There are so many deserving republicans that we fear there won't be enough jobs to go around.

President-elect Harding has a man's job ahead of him. For one thing, he will be handicapped by a large republican majority in congress. The landslide carried into office a considerable portion of nobodys who will imagine they are somebodys much to Mr. Harding's grief.

Mr. Benson cannot be blamed for resigning as a member of the state highway commission. Nearly every citizen wants a paved road around his property and many a cement walk to the front door. An angel from Heaven couldn't get by.

Barber Shows Change

Martin Peel, who has been working at the Windmill shop for several weeks, has purchased the E. L. Townsend shop. We are told that Mr. Townsend will become a resident of Portland.

W. R. Maillie, a first class barber who has not been working at the trade for the past year, has purchased a half interest in the Windmill shop and will become associated with A. G. Williams.

Live Stock Statistics

THE EYES

HAVE IT

Business men, professional men and teachers use every system and method that will bring about 100 per cent efficiency in their work.

Yet how often they forget the most essential machine of all, the one machine that makes efficiency possible in all of their work.

There is no office, nor shop, nor store, but has EYES—many of them—from boss to the boy who runs errands, below par, and efficiency naturally lowered thereby.

The eyes may be strengthened and brought to 100 per cent efficiency with the aid of well fitted glasses.

An examination will reveal the condition of your eyes. If they are weak we can raise them to efficient service.
