Leave it to Wilson. Let the President name the terms of peace. If he does so, the world will be assured of a settlement that will not only eliminate Hun militarism, but militarism under any other name will find no fertile soil in any country.

A frantic appeal is being made to re-elect Mr. Hawley to congress. He will be elected all right—we can't help ourselves. His only opponent, a socialist, can hardly be expected to figure in the November reckoning. The resurrection against the reign of King Willis must come in the Republican party within its own family circle.

In a time of peace, Governor Withycombe would be defeated. We can go further and say that in a time of peace, he would not have been re-nominated. War or no war, if a majority of the people of Oregon want a change in the governor's chair, they should make such a change, and not be buncoed by any "war governor" stuff. It is political twaddle without merit. There are 25,000 men in the state who would make just as good a war governor as has Mr. Withycombe; in fact most of them would have done better.

says that down South the best people won't chew anything but Real Gravelly. They know how it's made—the Gravelly way. It costs nothing extra to chew this class of plug. A

small chew of Gravelly holds its good taste. That's why it lasts so much longer than a big chew of ordinary plug.

It goes further—that's why you can get the good taste of this class of tobacco without extra cost.

Fewer Eggs are required with ROYAL BAKING POWDER

In many recipes the number of eggs may be reduced with excellent results by using an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following recipe is a practical example:

Chocolate Sponge Roll

1/4 cups flour	2 tablespoons melted shortening
3/4 teaspoon salt	3/4 cup hot water
1 cup sugar	1 teaspoon vanilla
2 eggs	2 teaspoons Royal Baking Powder
2 squares melted chocolate	

The old method called for 4 eggs and no baking powder

DIRECTIONS—Sift flour, baking powder and salt together three times. Beat whole eggs. Add slowly sugar, then boiling water slowly; add next vanilla, melted chocolate and melted shortening, without beating. Sift in dry ingredients, and fold in as lightly as possible. Pour into large baking pan lined with oiled paper, and bake in slow oven twenty minutes. When done, turn out on a damp, hot cloth, spread with white icing and roll.

Booklet of recipes which economize in eggs and other expensive ingredients mailed free.

HOW YOUR MONEY WILL HELP "BOYS"

Official Statement of Seven Great Welfare Organizations.

Citizens of Oregon, in the week of November 11-18, will respond to the call of the United War Work Campaign for funds to make happy and effective the fighting men of the Nation. That the citizens will uphold the commonwealth's notable record in doing its share to win the war is taken for granted, once the needs are understood.

Oregon's quota in the joint drive of the seven great organizations doing war service work is \$770,000. President Wilson authorized this united drive and named the participating bodies. The purposes for which the funds are needed and to which they are dedicated are vital to the war's success.

The Y. M. C. A. has more than 2000 huts in the great battle zone and is ministering to the boys overseas, in trench and camp, leaving undone nothing it can do to help them. In America the "Y" is in every camp and cantonment. It is with the boys "crossing over" and, at request of the War Department, has recently joined in the task of instructing selectives even before they are called.

War work of the Y. W. C. A. is thus outlined by Mrs. William MacMaster, state chairman:

"Already we have in this country 2,000,000 women doing actual war work, while another 2,000,000 have released men for service by undertaking their work. To the Y. W. C. A., the best big sister in the world, has been committed by the government and military authorities the serious responsibility of directing the thought, creating the environment and furnishing the material needs of this army of girls. Already 105 hostess houses have been opened, War Service Clubs organized, the Patriotic League created, nurses sent where needed and now we are asked to furnish emergency housing for thousands of girl war workers."

John W. Kelley, associate drive director, says of the Knights of Columbus:

"Knights of Columbus halls are in operation in all cantonments, training camps and naval stations in the United States and the halls are also established with the American Expeditionary Forces in France, Italy, Russia and England. The motto is 'Everybody Welcome', service being given irrespective of race, creed, or rank. Millions of cigarettes, pipes, bouillon cubes, gum packages and tons of chocolate have been given free to the soldiers overseas. One of the specialties is the promotion of athletics and a considerable item in the budget is for baseball equipment, boxing gloves, etc. In the war zone the troops are followed with motor trucks which are virtually traveling huts, fully stocked with athletic goods, stationery, cigarettes, and the like."

Needs and activities of the Jewish Welfare Board, explained by Ben Selling, are:

"In one year the number of our field representatives has grown from 10 to 213. Now we are faced with the demand for 400 additional workers in this country and 100 overseas. The money going into our fund pays necessary expenses and salaries, furnishes Bibles and prayerbooks by the thousands and letterheads and envelopes by the million, and provides camp, educational and recreational activities for the fighters, both here and abroad."

