Superstitions About Ears.
There are several superstitions about the tingling of one's ears. It was at once commonly believed that if it was the right ear it meant that a friend was speaking well of one. The tingling of the left implied the opposite. Sir Thomas Browne, the famous author of "Vulgar Errors," ascribes the idea to the belief in guardian angels, who touch the right ear or the left according as conversation is favorable or not to the person.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.
A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Having cleared your skin keep it clear by making Cuticura your every-day toilet preparations. The soap to cleanse and purify, the Ointment to soothe and heal, the Talcum to powder and perfume. No toilet table is complete without them. 25c everywhere.—Adv.

Spring's Promises.
It is not the variegated colors, the cheerful sounds and the warm breezes which enliven us so much in spring; it is the quiet, prophetic spirit of endless hope, a presentment of many happy days.—Margot Opitz.

Daily Thought.
Speech is but a broken light upon the depth of the unspoken.—George Elliot.

Change of Tone Tells Much.
Susceptible persons are more affected by a change of tone than by unexpected words.—George Elliot.

Islands Great Possibilities.
Smolen Island, near Kristiansund, Norway, is a flat spot of land possessed of immense areas of peat bog. It is doubtful whether there is anywhere a better location for the production of peat in large quantities.
