E. E. PADDOCK FOR REPRESENTATIVE

The Republican party at the primary nomination placed Elmer E. Paddock before the people as the choice of the Republican party of this county.

Mr. Paddock signed statement number one and therefore is in favor of the Oregon system of electing the U. S. Senator.

As a successful business man he believes in exercising the same care safeguarding the people's interests as he would in the exercising of his own business affairs. He opposes unnecessary appropriations.

He is strongly in favor of a tax exemption on household goods and would give the people a business administration of the office in so far as he could do so.

No. 72 is the ballot number of Mr. Paddock at the election Nov. 5th, and as the Republican nominee, he promises the people his most efficient service.

There should not be a Republican voter opposing the candidate for U. S. Senator, Ben Selling. He is the regular nominee and represents the choice of the party at the direct primary.

The Majority Amendment is for the purpose of requiring a

majority of all parties voting to vote yes on a measure before it will pass. The measure is a good one and deserves a serious consideration. A bill that does not have enough merit to secure a majority vote should not be forced on the people.

EXPERIENCE COUNTS

In the office of assessor we need a man who has had experience, the Republican nominee, Arthur R. Allen is thoroughly competent and qualified because he has been connected with the office of assessor as a deputy for some time and thus understands the conditions in this country.

No new man can do the work in this office as well as an experienced hand for the reason that one must be acquainted with property values and to do this requires experience.

Mr. Allen has this experience. He is a young man and the Monitor believes would be a thor-
