"Corn on the Hoof"

IT is being demonstrated every year in increasing degree that Corn and Hogs make both a practical and profitable addition to the products of Polk County farms. Have YOU looked into the matter from the standpoint of YOUR farm? Consider your available fields and the proximity of the markets.

Also remember the encouragement the Farmers State Bank is always willing to lend.

C. W. Irvine President

Four lads larcenyed Joe Oberson's Ford in Salem one night last week and joy rode to Independence where the car was recognized. This led to the arrest of the four who it appears have become accustomed to appropriating other peoples' cars whenever the spirit moved them.

Polk County Observer: Dr. Chas. H. Dunsmore of Independence is in the language of the street arab, in a devil of a boat. Recently he tendered his resignation as pastor of the Presbyterian church there, having other fish to fry, but instead of the church accepting it, it has commandeered him for life. It's tough, at times, to be so extremely popular.

Mr. and Mrs. O. Floyd and son, Alta, departed today for Vancouver, Wash., near where they will make their future home. Their many friends in Independence wish them success and prosperity. Alta has been the town's errand boy for years and did every task faithfully and honestly. He could always be depended upon and certainly will be greatly missed.
