JAPAN IS READY TO TAKE STAND FOR NEW ORDER

Dr. J. H. Scott Predicts Great Future Under Leadership of Young Christians.

MILLIONS FOR NEW SCHOOLS.

Baptists to Spend Huge Sum to Give Christian Training to Young Men and Women of Japan.

Religious leaders in America are watching with interest the struggle going on in Japan between the military and the progressive parties, according to Dr. J. H. Scott, of the American Baptist Foreign Mission Society who is preparing to return to Japan after a year's furlough. For twenty-seven years Dr. Scott has been in the Flowery Kingdom and it is partly on his recommendation that the Baptists have decided to spend a million and a half dollars there between now and April 1924.

Over \$2,000,000 will be invested in the Mable Memorial School at Yokohama, while \$400,000 will go to the Christian college at the same place. Practically every dollar of the appropriation for Japan will be used for educational purposes except \$50,000 set apart for fifteen church buildings.

In the present cabinet, largely made up of progressives, Dr. Scott sees the final overthrow of autocracy and militarism. Old policies are giving way in the face of the modern ideas of the young men and women of Japan, many of whom are Christians, educated in the Christian colleges that have sprung up in Japan within the last fifty years, he says.

"We owe to this progressive anti-militaristic party our strongest moral support, and every assistance to the mission effort in Japan will be a direct contribution to the cause of peace and hasten the coming of the day when the military spirit and the autocratic policy will be no more," said Dr. Scott.

"Japan will lead the Far East in commerce, industry and invention as well as in education and art," he added, "but there is a still greater mission

THE UNIVERSITY OF OREGON

—is maintained by the state in order that the young people of Oregon may receive, without cost, the benefits of a liberal education.

The University includes the College of Literature, Science and the Arts, the Graduate School, the School of Physical Education, and the professional Schools of Law, Medicine (at Portland), Architecture, Commerce, Journalism, Education and Music.

High standards of scholarship are made possible by an able faculty, well equipped laboratories and a library of nearly 100,000 volumes.

Supervised athletics are encouraged and every attention given the health and welfare of the students.

With a heightened confidence gained by the recent expression of public support, the University is now entering upon an era of large development and extended usefulness.

The Parting Gift

Have you been looking for a parting gift for the boy or girl who is leaving for college this month?

We have just the thing for you—a lovely sapphire ring or pin. Could anything be nicer than favoring them with something really worth while, something to prize all through their college life?

We suggest a sapphire stone because it is the jewel of September, but any one of our big selection will be acceptable.
