To find how long the full rich taste of the Real Tobacco Chew lasts.

That's why it really saves you money to use this class of tobacco instead of the ordinary kinds.

Any man who uses the Real Tobacco Chew will tell you that.

we offer you for roasting. Note its beautiful color, its firm texture. And its real lamb, too. No yearling or young mutton about it. And good as it looks, it will taste better. Each morsel will taste like more and each will be a treat. Won't cost you any more than common meat either. Better try one

Who is the Phantom Rider who lurks in the back-ground and shields the beautiful heroine (RUTH ROLAND) from death and disaster?

THURSDAY, AUG. 19

BERT LYTELL

in ONE-THING-AT-A-TIME-O'DAY

A brilliant comedy drama which gives Bert Lytell a role of remarkable versatility. It is a romance of the saw-dust ring, an appealing play of circus-folk that deals with the intimate details of their lives which never penetrates into the big ring.

CONSTANCE TALMADGE

in "SAUCE FOR THE GOOSE."

It will make you laugh your head off—the best high comedy of the year. Remember, it's "the girl you love" in a picture that will delight you—the girl whose merry laugh can be heard even in the silent drama. When you say comedy-drama, you are only saying another "Constance!"

JACK PICKFORD

in "BURGLAR BY PROXY."

The story of a boy who was a Romeo by heart and a Jimmy Valentine by circumstance, a youth whose chief life problems were keeping his trousers creased and his motor car running, a kid who oftentimes was in as much trouble as the kaiser, as popular as a Salvation Army lass, and as lovesick as a small town girl.
