#### Eyesight

Controls Your Happiness

What a small thing, yet what a lot of worry and trouble work and defective eyes often cause!

So small a thing is it that often you lay the blame for your ill feeling to something else. And then you spend money uselessly trying to discover the cause of the trouble.

We would advise spending a few moments of your time in our office. It won't take us long to discover the trouble; and think of the relief of really KNOWING WHY!

Carl Henderson is back at work again after an absence of several days from the J. G. McIntosh grocery.

We are glad to report that Mrs. Nora Mattison who has been quite ill is in a satisfactory condition and it is hoped she will soon be entirely well again.

#### GROUND FLOUR FOR PIONEERS

Old Water Wheel With Interesting History Is Used in a Recent Film Production

A water wheel, undoubtedly the largest of its kind ever built, it is said, which provided corn flour for the hardy pioneers who went from Virginia into Kentucky with Daniel Boone, is seen in a new film production. The story calls for an old-time mill, and it was decided that only in the Virginia mountains could this relic of bygone days be found. This wheel is said to be 52 feet high.

Tradition has it that early in the Nineteenth century, in order to furnish food for the soldiers who were watching over the Indians, the state of Virginia caused the wheel to be erected. The state also adopted this means of getting the Indians to till the soil and thereby lay aside their warlike proclivities. The state ground the corn the Indians raised and also paid them a bounty on each bushel they brought to the mill to be ground into flour.

The mill was last used in furnishing flour for the Confederate army operating in western Virginia. While the mill itself is crumbling, the wheel is still in good condition.

#### LAUGHS AT LAUNDRY BILLS

Up-to-Date Brooklyn Business Man Has Attractive Curtains Painted on His Windows.

Science has been coming to the aid of the housekeeper during the last half a century. Inventors have been keeping awake nights figuring out how they could lessen work for the woman in the home. They have reached a stage where cooking, sweeping and scrubbing are largely a matter of turning on the electric switch.

But it is a mere man who has developed the latest wrinkle in household furnishings by providing artificial curtains. These new style window hangings are on a spick-and-span lunch wagon near the Long Island station in Brooklyn. The curtains are painted on the windows. The brush-wielder has produced all the effects of the

## GO IN COMFORT

Go at your pleasure-go where you choose and when you choose, with your family or your friends. Enjoy the boundless beauties of nature, the pure air, a lunch in a shady wood, a fishing excursion, a rest by a cool lake or stream.

You can in a Ford. Millions have learned by experience that to own and operate a Ford is not an extravagance; they have learned that the many pleasures derived from a Ford takes the place of other pleasures, and the saving thus made often pays for the car and its maintenance. Let's talk this matter over. Get the facts and figures.

# FARMING

## The Biggest Business in the United States

Every Farmer is entitled to three conditions in his business--

COST OF PRODUCTION, if he produces economically

STABILITY OF MARKETS over which he has no control

A REASONABLE MARGIN OF PROFIT which all other business expects and gets

These things cannot be secured by each farmer acting individually. They must be obtained through a well financed organization.

## THE FARM BUREAU

is a three-fold organization to bring these conditions about.

THE COUNTY FARM BUREAU helps to solve all local problems of production, home conditions and better farm life generally.

THE STATE FARM BUREAU is the state-wide voice of the farmer in legislation, economics, marketing, industrial and allied interests.

THE AMERICAN FARM BUREAU FEDERATION is the masterful organization which represents you, Mr. Farmer, at the seats of the mighty in Washington, in all state capitals and wherever regulatory and administrative bodies are sitting.

Membership in the Polk County Farm Bureau entitles you to all the benefits of the three links of the perfected chain.

PUBLIC MEETINGS NEXT WEEK IN EVERY COMMUNITY TO DISCUSS IN DETAIL THIS GREAT FARM ORGANIZATION --- LET'S GO!

Campaign under the direction of

The Polk County Farm Bureau and The Oregon Farm Bureau Federation
