

HAT is the kind of increase in salary the minister has received. His living

expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers-and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week-about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us: bury us baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this-a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community and tor your children-that you can ever make.

SPINNER'S GOOD YEAR.

The year 1918 was an extremely profitable one for the spinning invorable business conditions, it became more firmly intrenched as the leading manufacturing industry of the country. At the end of 1918 there were 177 mills in this district operated by 43 companies, with a combined subscribed capital of \$96,-438,000, of which \$69,247,000 was paid up and reserve funds amounting to \$46,213,050. The 177 mills contained 3,175,768 ring spindles, 51,910 mule spindles and 40,391 looms. They consumed 853,288,000

The purpose of this plan (which is quite the reverse of the usual rule) is, of course, to encourage acpartial consideration.

The fine automobile at stake is. of course, an incentive to greater activity. Not often in a lifetime is presented opportunity to secure a fine automoblie in return for six weeks' work (five weeks, now). The secondary prizes offer good compensation for those who work hard and conscientiously, but not with the highest degree of success.

Incidental Information.

No; it is not too late to enter now. In fact, there is all kinds of territory, rich with opportunity, yet untouched.

Yes; you may nominate yourself, a member of your family or a friend, and receive the benefit of the coupon good for 5,000 free votes. No; votes cannot be transferred from one candidate to another. But any candidate may be assisted by any number of solicitors, providing reports he made in the name and in behalf of such candidate.

Yes; it's to the decided advantage of all to make reports frequentily. Thereby they are relieved of responsibility for collections, and they are sure to obtain the maximum voting power represented by pounds of raw cotton and turned out 740,883,000 pounds of yarn. 84,no later than Wednesday of each week Bless you, no; there is no danger of the campaign manager running away with the money. Ask the Positively, no! There is no danger of the campaign manager giving away or selling "tips." He is playing no favorites, and he is not for sale. Besides, during the last and most important week of the campaign, the affair will be entirely out of his hands, as definitely provided for by the rules of the campaign. As mentioned above, this campaign is to be a nice, neighborly, clean-cut, community affair. It must also be snappy, because it will come to a close just five weeks from Saturday night. With an honest ambition to make this paper a greater power for good in this community The Post has assumed great expense and labor to extend the sphere of its usefulness. The workers are doing their part most worthily. Fellow citizens, what are you doing? How much have you advanced the date of your subscription? And, how many copies of the paper have you taken for friends back east, who don't know, yet, about the wonderful opportunities of this section?

THE POLK COUNTY POST

Has More Readers in South Polk County Has More South Polk County News Has More Independence Advertising

Than Any Other Newspaper

Prophesying an early and material influx of new residents to southern Polk county, William Setak called at the office of The Polk County Post the other day to get acquainted.

Till recently Mr. Setak has been a guard in the state penitentiary at Salem. He resigned that post about the first of April to move to the C. T. Nelson farm of 102 acres four miles south of Independence, which he bought for \$12,000. He will engage in dairying and fruit culture.

Mr. Setak says that many of his acquaintances now residing elsewhere have their eyes on southern Polk county as the one best bet for agricultural development in this section of Oregon. He anticipates that many of them will be down here to buy land and locate during the year.

Baptist Church Announcements (Contributed,

You haven't forgotten the date and the big doings at the Baptist church Friday night, have you? Supper will be served at 6 p. m., after which will follow a program and a social hour. You had better come early if you want to get in on this.

Sunday, April the 18th, Rev. H. L. Proppe goes to Salem to occupy the pulpit of the First Baptist church both morning and evening. Evangelist Mrs. Thompson will preach both morning and evening at the Baptist church in place of Rev. H. L. Proppe.

Sunday morning, April 25, Rev. Proppe will preach on "The Most Loved Psalm in the Bible". This is a sermon everyone should hear. Put this where you can see it of these privileges. You are welcome

An Oregon family of four had \$100 a month to get along on in 1913, but had grown into a family of ten with only \$45 a month income in 1920, how in the world would it live?

That Is the Case With

The State University, the Agricultural College, and the Oregon Normal. In 1913 they had 2250 students; now they have 5400. And \$1 in 1913 is only as good as 45 cents today, in purchasing power.

If You Yourself Were Responsible

could you carry on the work of the College, University and Normal on the same state support as in 1913?

You Could Not.
