

"For Summer Ills Take a Pill"

Is an old saying that our grandfathers got from their grandfathers. The modern science of medicine has to a great extent proved this to be erroneous. A pill is not good for all summer ills, but there is a remedy for all of them from top to bottom, from head to foot, from dandruff in the hair to corns upon the toes. So if you are bothered with any ills this summer and find it inconvenient to consult a physician, call on us, state the nature of your complaint and we will suggest a remedy that others have used with remarkable success.

NEXT WEEK AT THE ISIS

On Monday and Tuesday nights, Anita Stewart appears in the much-talked-about "Virtuous Wives", adapted from the widely read book of that title by Owen Johnson. Miss Stewart plays the part of Amy Forrester, whose domestic troubles as the wife of Andrew Forrester, a social Bolshevik, have provided thousands of women with word pictures of their own personal wifely problems. It is a story of New York society with no credit to the "society." One of the strong scenes in the production is the Cave Man's Ball, which shows the length to which the idle rich will go to give their jaded senses a new thrill. Several hundred take part in this big primeval revel. The theater will be crowded both nights.

Wednesday night arrives Vivian Martin. She can play the role of a boy, or a very young girl, or a quaint little waif with equal facility. She has done them all with a skill that leaves nothing to be desired. In her newest picture, "You Never Saw Such a Girl," she has one of the best opportunities ever afforded her of portraying a wholly delightful girlish character. The sort of resourceful little person who won't be discouraged by the buffets of fate. She goes forth with an old maid school teacher, a dog and a cat and a shotgun, in a decrepit automobile to seek for her family name. How she discovers who and what she really is, and also encounters romance, love, adventure and fortune—make up one of the most alluring stories that can be imagined. There is also a Mack Sennett comedy on the same evening.

The theater is dark on Thursday night but on Friday night Charles Ray appears on the screen and the

girls all adore him. He appears in a college play and college plays are always popular. The adventures of Cuthbert Trotman, a dreamy student who is compelled to take the place of a lively associate when a dinner in honor of a chorus lady and her friends planned by the other conflicts with a more serious affair, is the basis of a plot that involves the hero in some of the most amazing adventures. He finally extricates himself by his fistic prowess and despite his dreamy outlook and his studious tastes, wins the other fellow's girl. Needless, to say, Charles Ray is the dreamy student.

On Saturday night—Miss Billie Rhodes is Barbara Chicester in "In Search of Arcady." Barbara hated titled fortune-hunters, earls, dukes, counts n'everything, so she ran away and became a Gypsy. "In Search of Arcady" the madcap little heiress found romance, adventure and thrills a-plenty. When the Gypsy villain tried to slit her pretty throat, a handsome and manly peddler saved her life. The "peddler" rescued her from the Gypsy band and fought a fight to the death with the king of the Gypsies. When he turned out to be an English earl, Barbara discovered she had lost her heart.

The attraction for Sunday night is the Paramount-Artcraft special, starring William Faversham, the celebrated actor. It is a photoplay of unusual massiveness, and is a picturization of an English melodrama which has held the stage for more than thirty-five years. It deals with the adventures of Wilfred Denver, an English country squire, who is ruined by a supposed friend in revenge for cutting him out in the affection of a beautiful girl whom Denver marries. Years later, Ware induces Denver to bet all he owned upon a Derby race, the

result being that he is impoverished. When Denver hears Ware gloating over the success of his scheme, he goes to the latter's house at night with the intention to kill him, but Ware instead is slain by the leader of a band of robbers. Denver is suspected of the crime, but he evades arrest by fleeing to this country and he amasses a fortune in a Western mining camp. His wife and friends as well as the police believe him to have been killed in a railroad accident and when he reappears in England, under an assumed name, exciting events occur.
