round about, And some-way folks ain't caring much for hip, hurrah and shout; You never hear a whistle and you never hear a bell; The rattle of a wagon wheel but seldom breaks the spell. The country dogs, unlike their kin in cities, keep quite still, And leave the drowsy cat to snooze upon the window sill; The birds don't wake at midnight in the near-by cherry tree, And stir up a great commotion like the city birds you see. The folks keep busy 'tending to their own affairs all day, And now and then they gather in the old white church to pray; The skies seem sort-a peaceful, and the winds are soft and low, And you sense the "restful atmosphere" most everywhere you go.

But I kind-a miss the lumbering cars a-rumbling 'long the track, And I sort-a have a notion that I'll soon be beating back.

DECLINE IN PRICE OF CALICO DID NOT CLOSE EOALA STORE

While speaking in Linn county recently, Mr. P. D. Gilbert told his audience that because calico declined in price from 65 cents to 5 cents per yard at the close of the Civil war, the proprietor of the merchandising establishment at Eola closed his doors never to open again, and that the stock still remained there in decay. The Observer last week printed the story as related by Mr. Gilbert, only to find later that it had no foundation. Mr. J. C. Hayter, probably one of the best informed men on local history within the county, refutes the story, and says there is absolutely no truth in it.—Polk County Observer.
