Motor Parts Mfg Co., 325 Burnside St. Parts for all cars at half price.

Unkindness Often Bad Habit.
Unkindness is more a loose, indifferent habit than intentional neglect, disrespect, or downright meanness. Words and deeds are patented by thoughts; and it is so easy to fall into slothful, indifferent thinking that, oftentimes unthinkingly, we neglect, speak carelessly to, or treat unkindly those toward whom we ought to act with most consideration and deference.—G. E. W., in Great Thoughts.

Do it.
Aristotle said that the way to learn to do a thing is by doing it. If the saying be applied to the things of the mind as well as to the things done by the hand, great good will come of it.

Mexican Sacrificial Stone.
The sacrificial stone was the stone on which human victims were sacrificed before the war god Huitzilopochtli, in the principal Aztec temple in Mexico. It was dug up near the site of the temple in 1791, and is now in the Mexican national museum. The stone is disk shaped, 8 3/5 feet in diameter and 2 1/2 feet thick. The sides are covered with elaborate sculptures.

Health of American Army.
The health of the American army, both at home and overseas, has been excellent and the mortality rate from disease probably lower than in any similar body of troops in the history of warfare, Surgeon General William C. Gorgas declared in his annual report.

Play Fair.
Remember this: You cannot pull yourself up by pulling someone else down. You will be tempted occasionally to speak disparagingly of some fellow employee with the idea of promoting your own interests. Resist the temptation.—Forbes Magazine.

Bumblebee's Soliloquy.
Frank, seeing a bumblebee for the first time, said to his brother: "Hear that bug whispering to itself."

Life's Quiet Places.
Without the silence of life there can be no true greatness, and no man can be great in the hours of expression and daily activity unless he has first been in the silent places of his individual life.—Theodore Lyman Frost.

A Coincidence in a Red Cross Hospital

By GERTRUDE ORR

"Jack" and "Jerry" were their names, and the other men of the company had the habit of speaking of them simultaneously because they were such inseparable "buddies."

They sailed for France last spring with several other divisions. They smiled together at a pretty nurse who crossed with them and trained together "somewhere" until orders came that sent them toward the front. Their company went into action with the vigor and determination that made the name of the marines famous at Lucy-le-Bocage and Belleau woods.

Jerry was back at an American Red Cross hospital not long afterward suffering from a bad case of "gas." He mourned for the "buddie" whom he had lost, believing that Jack had been killed during the attack that had laid him out. The other men in the ward of hospital No. 5 knew all about Jack.

The Two Convolescents in Rolling Chairs Are Marines Just Arriving at Hospital No. 5. They Were Put into a Ward With a Marine Nurse Who Came Over on the Boat With Them. Now They Exchange Experiences.

and one day when the Red Cross searcher was going through the ward they suggested that it would be a great service if she would get definite information as to what had become of him.

"Why, Jack is in the ward I just came from," said the searcher. "He has been begging me to find out what became of Jerry. He thought he had been killed."

The news of the happy reunion of the two boys traveled about the hospital until it came to the ears of a nurse in a distant ward.

"They must be the pair who were such pals that they were the talk of the ship I crossed on," she declared, and hurried to see them.

"By Jove! It's the pretty nurse who was on the boat," shouted Jerry. And the Red Cross searcher at hospital No. 5 who had brought about the reunion found herself famous overnight.

HINTS FOR POULTRY GROWERS

The first step to eradicate the pests which live in cracks and crevices in poultry houses is to thoroughly clean the house, writes P. F. Schowengerdt of the Colorado Agricultural college.

All litter, nest material and droppings should be removed. The spray or paint thoroughly the entire surface of the house and literally flood all cracks and inside of nests with a 5 per cent solution of cresol. Use plenty of spray and do the work thoroughly.

Finally it should be remembered that one application of either of these treatments is not sufficient. Where there are lice and mites there are also eggs or "nits" of these same pests. A second treatment should be given about one week after the first. By this time the "nits" will be hatched and the treatment will affect them while it did not kill the "nits" at the first application.

These suggestions followed out will relieve the hen of the greater number of parasites and will enable her to make the best possible use of her feed and time. It is not profitable to feed a hen when lice or mites are sapping all the nourishment and vitality from her body.

Damascus, Oldest City, Known as "The Pearl of the East"

Called by orientals "the Pearl of the East," Damascus is the oldest city in the world which is inhabited. It is mentioned repeatedly in the Old Testament, and documentary evidence shows that the ancient city dates back to 1400 B. C. Travelers refer to it as "dear, dirty Damascus," for its odors are many and strong, and its street cleaners have long ceased to work. One of the city's main features is "the street which is called Straight," which runs from east to west. Damascus has been the scene of many conflicts since David sent an expedition against it and took it with a slaughter of 22,000 men. Egyptians, Crusaders and Turks fought so repeatedly for it that it has become the most captured as well as the oldest city in the world.

Why France Needs Beef.

Since the outbreak of the war France suffered a loss of 2,000,000 head of cattle. Moreover, the cattle greatly lost in weight. Before the war the average weight in meat of slaughtered cattle was from 770 to 880 pounds, whereas today it hardly exceeds 550 or 570 pounds. That is why France needs the American beef so much today.

BRIEF AND BREEZY

The whir-r-r of the alarm clock is an eye opener. The secret of true wisdom is to know your ignorance. All is fair in love except the actions of the other fellow. Two heads may be better than one—but not in the same family. Said a man with the "gout," "This pain is something awful, but I can't kick."

N. U. No. 4, 1919

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat which clogs Kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

His Summer Name.
One day William, while visiting his grandmother, met the woman across the hall with her little dog. William inquired what she called the dog and she replied: "We call him Zero because we got him in the winter." William then asked: "Well, if you call him Zero in the winter what do you call him in the summer?"

Cuticura Comforts Baby's Skin
When red, rough and itching with hot baths of Cuticura Soap and touches of Cuticura Ointment. Also make use now and then of that exquisitely scented dusting powder, Cuticura Talcum, one of the indispensable Cuticura Toilet Trio.—Adv.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness.

This drug is called freezezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small bottle of freezezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous.

Put a few drops directly upon any tender, aching corn or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers.

This drug freezezone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezezone have him order it for you.—Adv.

Bronze Casting an Ancient Art.

The art of bronze casting was introduced into Siam by the Chinese about the eleventh century and many statues of the Indian divinities were cast from it for religious purposes.

Musical Criticism.

Patience—"Do you know the name of that piece?" Patrice—"Do you mean the one the woman was singing or the one her accompanist was playing?"—Yonkers Statesman.

Yes, Why is It?

Said the facetious feller, "Why is it when a man goes to a butcher shop and learns that the price of chuck roast is 55 cents a pound he involuntarily allows his mind to revert to thoughts of the flesh and the devil?"—Indianapolis Star.

Itching Rashes Soothed With Cuticura
