THE EYES HAVE IT

Business men, professional men and teachers use every system and method that will bring about 100 per cent efficiency in their work.

Yet, how often they forget the most essential machine of all, the one machine that makes efficiency possible in all of their work.

There is no office, nor shop, nor store, but has EYES—many of them—from boss to the boy who runs errands, below par, and efficiency naturally lowered thereby.

The eyes may be strengthened and brought to 100 per cent efficiency with the aid of well fitted glasses.

An examination will reveal the condition of your eyes. If they are weak we can raise them to efficient service.

"Just Between You and Me" says the Good Judge

Here's genuine chewing satisfaction for you, hooked up with real economy. A small chew of this class of tobacco lasts much longer than a big chew of the ordinary kind—that's because the full, rich, real tobacco taste lasts so long. Any man who uses the Real Tobacco Chew will tell you that.
