Begin Fussing In the Garden

The most beautiful as well as most important season of the year is at hand. This is the time when all living things begin to live or take on a new period of life. NOW IS THE TIME TO BEGIN GARDENING and preparing the lot, however small, for the summer supply of vegetables for the family table. Many people make gardening a hard task because they have not the equipment to properly do the work. Begin right and continue right. Get all the tools needed, take good care of them, keep them in good working condition, and USE THEM. This will insure an abundant yield and a big dent in the High Cost of Living next summer. COME TO OUR STORE FOR THE BEST HOES, RAKES, SHOVELS, FORKS, ETC. THEY COST NO MORE THAN OTHER KINDS.
