## "Listen!" says the Good Judge—

"And remember it, too."

The better the quality of your chew, the more you'll enjoy it.

You'll get more out of your tobacco money, too—you'll save part of it for something else. A small chew of this quality tobacco tastes good—and it lasts and lasts.

## "WESTERN MAN FOR PRESIDENT" SAYS TOOZE

Captain Walter L. Tooze, Jr., was in Independence Wednesday having received his discharge from the army. Because of his ability as an organizer and drill master he was not sent to Europe but was kept in America for training recruits at various colleges.

As he traveled extensively over the East he felt the political pulse of the people and declares it looks good from a Republican standpoint, but the greatest surprise to him was the amount of sentiment he found in the East favorably to Senator Johnson of California and Senator Poin-dexter of Washington for the Republican nomination for president. "If the West will get behind either of these senators and go down the line for him," he declares, "there is a most excellent chance that the next president of the United States will be from the Pacific coast."

## SUNDAY SCHOOL CLASS HAS PICNIC

Last Friday the primary department of the M. E. Sunday School and a number of guests enjoyed an old fashioned picnic at the J. W. Kelly grove. The pleasure seekers were well equipped with picnic paraphernalia and at the noon hour everything good was spread and devoured. All kinds of games, including "drop the handkerchief" were led by J. W. Kelly, Daddy Hedges, Auntie Ingram and a few others. It is reported that their speed at the games surpassed that of the youngsters.

## WORK OF PAVING MAIN STREET FILL BEGUN

Work was begun Monday on preparing the road bed of the Main street fill for paving. As the present base is substantial it will not have to be torn up, but merely leveled. The paving is to be sixteen feet wide and extend from the bridge to the paving in North Independence.

It is expected that the new paved road will be ready for traffic by Sept. 15.

## NOW WHO DO YOU SUPPOSE THIS CAN BE?

Rumor has it that wedding bells are to ring soon for an Independence couple. The bells may not sound like June chimes and the roses may not look like June blossoms, but the preacher can tie the knot just as well as in June.

MONDAY AND TUESDAY, AUGUST 4 AND 5

## OH YOU WOMEN

It's a story of a soldier who, when he came home, found the men in the kitchen and the women in trousers. A film story that glows with humor and throbs with power and human sympathy. You will laugh—and think—when you see it

## ISIS THEATRE INDEPENDENCE

### FROM THE MONMOUTH HERALD

Clares Powell and Ernest Riddell tried out aviation by riding in an aeroplane in Salem Sunday.

The West Side highway from Independence to Monmouth may now be said to be at our doors.

According to a bulletin recently issued by the game and fish commission it is verboten to fish in the Luckiamute.

Born to Mr. and Mrs. Byron White, July 29, a six and a half pound baby girl. The young lady has been named Marjorie Eilienne.

Orville Butler has received a telegram from his son, Captain Frank E. Butler, announcing that the latter had landed at Norfolk, Virginia, July 27th.

Opportunity is at present knocking at the doors of Monmouth and Independence in the shape of a gravity water system, and here's hoping they may have the enterprise and the foresight to give an appropriate welcome.

### LOGANBERRIES BRING \$682 AN ACRE

M. W. Welch, who lives near Hayesville, has planted two and two thirds acres of loganberries. From this tract he sold 21,433 pounds and received in cash for his berries the sum of \$1821.80. This gives him an average of about \$682 an acre, and is but a fair sample of the receipts of a number of loganberry growers this season.—Salem Journal.

### CITY AND COUNTRY

Five years ago today the world war began.

The arrival of Edgar J. Seeley in New York City from France is reported.

Work has been commenced on the Salem-Dallas road preparatory to paving.

Mrs. M. J. Bulloch will move her tailoring shop four doors north into the building formerly used for a barber shop.

## CAPT. STIDD, LIEUT. McLAUGHLIN DISQUALIFIED

The daily newspapers, in announcing the federalation of the Third regiment, Oregon infantry national guard, report that among the officers disqualified "because of age and other reasons" are Captain Charles L. Stidd and First Lieutenant Charles G. McLaughlin of Co. K of Independence.

This would indicate that the two ranking officers of Co. K. will be relieved of service and two new officers elected or appointed to take their places. It is a question at this time how the vacancies would be filled—whether by appointment or by election by members of Co. K. Either way Second Lieutenant Ira D. Mix would be in line for promotion. Neither Captain Stidd nor Lieutenant McLaughlin have received word of their disqualification.

Under the new federal regulation, Co. I of Portland, K of Independence, L of McMinnville and M of Salem will comprise the third battalion of the regiment and be under command of Major Milton L. Meyers of Salem. Federalization means that captains and higher officers will receive \$500, first lieutenants \$240 and second lieutenants \$200 yearly and privates \$7.50 monthly.

Colonel John L. May will be in command of the regiment. His election is being strongly protested by a considerable number of world war veterans who served under him in France.

### HEAP BIG SMOKE BUT LITTLE FIRE

While "painting" the top of the Calbreath & Jones store yesterday afternoon, the tar pot sitting in the alley back of the store got too hot and boiled over, setting fire to the tar and a shed. It made lots of smoke and considerable excitement for a few minutes until the tar was smothered out and the burning shed was drenched with water.

### DAD'S FARM IS BURNING

J. C. Ecker received word Wednesday that his Montana farm was burning. This is rather odd but a fact. The soil in the Flathead section of Montana is of a substance that burns. The ground for several inches deep will actually burn to ashes.

### MISS MAUD PATTERSON MARRIES

Miss Maud Patterson, only daughter of Mr. and Mrs. F. A. Patterson of this city and sister of Senator I. L. Patterson, was quietly married to Mr. Boyd Arthur at Vancouver, Wash., Wednesday night. Miss Patterson is a most capable young lady and has held for several months a position as stenographer and book keeper for the Portland Boiler Works. Mr. Arthur is a very successful telegraph operator. The couple left immediately for Seaside where they will spend their honeymoon. They will make their home at Vancouver.

### PARKER QUILTS AS CHIEF OF POLICE

F. O. Parker filed his resignation as Chief of Police yesterday and today went to Salem where he will be employed at the state penitentiary. Al Bentley is temporarily filling the station.

### HOP PICKERS WILL GET 60c. A BOX

Hop pickers will receive 60c. a box this year. This will mean considerable extra "pin money" for the women as it seems to be pretty certain that they will do most of the picking. Plenty of work at good wages will keep the men busy in other places.
