Eyesight

Can be seen at his office 211-212 Oregon Building (formerly the Hubbard building). One third of a century practical experience—9 years practice in Salem. My years of experience and the satisfactory service I have rendered to thousands of Marion and Polk county people assures you competent and lasting relief in all your eyesight troubles.

In every trade, profession or branch of work there are found a few men who, from special fitness or education, or both, are better prepared to serve you in their line than the multitude of others in the same field.

Since optometry requires especial ability in both professional and mechanical work, men that are fitted to do both equally well are scarce.

Therefore, you cannot be too particular about the selection of the man to whom you entrust your eyes.

The professional work, the examining and measuring of your eye defects, must be skillfully done. The mechanical part, the making and adjusting of your glasses, is no less important.

I am making a specialty of correcting children's eyes. MY PRICES ARE VERY REASONABLE for the material and service you will receive and I guarantee satisfaction in every respect. Office hours from 9 to 12 a. m.—1 to 5 p. m. Sundays and evenings by special appointment.

PROTESTANT PASTORS IN NEED OF RELIEF

Survey By Interchurch World Movement Reveals Pul-pit's Poverty.

\$1242 IS HIGH AVERAGE SALARY

Local County Conference in April Will Show Necessity for Clinics and Homes for Aged and Infirm.

A large portion of the funds to be raised in the United Simultaneous Campaign of the Protestant denominations associated with the Interchurch World Movement will be used for American Ministerial support and relief. It is greatly needed, according to leaders of the Interchurch Movement, who early in April are to hold the conference in this county.

As a result of the campaign now being made by the Interchurch World Movement the combined Protestant churches of America will provide many more hospitals, clinics and homes for the aged and infirm. An interesting feature of these Protestant hospitals will be free treatment for ministers, as recent surveys made by the Interchurch organization have made the need for special dispensations very obvious.

The following startling facts were divulged as to the average salaries in the various denominations. Starting with the highest, the average for Episcopal ministers is \$1,242; the average for Presbyterian (North), \$1,177; for the United Presbyterians, \$1,096; for the Reformed Church (Dutch), \$1,170; for the Methodist Episcopal (North), \$1,176; Congregational, \$1,042, and for the Baptists (Northern), \$950.

A BUSINESS EDITORIAL

Not often is presented the opportunity to engage in an enterprise in which everybody wins and nobody loses.

However, such an opportunity is offered this week by The Polk County Post in the campaign to materially increase the family of its every-week readers.

Here is a brief and logical analysis of that campaign as it will effect the town, the home merchant, the subscriber, the participant in the campaign and The Post.

The Town—More people in the surrounding territory will become familiar with, and interested in Independence social and business life, and therefore more frequent visitors to the town and participants in its activities. That will have a tendency to make it a more active and interesting town—a better town. Everybody wins there!

The Merchant—The more people who habitually visit a town, the better become its possibilities as a business and trading center. The two results are natural companions. And every business interest in the town may profit thereby. Every merchant wins there!

The Subscriber will be given value received. In the year, or years to come (as the case may be) The Post will be a regular visitor at the subscriber's home to the full period for which payment shall have made. Nobody loses (and everybody wins) there!

The Participant—One participant will receive handsome compensation for his or her efforts during the campaign. Think of it! A brand new 1920 model Maxwell automobile, worth \$1230, for only seven weeks of conscientious effort. Many men labor and save for a lifetime to acquire much less. Next, look at the list of additional prizes—everyone attractive and of definite high value. Moreover, remember that every active non-prize winning candidate will receive 20 per cent on subscription money collected. Certainly, everybody wins (some in a mighty big way), and nobody loses there!

The Post—It will be enabled to make desired improvements in many directions—to extend its influence as a community builder—to be a better newspaper for Independence. EVERYBODY WINS THERE!

Now we are all agreed; lets go!

BEDBUGS NEED LITTLE FOOD.

That the bedbug has the peculiarity of being able to live a whole year without sustenance, is a statement made recently by H. B. Weston, an entomologist. Mr. Weston declared that investigators had kept bedbugs in tubes for 12 months, at the end of which time the bugs were " hale and hearty."

THE DESIRED CURE.

"The doctor has ordered him South."

"For his health?"

"No, for his disposition. He'll probably be better natured if he is where he can play golf."
