Mr. Hayes, candidate for U. S. Senator, would build more jails if there is not enough at the present time to hold all the profiteers. The idea is not a bad one if there are enough carpenters in the country.

Oregon will have a "hanging bee" this Fall at the penitentiary to revenge the murder of Sheriff Til Taylor at Pendleton. Three men will be shuffled off with grim satisfaction. It will be a terrible warning to others that the wages of murder is death. After this triple execution there will be no more murders in Oregon until the next one.

We know of no democrats who will vote for Stanfield. We know a few democrats who will vote for Hayes. We know of no republicans who will vote for Hayes. We know many republicans who will vote for Chamberlain. From this personal observation it is not very hard to determine who will be Mr. McNary's colleague in the U. S. Senate after March 4 next.

"Pat" McArthur is fighting with his back to the wall in the Portland district and unbiased observers say he may be pushed overboard. Mr. McArthur has one idea that is very commendable. He wants to prune down the House of Representatives to a size where individuality will function. Now it is like a herd of sheep—follow the leaders and don't blatt while doing it.

That you get more genuine satisfaction at less cost when you use this class of tobacco.

A small chew lasts so much longer than a big chew of the ordinary kind. And the full, rich real tobacco taste gives a long lasting chewing satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

## Oregon Must Have a Port Equal to Any Port on the Pacific Coast

Initiative measure No. 310 on the ballot gives to the Port of Portland means to create such a port.

The primary object of this bill is to furnish the means to secure the opening and maintaining of a 30 foot channel from Portland to the sea and of building and establishing port facilities at the City of Portland sufficient to handle the foreign and coastwise shipping of that port.

The cost of this improvement will be met by the people living within the boundaries of the Port of Portland.

When you go to the Polls November second vote 310 YES and give to the Port of Portland the power to maintain its 30 foot channel to the sea and to build adequate port facilities to handle all of the great products of the interior of the state.

The passage of this bill means means lower freight rates for the products of Oregon in reaching the markets of the world and a consequent greater profit to the producers.

This is the most important and the most valuable measure that has ever been put up to the voters of the interior portions of the state.