"War Camp Community Service," explains Emory Olmstead, state chairman, "developed from the commission created by the War and Navy Departments, first known as the Fosdick Commission. The community is its particular field and thousands of workers are assisting the towns in caring for visiting soldiers and sailors, providing wholesome amusement and clean recreation and surrounding the camps with hospitality."

Functions of the American Library Association, says William L. Brewster, state chairman, are "to provide books and reading matter to the soldiers and sailors through co-operating agencies and directly." Thirty library buildings have been provided at cantonments; 3,750,000 donated books distributed; 1,000,000 books and tons of magazines sent abroad, and 600,000 needed military technical books bought and given the men.

These are some things the Salvation Army does, according to O. C. Bortzmeier, state chairman: "On lines of communication our huts are open day and night. Then, following their methods, our men and women go right to the trenches and distribute chocolate, coffee, doughnut, and pies. Sixty per cent of the 1900 workers are women. We have now 703 huts and 60 ambulances in service. In the past few months aid has been given the Red Cross in sending abroad 100,000 parcels."

Here's your chance—give to the Y. M. Y. W. K. of C., Salvation Army, Jewish Welfare Board, Library Association and the War Community Service and you help make a soldier, sailor or marine happier and better.

Do you want to get a good book to a soldier, sailor or marine? GIVE to the American Library Association.

GIVE to the war welfare agencies and keep up the morale of our fighting forces.

Send a doughnut to the front line by giving to the Salvation Army.

UNITED WAR FUND SURE TO BE NEEDED

Even End of Hostilities Would Not Change This.

Though the war should cease immediately it is said that every cent of the \$170,500,000 sought in the United War Work campaign in the United States, for the seven approved organizations ministering to the American fighters, will be needed just the same.

This is the word of leaders of the fund-raising campaign and their explanation is easily comprehended. In the first place, it has been officially estimated that 18 months to two years must elapse before all the American boys can be returned from foreign soil. There are the men of many other countries to be transported home when the war ends, so the number of boats for use of the Yankees will be limited. Then there is also the fact that thousands must remain so long as the great properties and stores of the United States have not been disposed of or returned.

Immediate cessation of war activities in Europe would plainly create grave problems connected with the care of the men. Remove the great motive which actuates every man at the front today and throw him into dull inactivity, with nothing much to do but await his chance to return to home and loved ones, and the work of keeping him cheerful increases in magnitude. The soldier's welfare organizations foresee all phases of this grave contingency. They foresee how great would be the need for reading matter, entertainments, amusements, recreation and the cheery personal touch.

PERSHING WARNS OF GERMAN PUBLICITY

Germany's efforts to involve the United States and her Allies into a consideration of peace terms and an armistice did not impress James F. Pershing, brother of General Pershing, as being sincere and designed to give the world what it is praying for. Mr. Pershing, who was in Oregon recently in the interest of the United War Work drive, which opens November 11, cautioned the American people against the too-common tendency to become apathetic under the idea that peace and the cessation of hostilities are at hand.

"When heaven is ready to negotiate with hell," he declared, "then will America be ready to make peace with Germany." He told of the great work being done in Europe by the Y. M. C. A., Knights of Columbus, Salvation Army and other agencies, and called on Americans to respond liberally in supporting the campaign about to open for raising money with which to carry on these activities.

GENERAL PERSHING MODEST MAN

"All that General Pershing wants now is the success of the American boys in France, and to avoid, so far as possible, any glory for himself," declared James F. Pershing, brother of America's leader in the field, in an address delivered in Portland recently in behalf of the United War Work drive, which opens November 11. The speaker paid a tribute to the men in the ranks, and gave his audience an idea of the high esteem in which the boys are held by their commander. He showed the importance of war work in this country as an imperative necessity to the victory of the Allies in the battles for Democracy, and urged that no diminution in speed be allowed to result through recent peace proposals. Unqualified indorsement of the United War Work drive was voiced by Mr. Pershing who is one of the leading authorities on conditions now existing along the battlefield, and he was especially desirous that there be no relaxation of efforts in behalf of the several war work funds.

Best Big Sisters.

The Y. W. C. A. is known as "The Best Big Sister in the World." Of the \$170,500,000 to be raised in the United War Work Campaign \$15,000,000 will go to the work of this organization.

Hospitality to the fighting man and to his visiting friends, is the motto of the War Community Service, a mighty necessary thing.

"CARRY ON," IS OFFICIAL CRY

The caution issued recently in Portland by James F. Pershing, brother of General Pershing, against relaxation of war work activities, has been echoed in messages issued by departmental heads in Washington, D. C., copies of which were sent to Executive Secretary John Kollock, of the Oregon State Council of Defense. "Carry on" is the theme of those telegrams, whose senders felt the German peace proposals might interfere with campaign plans just formulated. Consequently, the United War Work drive, which opens November 11, will be conducted with even more vigor than had Germany not sought to bring about peace on her own terms. The departmental heads, as well as Mr. Pershing, emphasize the need of continued activities by the several affiliated organizations participating in the drive, even after hostilities have ceased.

