

Warning! — Again

AGAIN this year we are compelled to urge you to place your Fordson order early. Last year the Fall demand for Fordsons swept far past the supply.

This year, the demand is greatly increased and the plain fact is that we can promise fall Fordsons only to those ordering now. We urge you not to wait and take a chance. When last fall's rush came, we scoured three states by telegraph in a fruitless attempt to locate a few available Fordsons. Conditions are such this year that we see a greater shortage ahead.
