

MOTOR NASH TRUCKS

Nash Trucks are equipped with electric lights and starters. The electric lights enable them to perform satisfactorily at night as well as by day and the starter saves fuel because the driver can shut off his power when the truck is left standing and start again with no effort on his part.

Morris & Company, The Standard Oil Company, The Palmolive Company and The American Steel Foundries are among the nationally known firms using Nash Trucks

Auto Utilities Co.

of Punctuality*

Punctuality a Necessity

"You will want him to learn young the things you want him to practice as a man.

"A good watch given to the school boy soon teaches him one of life's greatest lessons—the necessity of punctuality.

"Our complete line of watches enables us to please the boy's idea, and at the same time gives an idea to the pleased parents.

The window of the soul—the eye,
Most precious gift to man,
As busy years of life go by,
Preserve it while you can.

Take care of your eyes. You don't need to go to some large city to be fitted with a good pair of glasses.

Herbert W. Copeland,

PRINCIPAL OF THE AIRLIE SCHOOL,

is also a graduate and licensed optometrist and has had many years' experience in the work of fitting glasses scientifically.

See him at any time that will not interfere with school duties.

"Butter wraps are required by law. Play safe and have The Post print you a hundred or so." So wrote a watchful mother to her married daughter a few days ago.

Baptist Church Announcements

School has begun and we are all settling down for the winter. Think over the last year and then make the resolve that you will attend church more this year than the last. The Baptist church has services every Sunday morning and evening. The Sunday school meets at 10 a. m. Class for all. At 11 a. m., Rev. Proppe preaches one of his helpful sermons. At 6:30 p. m. the Young Peoples' Society meets. This is a bunch of young people who are doing things. They are full of life and zeal and pep. These young people are planning for a good time next week. Come out and hear about it. At the hour of 7:30 p. m., Rev. Proppe preaches again. Come thou with us and we will do thee good.

Baptists Are Aggressive

"Surely it can be said with all reverence that no greater crisis has confronted evangelical Christians since those early days when, after the Ascension, a band of determined men set out on the initial effort to make faith in the Master worldwide."

The great momentum which the New World Movement of Northern Baptists has achieved is due to many men; but to those in touch with its progress two names stand out.

Dr. John Y. Altechison, director of the General Board of Promotion of the Northern Baptist Convention, a man of unusual personal magnetism and winning character, has set the important campaign conferences on fire in every section of the country. Standing shoulder to shoulder with him is Dr. Frank W. Padelford, head of the Baptist Board of Education. Charged with the administration of 68 schools and colleges, Dr. Padelford nevertheless found time to write the survey on which the approaching campaign is based and is aiding heavily in the actual drive.

"The task before us," Dr. Altechison said in a recent interview, "will stand or fall by one test. Are our people strong enough in their faith and vision to forget the old measurements of church giving? If they will realize the Christian crisis which exists, if they will hear the call of the whole world for help, and for the supreme soul-help of the Man of Galilee, there can be no possibility of holding back."

The proposed \$100,000,000 fund will be used for the expansion of forty Baptist schools and colleges in the United States; the enlargement of missionary activities in all foreign fields of the denomination; Christian Americanization work among "new citizens" in the United States; an adequate pensioning fund for missionaries and ministers and kindred purposes. Approximately three-fourths of the money will be spent in this country.

Don't be a slacker; eat Liberty bread.

STOVES

Time to put them up. Too chilly right now in the morning and at night. As in years past we are official headquarters for heating stoves. We have established a good stove business because we handled A No. 1 Stoves at very reasonable prices. Nobody ever makes a mistake by purchasing stoves at our store—in fact we sell so many we have difficulty in keeping them in stock. If you have never bought a stove of us it is to your interest to do so. If you have bought a stove of us, we know you'll buy the next one here, too.
