## FORTUNES In the Air

There are fortunes in the air for the man who can operate an airplane. Several of our machines have cleared \$1500 recently on 3-day engagements.

Progressive ranchers and business men are finding this quickest mode of travel indispensable in their every-day affairs. Let us show you how inexpensive it is to own and operate a plane.

We are offering 30 airplanes, in first-class condition and ready for immediate use—each one a rebuilt Army machine, soundly constructed for hard usage as well as long-trip comfort—at prices no higher than men pay gladly for good autos.

## Good Advice.

It is not enough for a man to know a good thing when he sees it. He must also seize it.

When buying, if you are not able to judge the condition of a used car, there is just one solution to the predicament you are in. Buy from the most responsible dealer of which you know. If you are a stranger and don't know the best dealer in used cars, then buy from the largest one. The best and largest usually go hand in hand, you can hardly be one without the other.

## Accidental French.

An American lady in Paris wanted some water, but could not make the maid understand she wanted it hot. After several vain attempts, she exclaimed in disgust: "Sho!" The maid brightened up suddenly, went off and returned with a pitcher of hot water. It was not until some time afterward that the lady learned from a friend that the girl had evidently mistaken "Sho!" for "chaud," which is the French for "hot."—Boston Transcript.
