Small railroads are denied 24 hours' free time on interchange of cars with larger lines in a letter received by Public Service Commissioner Corey from Regional Director Aishton. Mr. Aishton states that he thinks the small roads are given very favorable concessions now, considering the fact that they own no cars and what cars they use are turned over to them by the larger roads.

Marion county boasts of about 1200 acres planted in English walnuts, according to a census made by County Fruit Inspector Van Trump, and 10 per cent of these are either yielding or paying big returns to their owners. Many trees this year yielded 150 pounds, the product selling on the market at as high as 30 cents. The walnut industry in this section is steadily forging ahead as a money-maker.

Totals compiled by Henry E. Reed, associate director of the state war savings stamp campaign, indicate that Oregon counties for the most part are well up in their war stamp purchases. In line with the general letting up of restrictions following cessation of hostilities, the capital issues committee has given its sanction to the sale of \$500,000 worth of state highway bonds. Already \$2,190,000 worth of bonds out of the \$6,000,000 issue has been sold. The state highway commission will take under consideration the question of whether or not the bonds will be sold at a meeting to be held in Portland Friday, November 22.

The work which the state highway commission plans to complete with the proceeds of the issue of bonds, the sale of which has now been approved by the capital issues committee, is chiefly the Pacific highway in the counties of Douglas, Josephine and Jackson, and the Columbia River highway in Hood River and Wasco counties. A mixture of barley and cottonseed meal is an excellent substitute for bran and shorts—mill run—so extensively used as stock feed and now difficult to obtain, points out E. B. Pitts, extension specialist in dairying at the Oregon Agricultural college. "This mixture costs more than the wheat feeds but its feeding value, pound for pound, is 1 1/2 per cent greater," says Professor Pitts. "It also provides greater certainty of securing uniform value than the mixtures of bran and shorts sold by the flouring mills as mill run."

Flies was written to the part that spruce and fir forests of the Pacific northwest have played in the war, when orders were issued by the spruce production division to cease at once practically all activities in aircraft work among the camps and mills. Similar orders stopped nearly all logging operations, and instructed that falling of airplane timber was to cease at once.

Housewives and all consumers of flour and sugar are elated at the issuance of orders from the food administration, which lift the edicts against these commodities and restore them practically to a pre-war basis. The flour order becomes effective immediately, while the new sugar regulations will be in force December 1. The sugar order provides for an additional pound in the per capita allotment, or four pounds per person each month.

LONGEST NAME IN DRAFT

Atlanta Likely to Lose Nikitag Papanikopolous, Who is No. 4.

Atlanta, Ga.—Nikitag Papanikopolous, Atlanta, is right up in the forefront of the list of men in the new draft. In fact, he is No. 4 in division No. 2, and it appears that Atlanta is about to lose Mr. Papaniko—etc. Unless he has some brothers, Mr. Papaniko—etc. undoubtedly has the longest name in the Atlanta directory, and just what the officers out at Camp Gordon will do with it in case Mr. Papaniko—etc. is taken there remains to be seen. However, they've had considerable experience with names and Mr. Papaniko—etc. needn't be a bit surprised if they make his moniker something short and snappy, like "Nick Papp."

TATTOOED HEAD OF KAISER BETRAYS HUN

Altoona, Pa.—When Paul Kraull appeared before the examiners of the Blair Four draft board he exhibited a breast on which was tattooed a life-size head of the kaiser adorned with helmet, plumes and black eagles. An investigation revealed that Kraull had escaped from a German ship interned in an American port. He had waived deferred classification and wanted to join the American army. He was held for further investigation.
