NEXT WEEK AT THE ISIS

Anna Case, grand opera prima donna and star of the concert stage, appears in "The Hidden Truth" on Monday and Tuesday nights. Miss Case's role is that of a girl, born and raised in the rough environment of the frontier, who finds herself in the East after a series of thrilling events which lead to her taking the place in the world for which she is fitted by blood and nature. The story shows the transformation of a dance hall singer into a social favorite and popular prima donna, whose steadfast heart never wavers under the most trying conditions. In addition to "The Hidden Truth", Charlie Chaplin appears in "The Cure" on both nights.

The show of Wednesday night is especially good. Enid Bennett in "Happy Though Married" tips off some good ones to married folks who are bumping into the sand bars on the matrimonial sea. Shakespeare says: "Men are April when they woo, December when they wed. Maids are May when they are maids, but the sky changes when they are wives." Enid Bennett makes Mr. Shakespeare out a liar and does it in a you-can-do-it-too-sister manner. No use of Reno being on the map if Miss Bennett is the wife. Then besides on Wednesday night, Fatty Arbuckle comes in his brand new one, "The Sheriff." It is a fun producer of the first magnitude. Doug Fairbanks has nothing on Fatty when it comes to pulling athletic stunts as the sheriff. The theater is dark on Thursday night, but Friday night brings Pauline Fredrick in "Out of the Shadow." This is a domestic tragedy-drama in the like of which Miss Fredrick excels. Fatty Arbuckle comes back in a gloom killer, "Oh, Doctor!" The long show of Saturday night includes Alma Rubens in "Dianne of the Green Van", a comedy, "Keep Smiling" and a scenic, "Out Wyoming Way." Sunday night it is Maurice Tourneur's picturization of the famous old English melodrama, "Sporting Life"—the life history of a fast young man which includes wine, women, song, horse racing, gambling, and prize fighting. An evening for the audience of punch, excitement and climaxes.
