

# The Man Who Shaves Himself

Hundreds of men shave themselves for various reasons and many of them dread it because they are not properly equipped to do the work in a satisfactory and painless manner. Any man armed with a Gem safety razor can push it over his face and never feel it. Then finish up with good powder and cream and step forth not only looking fine but feeling the same.

Miss Strout, of O. A. C., was the guest of Miss Opal Hewett here the first of the week. The girls returned to their school duties Wednesday morning accompanied by Dr. Hewett.

Albert Sperling was in Independence this week. He reports that his brother, Gustav, who was seriously injured by falling from a train near St. Helens last week, is much better.

The Oak Point Ladies Club held a most interesting meeting last Thursday afternoon with Dean Todd of the Normal as principal speaker. Miss Todd has recently returned from a trip to the Orient and related many interesting experiences.

Mr. and Mrs. George Conkey were most delightful hosts to the members of the Crab Club last evening. An exquisite dinner of beautiful appointments was served and plenty of social repartee added enjoyment. The dinner hour was followed by cards.

Mr. and Mrs. Taylor Jones presided over a dinner party of beautiful appointments at their attractive home on Fourth street last Saturday evening. Covers were laid for Mr. and Mrs. Victor Morris of Eugene, Thos. W. Lewis of Salem, father of the hostess, Miss Bessie Harper Mr. and Mrs. R. E. McCormick of Portland, Mrs. Jones, Mr. Jones and Russell Jones. Sunday the party motored to Dallas where they were entertained by friends.

Mrs. C. O. Sloper very pleasantly entertained the Ladies of the Christian church at her home Thursday afternoon. Busy fingers plied the threads and much was accomplished toward completing unfinished garments. Mrs. Sloper served excellent refreshments and during the afternoon piano music also added to the pleasure. The Aid this week presented Mrs. Jack Fear, a member, with a parting gift as she was leaving for her home in Washington.

The High School student-body and faculty have been having a round of pleasure this week. Monday evening they gathered on the east side of the beautiful Willamette near the ferry and indulged in a wienie roast and a marshmallow toast. The roasts and toasts made a delightful combination and a merry time resulted. Rev. and Mrs. Proppe were present, the former acting in the capacity of master of ceremonies. A variety of games, too, added to the gaiety of the occasion. Tuesday evening the students presented Alaskan life in pictures at the M. E. church, which were very instructive. Tuesday afternoon Mr. Lewis, who had charge of the pictures, talked to the grade school and exhibited Alaskan curios. Later he entertained the Boy Scouts at the church. The receipts of the evening were about \$45. Today the "His" are having a jollification and playing Monmouth for a finale.

The two literary societies of Independence High rendered a joint program last Friday afternoon which was greatly enjoyed by the student-body, faculty and several guests. Those appearing on the program and the several numbers were: Music, Orchestra bells and piano, the Misses Winnafred Guynn and Irma Boughey; Reading, Russell Jones; Violin solo, Glenn Burright; School news, Myrtle Houx; Piano solo, Alma Kullander; Song, Glee Club; Report on Dickens, Cyril Reynolds; Song, Helen Jones with Marjorie Reynolds at the piano; Scene from Pickwick, Dean Craven, Ira Compton and Dale Scrafford; Piano duet, Thelma Williams and Kathleen Skinner. At the conclusion of the program the Independence High and Jefferson High crossed bats. The writer has always been an ardent disciple of George Washington and is compelled to report the score at the end of the seventh inning, 44 to 1, in favor of the visitors. The Independence team is composed of youngsters, while Jefferson boasts of some "near professionals." To look at the "merry go round" one wished that the plucky youths of Independence might have an athletic coach and prepare for the "fray" and then compare the scores. Independence nine served a luncheon to the Jefferson team and guests before their departure and received many compliments for the hospitality displayed.

companied by his bride-to-be, and asked for a marriage license, he found that it is not always smooth sailing for the little winged god. Previous to the arrival of the young couple, Sheriff Orr had informed the county clerk of their intentions and had given strict orders that the license be denied. They were met, therefore, by Deputy Sheriff Hooker and the mother of the would-be bride, who took the young lady into custody and returned her to her Independence home. It developed that she was but 17 years old and not 18 as Mr. Hilliard had declared.

Polk county highways which, in some places have been practically impassable for the past few months, are rapidly taking on the appearance of good roads again and the county court is employing every means to have them in good condition for summer travel. The bottom went out of the main roads just following the freezing weather of the early winter and the heavy traffic of lumber trucks on them afterwards cut them up in such a shape that several of them had to be closed to motor vehicles for a time.

## Dr. Mendelsohn

Specialist  
in  
Eyesight

Can be seen at his office 211-212 Oregon Building (formerly the Hubbard building). One third of a century practical experience—9 years practice in Salem. My years of experience and the satisfactory service I have rendered to thousands of Marion and Polk county people assures you competent and lasting relief in all your eyesight troubles.

In every trade, profession or branch of work there are found a few men who, from special fitness or education, or both, are better prepared to serve you in their line than the multitude of others in the same field.

Since optometry requires especial ability in both professional and mechanical work, men that are fitted to do both equally well are scarce.

Therefore, you cannot be too particular about the selection of the man to whom you entrust your eyes.

The professional work, the examining and measuring of your eye defects, must be skillfully done. The mechanical part, the making and adjusting of your glasses, is no less important.

I am making a specialty of correcting children's eyes. MY PRICES ARE VERY REASONABLE for the material and service you will receive and I guarantee satisfaction in every respect. Office hours from 9 to 12 a. m.—1 to 5 p. m. Sundays and evenings by special appointment.
