**Spectacles.**  
The word is derived from the Latin "spectaculum," which means show, exhibition, display for the gratification of the eye, etc. The word easily accommodated itself to describe the glasses invented in the thirteenth century, some say by a Florentine monk named Alessandro di Spina, and others by Roger Bacon. They surely created a spectacle for persons long afflicted with defective sight.

**These Days of Hysteria.**  
It is claimed that chess playing is dying out. In the old days, when hysteria did not have possession of the land and inhabitants thereof, chess playing was quite popular. Now we are a steam-heated civilization, with no time for study for the mere delight of learning. Remember when Paul Murphy of New Orleans was the chess wizard of the world?—Los Angeles Times.

**Inconstancy Ever Unpopular.**  
Nothing that is not a real crime makes a man appear so contemptible and little in the eyes of the world as inconstancy, especially when it regards religion or party. In either of these cases, though a man perhaps does but his duty in changing his side, he not only makes himself hated by those he left, but in seldom heartily esteemed by those he comes over to.—Addison.

**It Works! Try It**  
Tells how to loosen a sore, tender corn so it lifts out without pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out without a particle of pain or soreness. This drug is called freezeone and is a compound of ether discovered by a Cincinnati man. Ask at any drug store for a small bottle of freezeone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callous. Put a few drops directly upon any tender, aching, corn, or callous. Instantly the soreness disappears and shortly the corn or callous will loosen and can be lifted off with the fingers. This drug freezeone doesn't eat out the corns or callouses but shrivels them without even irritating the surrounding skin. Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezeone have him order it for you.—Adv.

"A good husband ought to tell his wife all his faults," explains the professional solver of domestic problems in a Milwaukee newspaper. A very original idea, but what is the prescribed method of conduct when she persists in telling about them first?

**AN OLD RECIPE TO DARKEN HAIR**  
Sage Tea and Sulphur Turns Gray, Faded-Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Every body uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

**Much Cut Up!**  
One day recently a dilapidated, apathetic man entered the office of the Syracuse Medical college and offered to sell his body cheap, adding that he was out of work and almost discouraged. "You're almost discouraged, are you?" rejoined the superintendent, who always tried to change the determination of these unfortunates. "Why, man, if you sold your body to us the first chance our students got they'd take the heart out of you entirely!"

"Albert, I want you to see the new dining room set Mr. Brown has bought for his wife. It would just match our wall paper."

## IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

**Arabian-Hides Grade Well.**  
Arabian skins coming into the world markets through Egypt and the Sudan originate exclusively in Jeddah and places in the vicinity of Mecca. They embrace cattle hides, sheep skins, goat skins and camel hides, and are generally dry salted. Arabian hides are limited in quantity; the quality, however, is excellent.

A low station with safety is better than a high one with danger.  
**Cuticura Soothes Baby Rashes.**  
That itch and burn with hot baths of Cuticura Soap followed by gentle anointments of Cuticura Ointment. Nothing better, purer, sweeter, especially if a little of the fragrant Cuticura Talcum is dusted on at the finish. 25c each everywhere.—Adv.

**Not a Summer Resort.**  
Very few Europeans are able to live in Hyderabad, India, during the summer, and the stalwarts who manage to endure the awful heat do not venture out of doors during the middle of the day at all. The white troops stationed there are not allowed out of barracks from nine o'clock in the morning till five o'clock, or later, in the evening, as the scorching sun and desert heat have claimed many victims from sunstroke and heat apoplexy.

**Interesting Text Books.**  
A school in Italy uses stamp albums to teach geography and history. Each student has his own collection, while the school owns a larger and more complete one. The boys and girls are a great deal more devoted to their studies with such novel text books to attract and interest them than they would be with just common pink and blue maps.

## THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard somewhere about Lydia E. Pinkham's Vegetable Compound and I bought a bottle. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, back-ache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.
