FAIR WARNING

Every Hour
Has
High Value

Saturday night, May 1, at 9 o'clock, is positively the last day and hour at which reports in the Polk County Post's subscription campaign will be received at their maximum voting power. After that a material decline in the voting schedule will become effective. This is fair warning to all contestants and to their friends who desire to help them when help counts the most. It may easily mean the difference between success and failure,—and demands real activity on the part of all concerned. **THIS WEEK'S RESULTS COUNT FAST!**

Long term subscriptions count the most. A few such subscriptions now from unexpected sources may be the deciding factors in the race. You—Contestant or Subscriber—will only lose by holding back. You have everything to gain by being active before Saturday night; everything to lose by being slow to act. It is a critical period of the race. This is fair warning.

The Only Basis on Which Votes Will Be Issued During This Campaign:

FIRST PERIOD		SECOND PERIOD		THIRD PERIOD	
Embracing the first four weeks (terminating May 1st), the following number of votes will be issued on subscriptions:		Embracing the fifth and sixth weeks (terminating May 15th), the following number of votes will be issued on subscriptions:		Embracing the seventh and last week (terminating May 22), the following number of votes will be issued on subscriptions:

This arrangement insures compensation to all candidates, and means that **THERE WILL BE NO LOSERS IN THIS RACE.** Could anything be fairer or more liberal than this?