MISUNDERSTANDING CLEARED UP

A misunderstanding relative to the canteen work of the Y. M. C. A. has been cleared up by the War Department, which issued the following:

"Matter of prices asked by Young Men's Christian Association for its articles sold in canteens overseas already investigated by war department and condition is being remedied. The Young Men's Christian Association was originally asked by General Pershing to run the canteens for the army on a cost basis. In order to do this it had to reckon in price fixing such overhead charges as transportation charges and marine insurance so that prices were much higher than in this country.

"The Young Men's Christian Association made no profits, but lost thousands of dollars. Arrangements now made will enable them to obtain supplies from sources that will reduce overhead charges and keep prices down."

Huts for Nurses.

Huts for nurses are maintained by the Y. W. C. A. at the base hospitals in France. To extend this work a portion of the United War Work funds to be raised in November will be used.

PERSHING'S "DO WITHOUT IT" CLUBS

Organization of "do without it" clubs in America, as a means of aiding the United War Work campaign, which opens November 11, was recommended by James F. Pershing, brother of General Pershing, in an address delivered recently in Portland in behalf of the drive. He urged the American people to make some sacrifices in order to help "carry on" the great undertaking that is to furnish money for war work in the battle zone during the coming year. A great percentage of American people, he said, do not know, from any sacrifices made thus far, that a war is in progress. Relaxation of activities because of peace proposals, he declared, should not be tolerated, and asked people of the country to throw their whole energy and co-operation behind this latest drive for securing funds for the seven big war-working agencies consolidated in the campaign.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

WHAT SCOUTING REALLY IS

Scouting is the process of making real men out of real boys, by a real program which works.

Scouting is a happy, wholesome, worthwhile, outdoor school.

Scouting is a huge, splendidly organized game, a progressive game. It gets somewhere.

Scouting is more than a game. It teaches signaling and first aid and fire fighting and outdoor cookery and a host of other useful and important things. It teaches also self-reliance and helpfulness, courage and courtesy, loyalty and reverence, patriotism and honor.

Scouting is nonsectarian, though its ideals are in accord with those of the modern church and it is based upon a pledged allegiance to the service of God, the brotherhood of man.

Scouting is not organized for war service, not yet exclusively for peace service. It is organized for service, all service, any service, high or humble, big or little—just service.

Scouting inculcates a patriotism which holds itself ready to serve country in whatever form the need and the call may come. Preparedness is the scout platform.

Scouting is democratic. It aims not to run every boy into one groove, but to help each to develop into the fullest manhood of which he is capable.

Scouting also knows no bounds of class, or creed or race. It speaks the universal language of world boyhood.

The end and aim of scouting is good citizenship, to make men "physically strong, mentally awake, morally straight."

SCOUTS LARGEST WORLD BODY.

Do people generally know that the Boy Scouts of America is the greatest single volunteer organization in the world? It was the largest organization taking part in the two campaigns for the Liberty loan. There are millions of scouts all over the world, in every country.

Since America went to war the things that have happened to the Boy Scouts of America and the part that boy scouts all over the globe have been called upon to play in pressing forward the activities that will win this war have made an epoch in the boy life of this land and of the world.

War conditions demand an increase in numbers and efficiency. There should be 2,000,000 Boy Scouts of America in the country. There would be that number if men who may not go to the front would undertake at home this work of practical patriotism. The boys who are not yet scouts are just as anxious to serve the nation as the boy scouts who are.

The president of the United States has given scouting a definite place in the national affairs.

MAKING FIELD MAPS.

All First-Class Scouts Must Be Able to Make and Read a Chart.

SERBIA REGENT FORMS SCOUTS.

What to do with the orphans of the slain soldiers was one of the biggest problems Serbia faced after being practically vanquished. After the bombardment of Monastir there were thousands of the lads practically waifs.

Prince Alexander, regent of Serbia, took the little fellows in charge and formed them into companies of boy scouts.

He won the love of the little fellows, and nothing pleases them more than to form for review before the prince. And he is as keenly interested as they, always commending the youngsters on their progress, and at each review giving them some new pointer to advance them in scout lore.

BOY SCOUT GOOD TURNS.

The Richmond commission on training camp activities has made public the result of the count taken to ascertain how many soldiers from Camp Lee come to Richmond to spend Saturday night and Sunday. Through an arrangement with the boy scouts all entrances to the city were posted and a close check was kept on all visitors. It showed that 2,225 soldiers came in, and there will be an increase in the town's transportation facilities.
