These chapel cars are just what the name implies, regular railroad cars with a chapel on each one and living quarters for the missionary and his wife. They are switched about by the railroads, stopping in various towns where there is no Baptist church and frequently in smaller towns that are entirely churchless. Services are held in them, both at the stops and en route, and persons are reached who might otherwise have had no opportunity of hearing the gospel.

By their ministry 218 churches and 358 Sunday schools have been established, 179 meeting houses built, 272 pastors settled, 24,919 conversions reported, with 8,539 additions to the churches brought about otherwise than by baptism and 18,727 Scriptures distributed.

The Evangel, as one of the cars is called, in the 60 months that it has been on the road, reports 2,188 sermons preached, 3,963 families visited, 2,975 copies of the Scriptures distributed, 892 conversions, 596 baptisms, 496 additions to churches, otherwise than by baptism, 5 church buildings erected and 19 pastors settled.

OCTOBER ONLY

Proppes Entertain

Last Thursday evening the executive committee of the B. Y. P. U. met at the home of Rev. and Mrs. Proppes. At six-thirty eight young people sat down to a fine supper. Place cards containing the B. Y. P. U. emblem marked the places. After partaking of all the good things plans for the new year were discussed and say there isn't going to be anything slow about these young folks this winter. Plans and ideas are buzzing in all their heads. Miss Ruth Dickinson, the chairman of the social committee, starts the ball rolling with a Hard Times social next Thursday evening. Any young person over fifteen is cordially invited to join us in his old clothes on next Thursday evening in the basement of the church.

Doings at the Baptist Church

Folks you can't afford to miss the special rally day service at the Baptist church next Sunday morning at 10 o'clock. Rev. Proppes will speak at eleven following this service. At six thirty the B. Y. P. U. meets for its regular meeting with Mrs. Moore as leader. We are a wide awake bunch of young folks. Come and see if you don't like us. Following this meeting Rev. Proppes speaks again.

Cut this part of this announcement out and pin it up where you can see it. On the evening of Oct. 27 we are to have another of our

KRYPTOK GLASSES

ARE THE ONLY INVISIBLE BIFOCALS

IN childhood, normal eyes see objects at a distance, and objects close at hand, with equal ease and clearness.

But when middle age approaches many eyes begin to need help for both near and far vision. Then Kryptoks can help you. Kryptoks give you all the help which any bifocal can give you and something more, for Kryptoks are the only invisible bifocals.

At the first mention of bifocals many people still think of those glasses that have a disfiguring line, seam or hump running across their lenses. Kryptoks have entirely eliminated this objection. They do not make you look older. They keep you looking young. Kryptok lenses are absolutely clear, smooth and even. You cannot tell them by their appearance from single vision glasses. But between their appearance and the appearance of all other bifocals there is a wide difference. Kryptoks never make you look old or odd. They give you all the convenience of near and far vision in one pair of glasses and the additional advantage of good looks, too.
