**Banish Unhappy Thoughts.**  
If you wish to attract friends and to do your best work, keep your mind filled with sunshine, with beauty and truth, with cheerful and uplifting thoughts; bury everything that makes you unhappy and discordant, everything that cramps your freedom and worries you. Bury it before it buries you. Adopt the sun-dial's motto: "I record none but hours of sunshine."—Orison Swett Marden in Chicago Daily News.

**Third Finger Dies Last.**  
The third finger of the left hand (the wedding ring finger) is said to be the first finger that a new-born babe is able to move and the last of which a dying person loses control.  
Jud Tunkins.  
Jud Tunkins says it might be better for the world if tombstones were more reliable. No matter what kind of a life a man leads, he's almost sure of a complimentary epitaph.

**Aristocratic Swallow.**  
The swallow comes from an old and aristocratic family and has the honor of being named several times in the Bible, which is not strange, as his tribe skimmed the soft air of Palestine. He appeared in literature way back in the time of Aristotle, who said, "One swallow maketh not a spring," a proverb translated into all languages. The swallow was honored by a special holiday given to the children of Attica to celebrate his arrival.

**USED CARS**  
The Covey Motor Car Company is in the used car business because it has to be. We do not like it particularly nor find it profitable. We must however take in many used cars if we are to sell new ones, and so large a percentage of our sales involve the trading in of some other car that we find we must turn over our used cars with the least possible effort. We have always believed that used cars could be rebuilt and refinished so as to be a keen competitor to the new car business and that a reputation could be built that would prompt every buyer to give first and most serious consideration to the cars we have to offer. In this manner we would increase our sales and decrease our sale effort. The original idea has proven true, it is not copied by others as it is rather expensive and leaves no margin of profit for the dealer. You however, undoubtedly get your money's worth.

The deaths are calculated at sixty-seven a minute, 97,970 a day and 35,639,885 a year. Births are calculated at about seventy a minute, 100,800 a day and 36,792,000 a year.
