

Marjorie has been looking among the old clothes in the garret for grandma's old shawl. As soon as she finds it she will appear among her associates and beaux in the heyday of fashion.

75,000 Chicago housemaids have struck because they insist on being called "Miss." The matrons of the Windy City will have to grant the demand. They'll prefer to Miss the girls rather than miss the girls.

It appears on the surface that the peace conference at Paris has reached an agreement concerning a league of nations that is acceptable to all concerned—perhaps not entirely satisfactory to every nation but "good" enough to be approved. Many individuals are disappointed that more drastic regulations concerning disarmament were not incorporated, but when the world once more gets its head and resumes its normal condition, it is safe to assume that the peace loving people of the earth will refuse to further carry the load of militarism and will cast it off.

Morris Brothers, Inc., the premier municipal bond house, of Portland, is paying for a 95-inch advertisement in 176 newspapers of Oregon this week in behalf of the Victory Liberty Loan at a cost of approximately three thousand dollars for as John L. Etheridge, vice president of the company, declares, "we believe in the cause and are willing to contribute to the full extent of our power." Morris Brothers will lose nothing in the long run for expending this amount of money in behalf of a patriotic cause. All things being somewhere near equal, patriotic Oregonians will favor this liberal company for many years to come. The bread now cast upon the waters will eventually float back.

EVERYONE A GAME WARDEN

(Humboldt Times.)

Are you doing your bit to protect the game this year? Nesting and breeding time should find every lover of sport a self-constituted game warden.

SIR TOMMY AND TEA

(Cleveland, Ohio, Plain Dealer.)

But isn't it rather significant that Sir Thomas Lipton is coming over to renew his popularity in this country just on the eve of the day when we shall all become teatotalers?

MAY "BUST UP" THE MEETING

(Portland Journal.)

When the news reaches Paris that Congressman Hawley, having turned the searching beacon of his statesmanship upon it, has decided that the League of Nations covenant is too loosely drawn to receive his approval, the peace conference will probably throw up its hands and quit in despair.

MRS. WILSON'S HAT

(Tacoma, Wash., News-Tribune.)

What's the big item of gossip in the East now about the president and Mrs. Wilson? The League of Nations? Nonsense, it's Mrs. Wilson's hat.

On her trip from Paris it seems that Mrs. Wilson appeared in Boston with a fascinating turban on her head and now the milliners of Boston say they are having numerous calls for a hat like Mrs. Wilson's. It was bought in Paris and is of a peculiar henna shade somewhere between a maroon and a rose. Judging from reports from Boston, Mrs. Wilson started a fad and will have many imitators.

All of which causes the Philadelphia North American to remark: "Yet some of these miserably old reactionaries just won't believe that that trip abroad was worth all it cost this country."

In reply to Mutt's question as to what Lot did after his wife was turned into a pillar of salt, Bud Fisher has Jeff reply that "he probably commenced to look around for a fresh wife."

THEY GAVE
their all forever

YOU LEND
a little for a while

SIXTY THOUSAND OF OUR AMERICAN BOYS

lie among the poppies of Flanders' Fields in France. To them *only* is the war over. They have paid the price *in full*. To countless other thousands of these boys returning home maimed and broken the war will *still go on*; they will be *paying* the price every day, during the remainder of their lives. Can we who stayed at home carelessly and thoughtlessly assume the "*war is over*" attitude until our balance of account is paid—until we have redeemed our pledge—to bear the final cost no matter what its amount?

THE VICTORY LIBERTY LOAN

is in liquidation of the debt for men and munitions we amassed, and which brought about the end of the war—saving for every day it was shortened billions more in money and thousands more in lives.

MEN and WOMEN of OREGON!

The imprint of fame upon the name of our fair state will turn to a stain of shame if we do not meet the obligation this Victory Loan represents. You are face to face with the real test of citizenship—true Americanism. Let this test find you measuring up one hundred per cent loyal.

The Parent Bond of Them All

The government bond is the Parent bond of all bonds. Back of the government bond are all the assets and all the resources that supply the value of all other bonds, all other securities, all other investments.

The government bond is a prior lien on lands, homes, chattels and everything else, and the bonds to be issued under the name of the Victory Liberty Loan are the highest of the high in government bonds. They constitute a contract of the United States government, entered into by unanimous vote of congress, and therefore a contract and mortgage behind which stands the possessions of One Hundred and Ten Million American people with their entire resources developed and undeveloped; the intelligence, ambition and ability of these One Hundred and Ten Million people mortgaged to pay the bill.

The Victory Liberty Loan Bonds will bear an attractive rate of interest and, together with all other desirable elements, when compared with other investments as to strength, collateral and return, have no equal.

This is one of 176 advertisements inserted simultaneously in every newspaper in the State of Oregon on behalf of the success of the Victory Liberty Loan—for we believe in this cause and are willing to contribute to the full extent of our power.
