SECOND SHIRT TALE!

When it comes to shirts, Kreamer can tell a long tale, but did you ever stop to consider that men and boys buy more shirts than any other piece of wearing apparel. If you buy cheap shirts you do not save money for cheap shirts

were made to sell not wear. It is to the interest of the pocketbook to buy a good grade of shirts and Kreamer has them—sport shirts, silk shirts, dress shirts, wool shirts, work shirts. All colors, all sizes, with or without collars. Of course, he can sell you a cheap shirt if you want it, but get in the habit of buying good shirts of Kreamer and be satisfied. The prices are right and so are the shirts.
